EMPLOYMENT OPPORTUNITY!

Come join a dynamic team where you can make a difference!

We want motivated and energetic individuals for our Oil Spill Prevention Specialist positions! To qualify for an interview, you must take an exam to be on a list. The chance to get on that list is here!

OIL SPILL PREVENTION SPECIALIST

What would you be doing?

An Oil Spill Prevention Specialist (OSPS) responds to and investigates spills and provides technical expertise to an Incident Commander. OSPSs investigate tanker groundings, serve as expert witnesses and interpret guidelines and regulations and help design new ones.

Sound interesting yet? Try this!

OSPSs work with facility and vessel owners and operators on contingency plans, exemptions, plan effectiveness, in addition to working issues surrounding pilotage, tug escort, pipelines, marine fire fighting and salvage and more.

Not yet? What about this...

OSPSs have the opportunity to analyze and consider the feasibility of requiring new technologies to aid prevention, response, containment and cleanup, review the daily log of vessel traffic through the Marine Exchange and much much more!

OSPS Monthly Salary range is: $ 4737.00 - $ 5710.00

For full details on the position and how to apply for the exam, visit:
