

**California Fish and Game
Commission
Wildlife Resources Committee
Meeting Binder**

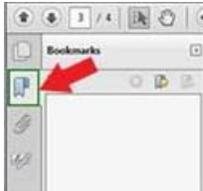

**March 5, 2020
Sacramento**

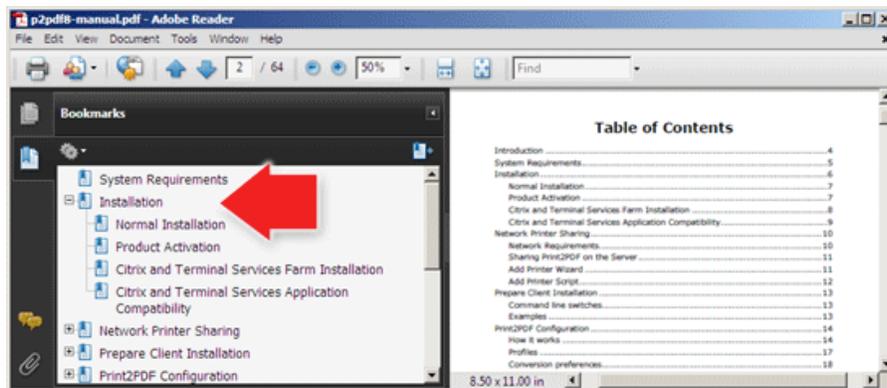

EASY GUIDE TO USING THE BINDER

Note: We make every effort to ensure that documents we produce are compliant with Americans with Disabilities Act standards, pursuant to state and federal law; however, some materials included in our meeting binders that are produced by other organizations and members of the public may not be compliant.

1. Download and open the binder document using your Adobe Acrobat program/app.
2. If a bookmark panel does not automatically appear on either the top or left side of the screen, click/tap on the “bookmark symbol” located near the top left-hand corner.

3. To make adjustments to the view, use the Page Display option in the View tab. You should see something like:

4. We suggest leaving open the bookmark panel to help you move efficiently among the staff summaries and numerous supporting documents in the binder. It's helpful to think of these bookmarks as a table of contents that allows you to go to specific points in the binder without having to scroll through hundreds of pages.
5. You can resize the two panels by placing your cursor in the dark, vertical line  located between the panels and using a long click /tap to move in either direction.
6. You may also adjust the sizing of the documents by adjusting the sizing preferences located on the Page Display icons found in the top toolbar or in the View tab.
7. Upon locating a staff summary for an agenda item, notice that you can obtain more information by clicking/tapping on any item underlined in blue.
8. Return to the staff summary by simply clicking/tapping on the item in the bookmark panel.
9. Do not hesitate to contact staff if you have any questions or would like assistance.

OVERVIEW OF CALIFORNIA FISH AND GAME COMMISSION COMMITTEE MEETING

- Welcome to this meeting of the Wildlife Resources Committee. The Committee is comprised of up to two Commissioners who co-chair each meeting; members are assigned by the Commission annually.
- Our goal today is informed discussion to guide future decision-making, and we need your cooperation to ensure a lively and comprehensive dialogue.
- We are operating under the Bagley-Keene Open Meeting Act. However, it is important to note that the Committee cannot take action independent of the full Commission; instead, the Committee makes recommendations to the full Commission at regularly scheduled meetings.
- These proceedings may be recorded and posted to our website for reference and archival purposes.
- Items may be heard in any order pursuant to the determination of the co-chairs.
- Please note the nearest emergency exit for use in the unlikely event of an emergency.
- Restrooms are located _____.
- As a general rule, requests for regulation changes need to be redirected to the full Commission and submitted on petition form, FGC 1, titled “Petition to the California Fish and Game Commission for Regulation Change” (Section 662, Title 14, CCR). However, at the Committee’s discretion, the Committee may request that staff follow up on items of potential interest to the Committee and possible recommendation to the Commission.
- Committee meetings operate informally and provide an opportunity for everyone to comment on agenda items. If you wish to speak on an agenda item, please follow these guidelines:
 1. Raise your hand and wait to be recognized by one of the co-chairs.
 2. Provide your name, affiliation (if any), and the number of people you represent.
 3. Time is limited; please keep your comments precise to give others time to speak.
 4. If several speakers have the same concerns or ideas to express, please appoint a group spokesperson.
 5. If you have handouts or written materials for the Committee, please provide five copies to the designated staff member just prior to speaking.
 6. If speaking during public comment, the subject matter you present should not be related to any item on the current agenda (public comment on agenda items will be taken at the time the Committee members discuss that item).
- **Warning!** Laser pointers may only be used by a speaker during a presentation.

INTRODUCTIONS FOR CALIFORNIA FISH AND GAME COMMISSION WILDLIFE RESOURCES COMMITTEE MEETING

Fish and Game Commissioners

Eric Sklar	Co-Chair (Saint Helena)
Russell Burns	Co-Chair (Napa)

Commission Staff

Melissa Miller-Henson	Executive Director
Ari Cornman	Wildlife Advisor
Craig Castleton	Analyst

California Department of Fish and Wildlife

Stafford Lehr	Deputy Director, Wildlife and Fisheries Division
Roger Bloom	Acting Branch Chief, Fisheries Branch
Karen Mitchell	Senior Environmental Scientist, Fisheries Branch
Chris Stoots	Captain, Law Enforcement Division

I would also like to acknowledge special guests who are present:
(i.e., elected officials, including tribal chairpersons, and other special guests)

WILDLIFE RESOURCES COMMITTEE

Committee Co-chairs: Commissioner Sklar and Commissioner Burns

Meeting Agenda

March 5, 2020, 1:30 PM

**Natural Resources Building – Redwood Room, 14th Floor
1416 Ninth Street, Sacramento, CA 95814**

This meeting will be audio-recorded and made available to the public upon request.

Note: Please see important meeting procedures and information at the end of the agenda. Unless otherwise indicated, the California Department of Fish and Wildlife is identified as Department. All agenda items are informational and/or discussion only. The Committee develops recommendations to the Commission but does not have authority to make policy or regulatory decisions on behalf of the Commission.

Call to order

1. Approve agenda and order of items

2. Public comment for items not on the agenda

The Committee may not discuss or take action on any matter raised during this item, except to consider whether to recommend that the matter be added to the agenda of a future meeting [Sections 11125, 11125.7(a), Government Code].

3. Simplification of statewide inland sport fishing regulations

Discuss and consider approving recommendations for the statewide inland sport fishing regulations revision and simplification project; and discuss the proposed changes as they apply to specific waterways.

Adjourn

**California Fish and Game Commission
2020 Meeting Schedule**

Note: As meeting dates and locations can change, please visit www.fgc.ca.gov for the most current list of meeting dates and locations.

IMPORTANT COMMITTEE MEETING PROCEDURES INFORMATION

Welcome to a meeting of the California Fish and Game Commission's Wildlife Resources Committee. The Committee is chaired by up to two Commissioners; these assignments are made by the Commission.

The goal of the Committee is to allow greater time to investigate issues before the Commission than would otherwise be possible. Committee meetings are less formal in nature and provide for additional access to the Commission. The Committee follows the noticing requirements of the Bagley-Keene Open Meeting Act. It is important to note that the Committee chairs cannot take action independent of the full Commission; instead, the chairs make recommendations to the full Commission at regularly scheduled meetings.

The Commission's goal is the preservation of our heritage and conservation of our natural resources through informed decision-making; Committee meetings are vital in developing recommendations to help the Commission achieve that goal. In that spirit, we provide the following information to be as effective and efficient toward that end. Welcome, and please let us know if you have any questions.

PERSONS WITH DISABILITIES

Persons with disabilities needing reasonable accommodation to participate in public meetings or other Commission activities are invited to contact the Reasonable Accommodation Coordinator at (916) 651-1214. Requests for facility and/or meeting accessibility should be received at least 10 working days prior to the meeting to ensure the request can be accommodated.

SUBMITTING WRITTEN MATERIALS

The public is encouraged to attend Committee meetings and engage in the discussion about items on the agenda; the public is also welcome to comment on agenda items in writing. You may submit your written comments by one of the following methods (only one is necessary): **Email** to fgc@fgc.ca.gov; **mail** to California Fish and Game Commission, P.O. Box 944209, Sacramento, CA 94244-2090; **deliver** to California Fish and Game Commission, 1416 Ninth Street, Room 1320, Sacramento, CA 95814; or **hand-deliver to a Committee meeting**.

COMMENT DEADLINES:

The **Written Comment Deadline** for this meeting is **noon on February 28, 2020**. Written comments received at the Commission office by this deadline will be made available to Commissioners prior to the meeting.

After this deadline, written comments may be delivered in person to the meeting – please bring five (5) copies of written comments to the meeting.

*The Committee **will not** consider comments regarding proposed changes to regulations that have been noticed by the Commission. If you wish to provide comment on a noticed item, please provide your comments during Commission business meetings, via email, or deliver to the Commission office.*

Note: Materials provided to the Committee may be made available to the general public.

REGULATION CHANGE PETITIONS

As a general rule, requests for regulatory change need to be redirected to the full Commission and submitted on the required petition form, FGC 1, *Petition to the California Fish and Game*

Commission for Regulation Change (Section 662, Title 14, California Code of Regulations). However, at the Committee's discretion, the Committee may request that staff follow up on items of potential interest to the Committee and possible recommendation to the Commission.

SPEAKING AT THE MEETING

Committee meetings operate informally and provide opportunity for everyone to comment on agenda items. If you wish to speak on an agenda item, please follow these guidelines:

1. Raise your hand and wait to be recognized by the Committee co-chair(s).
2. Once recognized, please begin by giving your name and affiliation (if any) and the number of people you represent.
3. Time is limited; please keep your comments concise so that everyone has an opportunity to speak.
4. If there are several speakers with the same concerns, please try to appoint a spokesperson and avoid repetitive comments.
5. If you would like to present handouts or written materials to the Committee, please provide five copies to the designated staff member just prior to speaking.
6. If speaking during public comment, the subject matter you present should not be related to any item on the current agenda (public comment on agenda items will be taken at the time the Committee members discuss that item). As a general rule, public comment is an opportunity to bring matters to the attention of the Committee, but you may also do so via email or standard mail. At the discretion of the Committee, staff may be requested to follow up on the subject you raise.

VISUAL PRESENTATIONS/MATERIALS

All electronic presentations must be submitted by the **Supplemental Comment Deadline** and approved by the Commission executive director before the meeting.

1. Electronic presentations must be provided by email or delivered to the Commission on a USB flash drive by the deadline.
2. All electronic formats must be Windows PC compatible.
3. It is recommended that a print copy of any electronic presentation be submitted in case of technical difficulties.
4. A data projector, laptop and presentation mouse will be available.

COMMITTEE STAFF SUMMARY FOR MARCH 5, 2020 WRC

2. GENERAL PUBLIC COMMENT**Today's Item****Information** **Action**

Receive public comments for items not on the agenda.

Summary of Previous/Future Action (N/A)**Background**

WRC receives two types of correspondence or comment under general public comment: requests for WRC to consider new topics and informational items. As a general rule, requests for regulation changes need to be directed to FGC and submitted on petition form FGC 1, titled "Petition to the California Fish and Game Commission for Regulation Change" (Section 662, Title 14, CCR). However, at the discretion of WRC, staff may be requested to follow up on items of interest to WRC and possible recommendation to FGC.

Significant Public Comments

1. A commenter asks for attention on urban coyotes in southern California (Exhibit 1).

Recommendation (N/A)**Exhibits**

Committee Direction/Recommendation (N/A)

COMMITTEE STAFF SUMMARY FOR MARCH 5, 2020 WRC

3. SIMPLIFICATION OF STATEWIDE INLAND FISHING REGULATIONS**Today's Item**Information Action

Discuss and consider approving recommendations for the statewide inland sport fishing regulations revision and simplification project, and discuss the proposed changes as they apply to specific waterways.

Summary of Previous/Future Actions

- | | |
|--|-------------------------------------|
| • Initial WRC introduction | Sep 20, 2018; WRC; Sacramento |
| • Discussion and “menu” recommendation | Jan 10, 2019; WRC; Ontario |
| • FGC support of “menu” concept” | Feb 6, 2019; Sacramento |
| • Update and discussion | May 16, 2019; WRC; Sacramento |
| • Update and discussion | Jan 16, 2020; WRC, Long Beach |
| • Today's discussion and potential recommendation | Mar 5, 2020; WRC; Sacramento |
| • Present recommendation to FGC | Apr 15-16, 2020; Sacramento |

Background

For years, FGC and DFW have received complaints from anglers about the complexity of freshwater sport fishing regulations. To help address angler concerns, a DFW effort has been underway since 2018 to comprehensively simplify inland sportfishing seasons and bag limits for trout waters (excluding anadromous waters). The goals for the revisions are:

- maintain or increase angling opportunity,
- improve regulatory consistency across waters,
- align sport fishing regulations with DFW's fisheries management goals and objectives,
- reduce complexity and confusion, and
- protect fishery resources.

DFW designed a framework for the simplification based on a “menu” concept, where one of several predefined season and bag limit combinations would be chosen for specific waterways. The menu framework on which the rulemaking is based was supported by FGC at its Feb 2019 meeting, following a WRC recommendation, with an expectation that DFW would return to WRC with a more detailed proposal after public outreach meetings. See Exhibit 1 for further background details.

DFW held six outreach meetings across the state to solicit input from the public, and received considerable feedback during and subsequent to the meetings. DFW presented a proposal to WRC for discussion in Jan 2020, updated and modified by the public input received. Since then, DFW has made further modifications to the menu based on additional feedback (Exhibit 2) and applied the menu to waters statewide to develop the most recent proposal for

COMMITTEE STAFF SUMMARY FOR MARCH 5, 2020 WRC

regulation changes; Exhibit 3 presents a table of all waters covered under the latest proposal. Note that in the table, the “2019 proposed” columns for open season, bag/possession limits and any gear restrictions are retained to compare what DFW presented in Jan 2020 to what is currently proposed (see “2020 proposed” columns as well as justification and additional information columns).

Exhibit 4 presents the proposed regulation text using ~~strikeout~~ to represent ~~text to be removed~~ from the current regulations and underline to represent text to be added.

Today DFW will present an overview of the proposal, and WRC will discuss and potentially make recommendations to FGC.

Significant Public Comments (N/A)

Recommendation

FGC staff: Prior to developing a recommendation, consider recommendations provided by DFW and public comments received during the meeting.

Exhibits

1. [Staff summary from May 16, 2019 WRC meeting](#) (for background purposes only)
2. [Trout regulations menu](#), dated “Updated for March 5, 2020 WRC meeting”
3. [Table of waters with current and proposed fishing regulations](#), dated “DRAFT for March 2020 Wildlife Resources Committee Meeting”
4. [Proposed regulatory text](#), dated “Updated for March 5, 2020 WRC Meeting”

Committee Direction/Recommendation

The Wildlife Resources Committee recommends that the Commission support the proposed regulation changes for the statewide inland sport fishing regulations revision and simplification project, as recommended by the Department.

OR

The Wildlife Resources Committee recommends that the Commission support the proposed regulation changes for the statewide inland sport fishing regulations revision and simplification project, as recommended by the Department, except _____.

January 16, 2020

Dear CA Wildlife Resources Committee,

The attached letter was sent to the CDFW in July 2019. It was received by the department on July 27th, 2019 as shown on the attached certified mail receipt. I have not received a response to my letter from the department and would like you to look into this. The Social urban coyote problem is growing and worsening and requires the department's immediate attention.

Thank You,

Theresa Hew

RECEIVED
CALIFORNIA
FISH AND GAME
COMMISSION
2020 JAN 21 PM 2:35

27 July 2019

Dear Director Bonham,

cc: Gavin Newsom, CA Governor
Wade Crowfoot, CA Secretary of Natural Resources Agency

For nearly 150 years, the California Department of Fish & Wildlife (CDFW) has been responsible for managing California's diverse fish, wildlife, and plant resources, and the habitats in which they depend. While we certainly appreciate the ongoing support and assistance on a variety of natural resource challenges, the department has failed to provide expertise and guidance on the management of urban coyotes.

Large predators such as mountain lions, bears and wolves are directly and actively managed by CDFW. However, when it comes to coyotes, the current policy of coexistence puts the burden of dealing with urban coyotes on cities and their constituents.

CDFW's Keep Me Wild program is inadequate. Similar to the mantra of coexistence this program has failed to address the two major problems regarding urban coyotes; the coyote's high reproductive rate and the attacks on pets and people.

Peer reviewed studies by canid biologists observed and documented a consistent pattern of coyote behavior starting with an increase in observing coyotes on streets and in yards at night, escalating to coyotes acting aggressively toward adults during mid-day. While the department claims public safety as a top priority, the Department choosing to manage a coyote only after it has attacked a person ignores their responsibility to public safety and ignores the "best available science" regarding coyote management.

The Mission of the Department of Fish and Wildlife is to manage California's diverse fish, wildlife, and plant resources, and the habitats upon which they depend, for their ecological values and for their use and enjoyment by the public. Department policy both within the Terrestrial Predator Policy and within Fish & Game Code Sections 1801 articulate both "public safety" and "public and private economic impacts" be considered. Coexistence does not make considerations for "public safety" or "public and private economic impacts."

Department policy and its mission statement do not stop outside city limits. The current policy of managing people rather than coyotes needs to change immediately.

The CDFW has the authority, knowledge, experience and expertise gained from over 150 years of being stewards to California's natural resources. We need the Department to demonstrate leadership and uphold their duty to the public and natural resources by developing a statewide plan to address the many problems associated with urban coyotes.

We the undersigned urge the department to abide by current policy and best available science to develop a statewide plan to manage urban coyotes.

- (f) To provide for economic contributions to the citizens of the state, through the recognition that wildlife is a renewable resource of the land by which economic return can accrue to the citizens of the state, individually and collectively, through regulated management. Such

management shall be consistent with the maintenance of healthy and thriving wildlife resources and the public ownership status of the wildlife resources.

(g) To alleviate economic losses or public health or safety problems caused by wildlife to the people of the state either individually or collectively. Such resolution shall be in a manner designed to bring the problem within tolerable limits consistent with economic and public health considerations and the objectives stated in subdivisions (a), (b) and (c).

Jurisdiction of Department

1802 The department has jurisdiction over the conservation, protection, and management of fish, wildlife, native plants, and habitat necessary for biologically sustainable populations of those species. The department, as trustee for fish and wildlife resources, shall consult with lead and responsible agencies and shall provide, as available, the requisite biological expertise to review and comment upon environmental documents and impacts arising from project activities, as those terms are used in the California Environmental Protection Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

Terrestrial Predator Policy

It is the policy of the Fish and Game Commission that:

- I. For the purposes of this policy, terrestrial predators are defined as all native wildlife species in the Order Carnivora, except those in the Family Otariidae (seals, sea lions), the Family Phocidae (true seals), and sea otters (*Enhydra lutris*).
- II. Pursuant to the objectives set forth in Section 1801 of Fish and Game Code, the Commission acknowledges that native terrestrial predators are an integral part of California's natural wildlife and possess intrinsic, biological, historical, and cultural value, which benefit society and ecosystems. The Commission shall promote the ecological, scientific, aesthetic, recreational, and educational value of native terrestrial predators in the context of ecosystem-based management, while minimizing adverse impacts on wildlife and reducing conflicts that result in adverse impacts to humans, including health and safety, private property, agriculture, and other public and private economic impacts.
- III. The Commission further recognizes that sustainable conservation and management strategies are necessary to encourage the coexistence of humans and wildlife. It is, therefore, the policy and practice of the Fish and Game Commission that:
 - A. Existing native terrestrial predator communities and their habitats are monitored, maintained, restored, and/or enhanced using the best available science. The department shall protect and conserve predator populations.
 - B. Native terrestrial predator management shall be consistent with the goals and objectives of existing management and conservation plans. Management strategies shall recognize the ecological interactions between predators and other wildlife species and consider all available management tools, best available science, affected habitat, species, and ecosystems and other factors. The department shall provide consumptive and non-consumptive recreational

opportunities. The recreational take of native terrestrial predator species shall be managed in a way that ensures sustainable populations of predator and prey are maintained.

C. Human-predator conflict resolution shall rely on management strategies that avoid and reduce conflict that results in adverse impacts to human health and safety, private property, agriculture, and public and private economic impacts. Efforts should be made to minimize habituation of predators especially where it is leading to conflict. Human safety shall be considered a priority. Management decisions regarding human-predator conflicts shall evaluate and consider various forms of lethal and nonlethal controls that are efficacious, humane, feasible and in compliance with all applicable state and federal laws and regulations. A diverse set of tools is necessary to avoid, reduce, and manage conflict. To ensure long-term conservation of predators and co-existence with humans and wildlife, all legal tools shall be considered when managing to address conflicts.

(Adopted April 19, 2018)

AB 2402, Huffman. Department of Fish and Game: Fish and Game Commission.

(1) Existing law establishes the Department of Fish and Game and the Fish and Game Commission and sets forth the powers and duties of that department and commission.

This bill would make legislative findings and declarations regarding the development of a strategic vision for the department and the commission pursuant to Chapter 424 of the Statutes of 2010. The bill would require the department and the commission to develop a strategic plan to implement proposals arising from the strategic vision, any legislation enacted relating to the strategic vision process, and the department's own proposals for reform. The bill would authorize the department and the commission to contract for consultants to assist in the preparation of the strategic plan.

The bill would make specified statements of policy relating to the use of ecosystem-based management, adaptive management, and credible science, as defined, and to department and commission partnerships, collaborations, and coordination with other entities.

The bill would rename the department as the Department of Fish and Wildlife, and would make related changes, including changing the name of the director to the Director of Fish and Wildlife. The bill would prohibit existing supplies, forms, insignias, signs, logos, uniforms, or emblems from being destroyed or changed as a result of changing the name of the department, and would require their continued use until exhausted or unserviceable.

The bill would require the director, in consultation with the Natural Resources Agency, to establish a prescribed formal program, and would authorize it to be called the Science Institute, to assist the department and commission in obtaining independent scientific review, advice, and recommendations to help inform the scientific work of the department and commission.

The bill would authorize the department to enter into agreements to accept funds, services, or to assist the department in its efforts to secure long-term private funding sources for purposes relating to conservation programs, projects, and activities by the department, as specified.

(2) Under existing law, the changes in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services is used as the index to determine an annual rate of increase or decrease in the fees for licenses, stamps, permits, and tags. Under existing law, the department issues scientific collecting permits, lifetime hunting licenses, guide licenses, abalone report cards, kelp harvester licenses, and marine aquaria collector's permits, and existing law establishes base fees for those entitlements, adjusted annually pursuant to the index.

This bill would require the commission to adjust the amount of the fees for lifetime hunting licenses, guide licenses, abalone report cards, kelp harvester licenses, and marine aquaria collector's permits, as necessary, to fully recover, but not exceed, all reasonable administrative and implementation costs of the department and the commission relating to those licenses or permits. The bill would revise the scientific collecting permit provisions to extend the general permit period from 24 to 36 months, to add an application fee, and increase the permit fee from \$30 to \$300. The bill would also revise special student permit provisions for collegiate or commercial fishing class students to add an application fee of \$25 and increase the permit fee from \$10 to \$50. The bill would delete an existing nonresident permit. The bill would authorize the department to adjust the amount of the fees for scientific collecting permits and special student permits as necessary, to fully recover, but not exceed, all reasonable administrative and implementation costs of the department relating to those permits.

(3) Existing law, except as expressly provided otherwise, makes violations of the Fish and Game Code, or of any rule, regulation, or order made or adopted under that code, a misdemeanor. Existing law sets prescribed fines and penalties for specified violations.

The bill would require the department, on or before January 1, 2016, to prepare and submit to the relevant policy and fiscal committees of the Legislature a feasibility study report on an electronic system to manage citations issued by fish and game wardens, exchange information on citations with the courts, and transfer data on court dispositions to the Automated License Data System.

(4) Existing law requires, unless otherwise provided, that all money collected under the provisions of the Fish and Game Code and of any other law relating to the protection and preservation of birds, mammals, fish, reptiles, or amphibia be paid into the State Treasury to the credit of the Fish and Game Preservation Fund.

This bill would provide that moneys collected or received from gifts or bequests, or from municipal or county appropriations, or donations for purposes relating to conservation programs, projects, and activities by the department are to be deposited in the State Treasury to the credit of the fund and used for prescribed purposes.

(5) Existing law establishes specific accounts within the fund, including, but not limited to, the Big Game Management Account, and the department has established other accounts within the fund.

This bill would require the Augmented Deer Tags Account, Bighorn Sheep Permit Account, and Wild Pig Account within the fund to be consolidated and any remaining funds in these accounts transferred to the Big Game Management Account. The bill would require the department, after consultation with the Department of Finance and the Legislative Analyst's Office, to provide recommendations to the Legislature for consolidation of additional dedicated accounts within the fund if, in the determination of the department, consolidation would serve to reduce administrative costs to the department and enhance its ability to meet current needs, while still preserving the stated purposes of the dedicated accounts.

(6) Existing law establishes the Renewable Energy Resources Development Fee Trust Fund (the development fee trust fund) as a continuously appropriated fund in the State Treasury to serve, and be managed, as an optional, voluntary method for developers or owners of eligible projects, as defined, to deposit fees sufficient to complete mitigation actions established by the department and thereby meet their requirements pursuant to California Endangered Species Act (CESA) or the certification authority of the State Energy Resources Conservation and Development Commission. Existing law requires that a specified sum of money be transferred, as a loan, from the Renewable Resource Trust Fund to the development fee trust fund and be repaid from the development fee trust fund to the Renewable Resource Trust Fund no later than December 31, 2012.

This bill would make an appropriation by extending the date of repayment of this loan to December 31, 2013.

(7) Existing law governing workers' compensation provides that whenever any member of the Department of Justice falling within the "state peace officer/firefighter" class or when a harbor police officer employed by the San Francisco Port Commission, as described, is disabled by injury arising out of and in the course of his or her duties, he or she shall become entitled, regardless of his or her period of service to a leave of absence while so disabled without loss of salary, in lieu of disability payments, for a period not exceeding one year.

This bill would apply those provisions to a law enforcement officer employed by the department.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. The Legislature finds and declares the following:

(a) In 2010, the Legislature passed and the Governor signed Assembly Bill 2376 (Ch. 424, Stats. 2010), which established a process to develop a strategic vision for the Department of Fish and Game and the Fish and Game Commission.

(b) Pursuant to Assembly Bill 2376, the Natural Resources Agency appointed an executive committee, a blue ribbon commission, and a broad-based stakeholder group, and established a public process that is focused on improving and enhancing the capacity of both the Department

of Fish and Game and the Fish and Game Commission to protect and manage California's fish and wildlife.

(c) All groups and individuals with an interest in improving the work of the department and the commission have been invited to participate in the stakeholder group process. Numerous public meetings have been held and extensive information on the process and the comments received to date are available on the Internet Web site of the Department of Fish and Game. The process is still underway and a final report is due to the Legislature by June 2012.

(d) The policy chairs of the committees of the Legislature with subject matter jurisdiction shall consider proposed legislation to address many of the draft recommendations of the California Fish and Wildlife Strategic Vision and other reforms necessary to satisfy the mandate of Assembly Bill 2376. Some of the content of the proposed legislation reflects suggestions contained in the draft interim strategic vision report released by the department and the commission on November 22, 2011. The proposed legislation may be amended from time to time to reflect additional recommendations as the stakeholder and blue ribbon commission process and final reports of the executive committee are completed.

SEC. 2. It is the intent of the Legislature that investments in habitat protection and restoration made as part of compensatory mitigation to retain and enhance biological values for listed species are perpetual and supported with long-term management. To extend the conservation benefits derived from these investments to public lands, it is the further intent of the Legislature that the department work with the federal Bureau of Land Management and interested stakeholders to develop a viable solution that will ensure durable mitigation and protection of mitigation lands on federal lands in perpetuity.

SEC. 3. Section 13.5 is added to the Fish and Game Code, to read:

13.5. "Adaptive management," unless otherwise specified in this code, means management that improves the management of biological resources over time by using new information gathered through monitoring, evaluation, and other credible sources as they become available, and adjusts management strategies and practices to assist in meeting conservation and management goals. Under adaptive management, program actions are viewed as tools for learning to inform future actions.

SEC. 4. Section 33 is added to the Fish and Game Code, to read:

33. "Credible science" means the best available scientific information that is not overly prescriptive due to the dynamic nature of science, and includes the evaluation principles of relevance, inclusiveness, objectivity, transparency, timeliness, verification, validation, and peer review of information as appropriate. Credible science also recognizes the need for adaptive management, as defined in Section 13.5, as scientific knowledge evolves.

SEC. 5. Section 37 of the Fish and Game Code is amended to read:

37. "Department" means the Department of Fish and Wildlife.

SEC. 6. Section 39 of the Fish and Game Code is amended to read:

39. "Director" means the Director of Fish and Wildlife.

SEC. 7. Section 43 is added to the Fish and Game Code, to read:

43. "Ecosystem-based management" means an environmental management approach relying on credible science, as defined in Section 33, that recognizes the full array of interactions within an ecosystem, including humans, rather than considering single issues, species, or ecosystem services in isolation.

SEC. 8. Section 700 of the Fish and Game Code is amended to read:

700. (a) There is in the Natural Resources Agency a Department of Fish and Wildlife administered through the director.

(b) The Department of Fish and Wildlife shall succeed to, and is vested with, all the duties, powers, purposes, responsibilities, property, and jurisdiction previously vested in the Department of Fish and Game.

(c) Whenever the term "Department of Fish and Game" appears in a law, the term means the "Department of Fish and Wildlife."

(d) No existing supplies, forms, insignias, signs, logos, uniforms, or emblems shall be destroyed or changed as a result of changing the name of the Department of Fish and Game to the Department of Fish and Wildlife, and those materials shall continue to be used until exhausted or unserviceable.

SEC. 9. Section 702.1 is added to the Fish and Game Code, to read:

702.1. (a) The department, on or before January 1, 2016, shall prepare and submit to the relevant policy and fiscal committees of the Legislature a feasibility study report on an electronic system to manage citations issued by fish and game wardens, exchange information on citations with the courts, and transfer data on court dispositions to the Automated License Data System.

(b) (1) Pursuant to Section 10231.5 of the Government Code, the requirement for submitting a report pursuant to subdivision (a) shall become inoperative on January 1, 2017.

(2) A report to be submitted pursuant to subdivision (a) shall be submitted in compliance with Section 9795 of the Government Code.

SEC. 10. Section 703.3 is added to the Fish and Game Code, to read:

703.3. It is the policy of the state that the department and commission use ecosystem-based management informed by credible science in all resource management decisions to the extent feasible. It is further the policy of the state that scientific professionals at the department and commission, and all resource management decisions of the department and commission, be governed by a scientific quality assurance and integrity policy, and follow well-established

standard protocols of the scientific profession, including, but not limited to, the use of peer review, publication, and science review panels where appropriate. Resource management decisions of the department and commission should also incorporate adaptive management to the extent possible.

SEC. 11. Section 703.5 is added to the Fish and Game Code, to read:

703.5. It is the policy of the state as follows:

(a) That the department and the commission seek to create, foster, and actively participate in effective partnerships and collaborations with other agencies and stakeholders to achieve shared goals and to better integrate fish and wildlife resource conservation and management with the natural resource management responsibilities of other agencies.

(b) That the department and commission participate in interagency coordination processes that facilitate consistency and efficiency in review of projects requiring multiple permits, including, but not necessarily limited to, joint state, federal, and local permit review teams that enable early consultation with project applicants, and provide improved sharing of data, information, tools, and science to achieve better alignment of planning, policies, and regulations across agencies.

SEC. 12. Section 715 is added to the Fish and Game Code, to read:

715. (a) The director, in consultation with the Natural Resources Agency, shall establish a formal program, which may be called the Science Institute, to assist the department and commission in obtaining independent scientific review, and recommendations to help inform the scientific work of the department and the commission. The program shall include one or more ad hoc independent scientific committees consisting of independent scientists who are scientific experts in their fields with expertise in biological sciences and with a range of multidisciplinary expertise pertinent to the work of the department and the commission, and which may be convened pursuant to this section. The purpose of the program shall be to assist the department and the commission in obtaining and establishing an independent and objective view of the scientific issues underlying important policy decisions.

(b) The objectives of the program shall include, but not necessarily be limited to, the following:

(1) Providing independent scientific guidance of the scientific research, monitoring, and assessment programs that support the department's and the commission's work with fish and wildlife species and their habitats.

(2) Providing the best available independent scientific information and advice to guide and inform department and commission decisions.

(3) Promoting and facilitating independent scientific peer review.

(4) Promoting science-based adaptive management.

(5) Ensuring scientific integrity and transparency in decisionmaking.

(c) The department may consult with members of the ad hoc scientific committees to assist the department in identifying other independent scientific experts with specialized expertise as needed for independent peer review of department reports, including, but not limited to, status review reports prepared for purposes of informing decisions on petitions for listing of

species under the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3).

(d) The department shall consult with independent scientific advisors to develop and revise as necessary a scientific integrity policy to guide the work of the department and the commission. The scientific integrity policy may include, but is not necessarily limited to, an ethical code of conduct for department scientists, standards for independent peer review, and other best practices for ensuring scientific integrity and public confidence in department and commission work products and decisions.

(e) For marine fisheries and other marine resources, the department may utilize the California Ocean Science Trust for the purposes of this section.

STAFF SUMMARY FOR MAY 16, 2019

6. SIMPLIFICATION OF STATEWIDE INLAND FISHING REGULATIONS

Today's Item

Information Action

Receive an update on the simplification of statewide inland fishing regulations rulemaking.

Summary of Previous/Future Actions

- | | |
|--|--------------------------------------|
| • Initial WRC introduction | Sep 20, 2018; WRC, Sacramento |
| • Discussion and “menu” recommendation | Jan 10, 2019; WRC; Ontario |
| • FGC support of “menu” concept | Feb 6, 2019; Sacramento |
| • Today's update and discussion | May 16, 2019; WRC, Sacramento |

Background

For years, FGC and DFW have received complaints from anglers about the complexity of freshwater sport fishing regulations. Some anglers (or potential anglers) may be dissuaded from fishing due to actual or perceived difficulty in complying with the regulations. For example, currently there are 212 special regulation waters in Section 7.50(b), including 88 different seasons, 13 different size restrictions, 10 different gear restrictions, and 6 different bag and possession limits.

To help address angler concerns, DFW has proposed to change and simplify inland sportfishing seasons and bag limits, for trout waters only; the proposal excludes anadromous waters. The goals for the revisions are:

- maintain or increase angling opportunity;
- improve regulatory consistency across waters;
- align sport fishing regulations with DFW's fisheries management goals and objectives;
- reduce complexity and confusion; and
- protect fishery resources.

In basic terms, DFW designed a framework for the simplification based on a “menu” concept, where one of several predefined season and bag limit combinations would be chosen for specific waterways. In Jan 2019, DFW presented its proposed menu approach to WRC. In Feb 2019, FGC approved WRC's recommendation to support the menu concept, with an expectation that DFW would return to WRC with a more detailed proposal after public outreach meetings.

To date, DFW has held six outreach meetings across the state to solicit input from the public, and has received considerable feedback during and subsequent to the meetings. DFW is currently analyzing and integrating the feedback into its proposal. Today, DFW will update WRC on its efforts to date, outline its future plans for the proposal, and discuss implications for the overall timeline. FGC staff supports the additional effort DFW has made to reach and engage recreational fishermen across the state, and believes that such efforts will ultimately result in a proposal that can be more broadly supported during the rulemaking process.

Significant Public Comments (N/A)

STAFF SUMMARY FOR MAY 16, 2019

Recommendation

FGC staff: Recommend that FGC consider today's discussion regarding potential adjustments to next steps, WRC vetting, and timeline for the statewide inland fishing regulations development and rulemaking. If appropriate, recommend that FGC revise the regulatory timetable to reflect modifications.

Committee Direction/Recommendation (N/A)

Regulations Revision and Simplification Project

Trout Regulations Menu

Updated for March 5, 2020 WRC Meeting

History

In 2012, the Department presented to the Commission its proposal to conduct a comprehensive evaluation of the sport fishing regulations to address complaints from anglers regarding the freshwater sport fishing regulations. Many waters have not been monitored for regulation effectiveness and changes in hatchery stocking and angling practices warranted an updated evaluation of the sport fishing regulations. The Commission agreed the regulations were complex and gave its support for this Regulations Revision and Simplification Project (Project). The Department has been working to develop a process to simplify sport fishing regulations guided by five tenets:

1. Maintain or increase angling opportunity;
2. Improve regulatory consistency across waters;
3. Align sport fishing regulations with the Department's current fisheries management goals and objectives;
4. Reduce complexity and confusion; and
5. Protect the resources.

Purpose

As part of the Project, the Department has developed a suite of regulations, or "menu," comprised of angling seasons, bag and possession limits, size limits, and gear restrictions, to standardize and reduce the number of Special Fishing Regulations in Title 14, Section 7.50(b) and eliminate inland waters from the District General Regulations in Title 14, Section 7.00(a-g). This menu is the foundation of the Project.

Trout Regulations Menu

After significant review of Special Fishing Regulations in Title 14, Section 7.50(b) it became apparent much of the complexity and associated public frustration stemmed from the diversity of different regulations established over decades that had limited alignment or consistency. The use of District Fishing Regulations in Title 14, Section 7.00 increases confusion and inconsistency by applying political boundaries in contrast to the watershed approach found within the Special Fishing Regulations. Although some of the regulations fit with apparent management objectives, others did not or were no longer valid for current fisheries. The regulations menu described below is the result of a collaborative effort by fisheries biologists throughout the state to standardize the Special Fishing Regulations based on fisheries management goals, which include maximizing fishing opportunity (most liberal) and protecting sensitive fishery populations (most conservative). The process for developing the menu started with identifying the frequency of the most commonly used special regulations, identifying valid/invalid

regulations, and then consolidating the valid regulations into a suite of biologically justifiable regulations that most effectively manage California's trout populations. By achieving statewide consistency across inland trout waters within Special Fishing Regulations, District General Regulations in Title 14 Section 7.00 can be eliminated. District General Regulations will be replaced by a Statewide Regulation for all inland trout waters.

Statewide Regulation

Open year-round, 5 fish bag, 10 fish possession limits, no gear restrictions =

Robust, self-sustaining and stocked fisheries w/ maximum sustainable harvest with emphasis on high natural yield and or elevated stocking rates.

Seasons (New seasons are in bold and underlined)

- All year = Most liberal and focused on maximizing opportunity.
- **Last Saturday in April through July 31 = Alignment with traditional trout opener to support local economic needs, public safety concerns, and local business operations.**
- **August 1 through November 15 = Summer and fall season to allow for limited/selected harvest or closures to protect spawning runs, thermal refuges, or periods of elevated water temperatures.**
- Saturday preceding Memorial Day through September 30 = Summer season where both spring and fall spawning fish aggregations occur.
- Saturday preceding Memorial Day through the last day in February = Spring fishing closure to protect spring spawning fish.
- September 1 through November 30 = Fall season to either protect fall spawning fish aggregations or allow angling during the fall when summer temperatures make angling impacts more significant.
- October 1 through the Friday preceding Memorial Day = For use in conjunction with a summer season to implement more restrictive bag limits and gear restrictions during spring and fall spawning.
- Closed to fishing all year = Most conservative and used to protect populations that are state or federally listed under either Endangered Species Act or imperiled populations that angling could have a significant negative effect.

Bag and Possession Limits and Gear Restrictions (New restrictions are in bold and underlined)

- 5 trout, no gear restrictions = (most liberal) Robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries with maximum sustainable harvest.
- 2 trout per day, 4 trout in possession, no gear restrictions = Limited daily harvest but with additional possession, set for limited effect to hatchery supplemented or productive self-sustaining fisheries to allow some harvest. Moderate concern regarding harvest with no threat to total population or target catch rate.
- **2 trout, artificial lures = Limited daily harvest without additional possession, set for limited effect to less productive self-sustaining fisheries to allow some harvest. Moderate concern regarding harvest with no threat to total population or target catch rate.**
- 2 trout, artificial lures with 14" minimum = Limited selected harvest with protection for smaller age classes. Allows most individuals to spawn prior to entering the fishery.
- 2 trout, artificial lures w/18" min = Limited selected harvest with protection for smaller age classes in high productivity systems that can produce large fish. Allows individuals to spawn prior to trophy sized harvest.
- 0 trout, barbless artificial lures = Reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.
- **0 trout, artificial flies with barbless hooks = (most conservative) Reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, achieve fast action or trophy fisheries, and or promote/retain unique angling experiences.**

California Department of Fish and Wildlife
California Code of Regulations, Title 14, Section 7.50(b), Alphabetical List of Waters with Special Fishing Regulations
DRAFT for March 2020 Wildlife Resources Committee Meeting

Statewide Regulation for Trout

Fishing districts—section 7.00(a) through (g)—**for trout waters only** (lakes, reservoirs, and streams that are **not** accessible to fish migrating from the ocean; “non-anadromous”) will be replaced by a statewide trout angling regulation. Waters in the 7.50(b) table of proposed changes which state, “move to 7.0 statewide reg,” will have the following regulation:

Open year-round, 5 trout bag, 10 trout possession limit, no gear restrictions.

Note: Only waters with a proposed regulation change are included in this table.

Exceptions to Statewide Trout Angling Regulation

Exceptions to the statewide regulation, found in section 7.50, are selected from the follow options:

Seasons

- All Year
- Closed to fishing all year
- Last Saturday in April through July 31
- August 1 through November 15
- Saturday preceding Memorial Day through the last day in February
- Saturday preceding Memorial Day through September 30
- October 1 through Friday preceding Memorial Day
- September 1 through November 30

Bag and Possession Limits and Gear Restrictions

- 5 fish bag, no gear restrictions
- 2 fish bag, 4 fish possession limit, no gear restrictions
- 2 fish bag, artificial lures
- 2 fish bag, artificial lures, 14” minimum
- 2 fish bag, artificial lures, 18” minimum
- 0 fish bag, artificial lures with barbless hooks
- 0 fish bag, artificial flies with barbless hooks

Proposed Changes to Waters with Special Fishing Regulations

The table on the following pages includes California Department of Fish and Wildlife biologist-proposed changes to waters with special fishing regulations (section 7.50). Stakeholder input on these proposed changes was received through online form submissions and at in-person meetings between March 16 and May 3, 2019. The input is currently being evaluated for the revision of proposed changes. **A final regulation package is expected to be noticed in June 2020** through the California [Fish and Game Commission](#). As content from the California Department of Fish and Wildlife becomes available, it will be placed on the [regulation simplification webpage](#).

New waters are highlighted in green and indicated by “NEW”

***Bold asterisk** indicates change since January 2020 WRC Meeting

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(1) Alambique Creek (San Mateo Co.).	Last Saturday in Apr. through Nov. 15	5 trout	Saturday preceding Memorial Day through September 30	0 trout bag, artificial lures with barbless hooks	Saturday preceding Memorial Day through September 30	0 trout bag, artificial lures with barbless hooks	A summer only angling season to protect spring and fall spawning fish populations. Maximum restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	The low seasonal flow and sporadic densities of small wild trout is the purpose for reducing the take of trout on Alambique Creek. This is not a trophy trout water and only small wild trout are maintained.
(1.5) Alameda Creek and tributaries (Alameda and Santa Clara Cos.). (A) Alameda Creek <u>mainstem</u> , and <u>all</u> tributaries downstream of San Antonio, Calaveras, and Del Valle <u>Reservoirs</u> reservoirs except for Arroyo Del Valle between Bernal Ave. and the Thiessen St. intersection with Vineyard Ave.	Closed to all fishing all year.		Closed to all fishing all year		Closed to all fishing all year		No change.	
(B) Alameda Creek tributaries upstream of San Antonio, Calaveras, and Del Valle <u>Reservoirs</u> reservoirs .	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless	0	Saturday preceding Memorial Day through	0 trout bag, artificial lures with barbless hooks	Saturday preceding Memorial Day through	0 trout bag, artificial lures with barbless hooks	A summer only angling season to protect spring and fall spawning fish populations. 	hooks may be used.		September 30		September 30		populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	
(4) Almanor Lake tributaries (Lassen, Plumas and Shasta Cos.) upstream to the first lake.	Saturday preceding Memorial Day through Nov. 15	5 per day, 10 in possession	Saturday preceding Memorial Day through the last day in February	5 trout bag, no gear restrictions	Saturday preceding Memorial Day through September 30	5 trout bag, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	As winter snows shift later into the season, Plumas County fisheries frequently remain accessible into December. A September 30 closure protects spawning populations of wild Brown Trout.
(4.5) American River, North Fork, Middle Fork, South Fork and their tributaries above Folsom Lake (Placer, Eldorado, Amador, and Alpine cos.), <u>except Caples Creek.</u> (See Section 7.50(b)(XX.X))	Last Saturday in Apr. through Nov. 15.	5 per day, 10 in possession	All year	5 trout bag, no gear restrictions	Saturday preceding Memorial Day through September 30	5 trout bag, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	
	Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	0			October 1 through the Friday preceding Memorial Day	0 trout bag, artificial lures with barbless hooks	A fall through spring angling season in conjunction with a separate summer season to segregate harvest and maximize opportunity. Significant restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations during these seasons, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	These are wild, tail water fisheries, growing in popularity, and potentially important to the conservation of American River steelhead. Adult fish run from Folsom and spawn mostly in tributaries. On the South Fork, Rainbow and Chinook run from December to March, with adults in the 20-30" range. This is near the Sacramento Metro area and word of the size, number and season is spreading, and fishing pressure is increasing. As fishing pressure increases, it is important to continue to protect the spawning run for these wild fisheries.

(7) Applegate River and tributaries (Siskiyou Co.).	Last Saturday in Apr. through Nov. 15	5 per day, 10 in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(9) Arroyo de los Frijoles above Lake Lucerne (San Mateo Co.).	Last Saturday in Apr. through Nov. 15.	5 trout	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(12) Arroyo Seco River (Monterey Co.). Also see Section 8.00(c). (A) The main stem Arroyo Seco and tributaries above the waterfall located approximately 3.5 miles upstream from the U.S. Forest Service Ranger Station.	Last Saturday in Apr. through Nov. 15.	5	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(13.5) Bass Lake (Siskiyou Co.).	Feb. 1 through Sept. 30.	5	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(15) Bear Creek and tributaries (Shasta and Siskiyou Cos.) between Pondosa Way bridge and confluence with Fall River.	Saturday preceding Memorial Day through Nov. 15	5 per day, 10 in possession	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	republic input suggested this regulation to help to protect spawning of Bear Creek trout (brook, rainbow, brown), which includes migratory trout from the Fall River Complex. Harvest is allowed during the summer months.
(17) Bear Creek (San Bernardino Co.) from Big Bear Dam to confluence of Santa Ana River.	All year. Only artificial lures with barbless hooks may be used.	2	No change	Only artificial lures may be used.	No change	Only artificial lures may be used.		Essentially no change to the current regulation, except for the removal of the requirement for barbless hooks.
(18.5) Bear River and tributaries (Placer Co.). (A) From Highway 20 south (downstream) 2.5 miles to the abandoned concrete dam (the Boardman Diversion Dam).	Last Saturday in April through Nov. 15 Maximum size limit: 14 inches total length	5 per day, 10 in possession	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	A spring angling closure to protect spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	
(19) Berryessa Lake tributaries (Lake and Napa Cos.).	Last Saturday in Apr. through Nov. 15	5	Saturday preceding Memorial Day through September 30	2 trout, 4 trout in possession, no gear restrictions	Saturday preceding Memorial Day through September 30	2 trout, 4 trout in possession, no gear restrictions	A summer only season to protect spring and fall spawning fish populations. Limited daily harvest but with additional possession for waters with hatchery supplemented or moderately productive self-sustaining fisheries where there is moderate concern regarding harvest but no threat to total population or target catch rate.	Berryessa Lake tributaries fishery is dependent upon wild trout populations. Until trout population can be fully assessed for these tributaries, the bag limit was reduced from 5 fish to 2 fish to help maintain a sustainable fishery.
(19.5) Big Bear Lake tributaries (San Bernardino Co.)	Saturday preceding Memorial Day through last day of Feb.	5 per day, 10 in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(25.5) Boggy Creek (Fresno Co.) and tributaries (tributary to Thomas Edison Lake).	June 1 through October 15.	5 per day, 10 in possession	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	The proposed change does not significantly reduce angler opportunity and aligns with the simplification goals.
NEW (X) - Boulder Creek (San Diego Co.) upstream of El Capitan Reservoir, and all its tributaries.			All year	2 trout, artificial lures	All year	2 trout, artificial lures	A year-round angling season to maximize opportunity with limited daily harvest, without additional possession, for less productive self-sustaining fisheries where there is moderate concern regarding harvest with no threat to total population or target catch rate.	This water is being moved from the District General Regulations. There is no change to the current regulation, except for the removal of the requirement for barbless hooks.
* NEW (X) - Bridgeport Reservoir (Mono Co.)					Last Saturday in April through Nov. 15	5 trout, no gear restrictions		In response to public input, DFW is proposing to keep the current trout season for resort lakes in Inyo and Mono cos. to support local economic needs, public safety concerns, and local business operations.
(26.5) Bridgeport Reservoir Tributaries (Mono Co.). All Bridgeport Reservoir tributaries except Swauger Creek, from Bridgeport Reservoir upstream to Highway 395, and Swauger Creek, from Bridgeport Reservoir upstream to the private property fence line above the Forest Service campground.	Last Saturday in April through the Friday preceding Memorial Day and Oct. 1 through Nov. 15. Minimum size limit: 18 inches total length. Only artificial lures with barbless hooks may be used.	1	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Move to 7.0 statewide reg			The proposed change will increase angling opportunity. This water has few spawners and little contribution to the population.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
	Saturday preceding Memorial Day through Sep. 30.	5 per day, 10 in possession	October 1 through the Friday preceding Memorial Day	0 trout, artificial lures with barbless hooks	No change	No change		
(27.5) Bucks Lake	All year.	5 trout per day. 10 trout in possession. 10 landlocked salmon per day. 20 landlocked salmon in possession.			Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(28) Bucks Lake tributaries (Plumas Co.).	Saturday preceding Memorial Day through Sept. 30.	5 per day, 10 in possession	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	
(28.5) Burney Creek (Shasta Co.) from Burney Creek Falls downstream to Lake Britton.	Last Saturday in April through Nov. 15. Only artificial lures with barbless hooks may be used.	2 trout Maximum size limit: 14 inches total length.	All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(29) Butano Creek (San Mateo County) (A) Above Butano Falls	Last Saturday in April through Nov. 15	5 per day, 10 in possession	Saturday preceding Memorial Day through September 30	0 trout, artificial lures with barbless hooks	Saturday preceding Memorial Day through September 30	0 trout, artificial lures with barbless hooks	A summer only angling season to protect spring and fall spawning fish populations. Maximum restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	The low seasonal flow and sporadic densities of small wild trout is the purpose for reducing the take of trout on Butano Creek. Further scientific investigation is warranted. This is not a trophy trout water and only small wild trout are maintained.
(30) Butt Creek and Butt Valley Reservoir Powerhouse Outfall (Plumas Co.).								
(A) Butt Creek.	Saturday preceding Memorial Day through Nov. 15.	5 per day, 10 in possession	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Spring angling closure to protect spawning fish populations with minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	As winter snows shift later into the season, Plumas County fisheries frequently remain accessible into December. A September 30 closure protects spawning populations of wild Brown Trout.
(B) Butt Valley Reservoir powerhouse outfall, from the powerhouse, downstream to a marker adjacent to Ponderosa Flat Campground.	Saturday preceding Memorial Day through Feb. 28.	2	Saturday preceding Memorial Day through the last day in February	2 trout, 4 trout possession limit, no gear restrictions	Saturday preceding Memorial Day through the last day in February	2 trout, 4 trout possession limit, no gear restrictions	Spring angling closure to protect spawning fish populations. Limited daily harvest, with additional possession, for waters with hatchery supplemented or moderately productive self-sustaining fisheries where there is moderate concern regarding harvest but no threat to total population or target catch rate.	
(31) Butt Valley Reservoir (Plumas Co.).	All year	2	All year	2 trout, 4 fish possession limit, no gear restrictions	All year	2 trout, 4 fish possession limit, no gear restrictions	A year-round angling season to maximize opportunity with limited daily harvest, with additional possession, for waters with hatchery supplemented or moderately productive self-sustaining fisheries where there is moderate concern regarding harvest but no threat to total population or target catch rate.	

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(34) Cache Creek and tributaries (Lake Co.).	Last Saturday in Apr. through Nov. 15	5	Move to 7.0 statewide reg		Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	The proposed angling season would protect important adult spawning periods, which are critical to maintaining these trout populations.
(35.6) Canyon Creek upstream of the falls located about four miles north of the wilderness area boundary. (Trinity Co.)	Last Saturday in April through November 15.	2	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	Although a popular trailhead ascending into the Trinity Alps, the remoteness and seasonal access will limit harvest potential.
NEW (XX.X)- Caples Creek from the confluence with the Silver Fork American River upstream to Caples Lake Dam (El Dorado and Alpine cos.)					All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Caples Creek is a California Fish and Game Commission designated Wild Trout Stream. The fishery is managed for wild Rainbow Trout, Brown Trout, and Brook Trout. Recent surveys (2017) found the upper section near the confluence with Kirkwood Creek is shifting to a predominantly wild Brook Trout fishery from a predominantly wild Rainbow Trout and wild Brown Trout fishery with somewhat low densities, particularly Brown Trout. The management objective for Caples Creek is to maintain a catch rate of 2 fish per hour and the recommended daily bag, possession limit and gear restriction is to align the regulation with the management objective.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(35.7) Caribou Reservoir (Plumas County)	Last Saturday in Apr. through Nov. 15	2	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(38) Carson River, East Fork and tributaries (Alpine Co.). (B) Carson River, East Fork from Hangman's Bridge downstream to Nevada State Line.	All year. Only artificial lures with barbless hooks may be used.	0	Move to 7.0 statewide reg		All year	2 trout, artificial lures, 14 inch minimum	A year-round angling season to maximize opportunity with limited selected harvest and protection for smaller age classes. Allows most individuals to spawn prior to entering the fishery.	Protect populations of wild brown and Rainbow Trout and Mountain Whitefish while still allowing harvest of hatchery fish, 100% of which were over 10" (Weaver and Mehalick, 2008) which may have entered this area.
(39) Cassel Forebay (Hat Creek) (Shasta Co.)	See Hat Creek #1 7.50(b)(75).							
(39.3) Castle Creek (Shasta Co.)	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0	-	-				Covered under Sacramento River regulation above Shasta Lake 7.50(b) 156.
(39.5) Cedar Cedar Creek and tributaries upstream from Moon Lake access road (Lassen Co.).	Closed to all fishing all year		Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Saturday preceding Memorial Day through the last day in February	2 trout, artificial lures	A spring angling closure to protect spawning fish populations. Limited daily harvest without additional possession for less productive self-sustaining fisheries where there is moderate concern regarding harvest with no threat to total population or target catch rate.	Stream is not stocked, more protection for wild trout while providing angling opportunity.
(42) Clear Lake tributaries (Lake Co.).	Last Saturday in Apr. through Nov. 15	5	Move to 7.0 statewide reg		All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest	Wild Rainbow Trout in Clear Lake tributaries encounter diversions, poor water quality and high temperatures. The proposed bag and gear limits are intended to provide protection to those fish.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
							of spawning fish, or to achieve fast action or trophy fisheries.	
(42.5) Cold Creek (Fresno Co.) and tributaries (tributary to Thomas Edison Lake).	June 1 through October 15.	5 per day, 10 in possession	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	
(43) Convict Creek (Mono Co.).								
(B) Convict Creek downstream of the U.C. study area.	Last Saturday in April through the Friday preceding Memorial Day and Oct. 1 through Nov. 15. Minimum size limit: 18 inches total length. Only artificial lures with barbless hooks may be used.	2	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	Close to fishing in fall, winter and spring to protect spawning fish (Rainbow Trout, Lahontan Cutthroat Trout and Brown Trout).
	Saturday preceding Memorial Day through Sept. 30.	5 per day, 10 in possession.	October 1 through the Friday preceding Memorial Day	0 trout, artificial lures with barbless hooks				

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(C) Convict Creek upstream of the U.C. study area.	Last Saturday in April through Nov. 15.	5 per day, 10 in possession.	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	Stocked water through campgrounds and resort area. Wilderness section above lake inaccessible in winter.
* NEW (X) - Convict Lake (Mono County)					Last Saturday in April through Nov. 15	5 trout, no gear restrictions		In response to public input, DFW is proposing to keep the current trout season for resort lakes in Inyo and Mono cos. to support local economic needs, public safety concerns, and local business operations.
(48) Cottonwood Creek (Inyo Co.) and all tributaries upstream from the confluence of the main stem Cottonwood Creek and Little Cottonwood Creek, including the unnamed tributaries flowing through Horseshoe Meadow.					All year	2 trout, artificial lures	A year-round angling season to maximize opportunity with limited daily harvest, without additional possession, for less productive self-sustaining fisheries where there is moderate concern regarding harvest with no threat to total population or target catch rate.	
(A) Cottonwood Creek main stem between mouth of Little Cottonwood Creek and South Fork of Cottonwood Creek.	July 1 through Nov. 15. Only artificial lures with barbless hooks may be used	0	Move to 7.0 statewide reg	-	see-	-		(A) and (B) combined into subparagraph for Cottonwood Creek above.
(B) Cottonwood Creek (1) and tributaries upstream from the confluence of South Fork Cottonwood Creek, (2) Little Cottonwood Creek and tributaries, (3) the South Fork of Cottonwood Creek and tributaries, and (4) the unnamed tributary flowing through Horseshoe Meadow.	July 1 through Nov. 15. Only artificial lures with barbless hooks may be used	5	Move to 7.0 statewide reg	-	-	-		(A) and (B) combined into subparagraph for Cottonwood Creek above.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(49) Cottonwood Creek drainage lakes (Inyo Co.).								
(A) Cottonwood Lakes 1, 2, 3 and 4 and their tributaries (Inyo Co.).	July 1 through Nov. 15. Only artificial lures with barbless hooks may be used.	0	All year	2 trout, 4 fish in possession, no gear restrictions	September 1 through November 30	2 trout, artificial lures, 14 inch minimum	A fall season to allow angling during the fall when summer temperatures make angling impacts more significant with limited selected harvest and protection for smaller age classes. Allows most individuals to spawn prior to entering the fishery.	California's only broodstock lakes for California Golden Trout.
(B) All remaining Cottonwood Creek drainage lakes.	July 1 through Nov. 15. Only artificial lures with barbless hooks may be used	5	Move to 7.0 statewide reg		All year	2 trout, artificial lures	A year-round angling season to maximize opportunity with limited daily harvest, without additional possession, for less productive self-sustaining fisheries where there is moderate concern regarding harvest with no threat to total population or target catch rate.	
(49.5) Cottonwood Creek and tributaries (Modoc Co.).	Saturday preceding Memorial Day through Nov. 15. Only artificial lures with barbless hooks may be used.	0	-	-				Covered under new "Goose Lake tributaries" regulation.
(52) Crooked Creek (Mono Co.). (B) Crooked Creek and tributaries above the Los Angeles gauging station.	Last Saturday in April through Nov. 15. Only artificial lures with barbless hooks may be used.	0	All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial flies and barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(53) Crowley Lake (Mono Co.). (See individual listings for regulations on tributary waters which include: Convict, Crooked, Hilton, Hot, McGee, and Whiskey creeks and the upper Owens River).								
(B) Crowley Lake, except for the closed area near the outlet dam (see above).	Last Saturday in Apr. through July 31.	5 per day, 10 in possession	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Last Saturday in April through July 31	5 trout, no gear restrictions	Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably. Crowley Lake management plan still valid for protection of fall run Rainbow Trout and Brown Trout.	Alignment with the traditional trout opener and maintain current regulation to support local economic needs, public safety concerns, and local business operations.
	Aug. 1 through Nov. 15. Minimum size limit: 18 inches total length. Only artificial lures with barbless hooks may be used.	2	October 1 through the Friday preceding Memorial Day	0 trout, artificial lures with barbless hooks	August 1 through November 15	2 trout, artificial lures, 18 inch minimum	Summer and fall season to allow for limited/selected harvest or closures to protect spawning runs, thermal refuges, or periods of elevated water temperatures. Limited selected harvest with protection for smaller age classes in high productivity systems that can produce large fish. Allows individuals to spawn prior to trophy sized harvest.	Maintain current regulation to support local economic needs, public safety concerns, and local business operations. Crowley Lake management plan still valid for protection of fall run Rainbow Trout and Brown Trout.
(53.5) Davis Creek (<u>Goose Lake</u> tributary) and tributaries (Modoc County)	Saturday preceding Memorial Day through Nov. 15.	0	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	A spring angling closure to protect spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	Mixed trout species. Public opportunity to catch and keep trout in the area. Bag limit and gear restrictions to allow for take of Brown Trout which are more prevalent than native Goose Lake Redband Trout.
(54) Davis Lake tributaries (Plumas Co.).	Saturday preceding Memorial Day through Nov. 15.	5 per day, 10 in possession	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	A spring angling closure to protect spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(54.5) Deadman Creek (Mono Co.).								
(A) Deadman Creek downstream from Hwy. 395. See Owens River 7.50(b)(134).	Last Saturday in April through Nov. 15. Maximum size limit: 16 inches total length. Only artificial lures with barbless hooks may be used.	2	All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Deadman Creek is often dry above Big Springs. The goal is to protect fish when present, namely Rainbow Trout and Brown Trout.
	Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used	0						
(B) Deadman Creek upstream from Hwy. 395.	Last Saturday in April through Nov. 15.	5 per day, 10 in possession.	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	Extending the angling season will increase angling opportunity on a stocked water that goes through a USFS campground.
(55) Deep Creek (San Bernardino Co.) from headwaters at Little Green Valley to confluence of Willow Creek.	All year. Only artificial lures with barbless hooks-may be use	2	All year.	2 trout, artificial lures	All year.	2 trout, artificial lures		Essentially no change to the current regulation, except for the removal of the requirement for barbless hooks.
(58) Diaz Lake (Inyo Co.).	First Saturday in Mar. through Nov. 15.	5 per day, 10 in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural	Currently open year-round. Cold water fishery in winter (trout stocked). Warm water fishery in summer (trout not stocked due to temp).

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
							production and or some level of stocking.	
	Nov. 16 through the Friday preceding the first Saturday in Mar.	5						
NEW – (X) Dismal Creek (Modoc County)			Saturday preceding Memorial Day through the last day in February	0 trout, artificial lures with barbless hooks	Saturday preceding Memorial Day through the last day in February	0 trout, artificial lures with barbless hooks	A spring angling closure to protect spawning fish populations. Maximum restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Special regulation to protect Warner Lake Redband Trout.
(61) Eagle Lake and tributaries (Lassen Co.).								
(A) Eagle Lake.	Saturday preceding Memorial Day through Dec. 31.	2 per day, 4 in possession.	Saturday preceding Memorial Day through the last day in February	2 trout, 4 trout in possession, no gear restrictions	Saturday preceding Memorial Day through the last day in February	2 trout, 4 trout in possession, no gear restrictions	A spring angling closure to protect spawning fish populations. Limited daily harvest, with additional possession, for waters with hatchery supplemented or moderately productive self-sustaining fisheries where there is moderate concern regarding harvest but no threat to total population or target catch rate.	Public comments noted. Winter angling activity will likely be minimal due to cold conditions and poor access (winter road conditions), impacts from take during this time are anticipated to be insignificant; safety issues may arise if ice fishing is possible, however people have ice fished on the lake previously during the existing season.
(C) Eagle Lake tributaries, including Pine Creek-above State Hwy. 44.	Saturday preceding Memorial Day through Nov. 15.	5 per day, 10 in possession	Closed all year		Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	A spring angling closure to protect spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked	This section was proposed for closure during Eagle Lake Rainbow Trout restoration efforts. Restoration has been delayed/changed; therefore, continued angling with take will not

(74) Hat Creek (Shasta Co.) from Lake Britton upstream to Baum Lake, exclusive of the concrete Hat No. 2 intake canal between Baum Lake and the Hat No. 2 Powerhouse.	Last Saturday in Apr. through Nov.15. Minimum size limit:18 inches total length. Only artificial lures with barbless hooks may be used. Aquatic invertebrates of the orders Plecoptera (stoneflies), Ephemeroptera (mayflies) and Trichoptera (caddisflies) may not be taken or possessed	2	All year	2 trout, artificial lures	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Special regulation to protect a very popular fishery that supports a self-sustaining population of wild trout. General public input about protecting spawning fish. Maintains HQ desire to keep open year-round for opportunity but addresses public input. Justification: Hat Creek is a popular fishery that is accessible all year; weather will not limit access in the winter. Increased angling opportunity and gear restrictions, 0 bag minimize negative effects to population.
(75) Hat Creek No.1 and Cassel Forebays (Shasta Co.). Those portions of Hat Creek known as No. 1 Forebay and Cassel Forebay.	Last Saturday in Apr. through Nov. 15	5 per day, 10 in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(76) Heenan Lake and tributaries (Alpine Co.). (A) Heenan Lake.	Only on Fridays, Saturdays, and Sundays from the Friday before Labor Day through the last Sunday in October. Fishing hours: Only from sunrise to	0	September 1 through November 30	0 trout, artificial lures with barbless hooks	September 1 through November 30	0 trout, artificial lures with barbless hooks	A fall season to allow angling during the fall when summer temperatures make angling impacts more significant, at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Surveys suggest the fish population is large and 3000 Lahontan Cutthroat Trout are planted back in the lake each year after being spawned in the hatchery. Public comments requested a longer open season.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
	sunset. Only artificial lures with barbless hooks may be used.							
(77) Hennessey Lake tributaries (Napa Co.).	Last Saturday in Apr. through Nov. 15	5	Saturday preceding Memorial Day through September 30	2 trout, 4 fish possession limit, no gear restrictions	Saturday preceding Memorial Day through September 30	2 trout, 4 fish possession limit, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Limited daily harvest but with additional possession for waters with hatchery supplemented or moderately productive self-sustaining fisheries where there is moderate concern regarding harvest but no threat to total population or target catch rate.	Hennessey Lake tributaries fishery is dependent upon wild trout populations. Until trout population can be fully assessed for these tributaries, the bag limit was reduced from 5 fish to 2 fish to help maintain a sustainable fishery.
(77.3) Hilton Creek (Mono Co.).								
(A) Hilton Creek downstream from Crowley Lake Drive.	Last Saturday in April through the Friday preceding Memorial Day and Oct. 1 through Nov. 15. Minimum size limit: 18 inches total length. Only artificial lures with barbless hooks may be used.	2	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.

	barbless hooks may be used							
(98.6) Lee Vining Creek from the Lee Vining conduit downstream to Mono Lake (Mono Co.)	Last Saturday in Apr. through Nov. 15.	2	All year	0 trout, artificial lures with barbless hooks	Saturday preceding Memorial Day through September 30	2 trout, 4 fish possession limit, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Limited daily harvest but with additional possession for waters with hatchery supplemented or moderately productive self-sustaining fisheries where there is moderate concern regarding harvest but no threat to total population or target catch rate.	Added a 2 trout summer season to provide a safe walk to water for the children living in Lee Vining. Public input, children's safety, kids fishing opportunity.
					October 1 through the Friday preceding Memorial Day	0 trout, artificial lures with barbless hooks	A fall through spring angling season in conjunction with a separate summer season to segregate harvest and maximize opportunity. Significant restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations during these seasons, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Aligns with other Mono Lake tributaries. Rush, Parker, Walker all catch and release. LADWP monitoring sites.
(100) Little Butano Creek above the diversion dam at Butano State Park (San Mateo Co.).	Last Saturday in Apr. through Nov. 15	5 trout	Saturday preceding Memorial Day through September 30	0 trout, artificial lures with barbless hooks	Saturday preceding Memorial Day through September 30	0 trout, artificial lures with barbless hooks	A summer only angling season to protect spring and fall spawning fish populations. Maximum restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	The low seasonal flow and sporadic densities of small wild trout is the purpose for reducing the take of trout on Little Butano Creek.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(101) Little Cottonwood Creek and tributaries (Inyo Co.).	See Cottonwood Creek 7.50(b)(48).				All year	2 trout, artificial lures	A year-round angling season to maximize opportunity with limited daily harvest, without additional possession, for less productive self-sustaining fisheries where there is moderate concern regarding harvest with no threat to total population or target catch rate.	State fish. Small sizes. Limited take may increase size ranges.
(103.5) Little Truckee River (Sierra and Nevada Cos. <u>cos.</u>) from Stampede Reservoir Dam Downstream to Boca Reservoir.	Last Saturday in Apr. through Nov. 15. Maximum size limit: 14 inches total length. Only artificial lures with barbless hooks may be used.	2	All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Protect the larger rainbow and Brown Trout (14 inches and greater).
	Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	0						
(104.3) Los Angeles Aqueduct from Owens River to Alabama Gates (Inyo County).	First Saturday in Mar. through Nov. 15.	5 per day, 10 in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
	Nov. 16 through the Friday preceding the first Saturday in Mar.	5						

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
NEW - Los Gatos Creek (Santa Clara Co.) upstream of Camden Avenue drop including Lexington Reservoir and all tributaries.			Saturday preceding Memorial Day through September 30	2 trout, 4 fish in possession, no gear restrictions	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Protect sensitive population that provides angling opportunity in densely populated Bay Area County. Comments referenced this watershed has small to moderate sized trout populations and is highly impacted by urbanization since it flows through highly developed urban/suburban area in Silicon Valley. DFW concurs with assessment.
* NEW (X)- Lundy Lake (Mono County)					Last Saturday in April through Nov. 15	5 trout, no gear restrictions		In response to public input, DFW is proposing to keep the current trout season for resort lakes in Inyo and Mono cos. to support local economic needs, public safety concerns, and local business operations.
(107) Mad River and tributaries (Humboldt Co.). (E) Mad River and tributaries above Ruth Dam.	Last Saturday in May through Nov. 15.	5 per day, 10 in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
* NEW (X)- Mamie Lake (Lake Mamie, Mono County)					Last Saturday in April through Nov. 15	5 trout, no gear restrictions		In response to public input, DFW is proposing to keep the current trout season for resort lakes in Inyo and Mono cos. to support local economic needs, public safety concerns, and local business operations.
(109) Mammoth Pool (Fresno and Madera cos.).	June 16 through Apr. 30.	5 per day, 10 in possession	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	A spring angling closure to protect spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(110) Mammoth Pool tributaries (Fresno and Madera Coscos.) from their mouths to a point 300 feet upstream.	June 16 through Nov. 15	5 per day, 10 in possession	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	A spring angling closure to protect spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	
(111) Martis Creek from the Martis Lake dam downstream to the confluence with the Truckee River (Nevada Co.)	Last Saturday in Apr. through Nov. 15. Minimum size limit: 14 inches total length. Only artificial lures with barbless hooks may be used.	2	All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Protect larger spawning rainbow and Brown Trout. Opened all year is consistent with the Truckee River regulation.
(112) Martis Lake and tributaries (Nevada and Placer Coscos.)								
(A) Martis Lake.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used	0	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(B) Martis Lake tributaries.	Closed to all fishing all year		All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Consistency with the Martis Lake regulation and to increase fishing opportunities. Zero bag limit to protect trout.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
* NEW (X) - Mary Lake (Lake Mary, Mono Co.)					Last Saturday in April through Nov. 15	5 trout, no gear restrictions		In response to public input, DFW is proposing to keep the current trout season for resort lakes in Inyo and Mono cos. to support local economic needs, public safety concerns, and local business operations.
(115) McCloud River and tributaries (Shasta and Siskiyou cos.).								
(B) McKay Creek and all tributaries including Sheephaven Spring.	Closed to all fishing all year.		Closed to all fishing all year		Closed to all fishing all year			Stream is mainly dry year-round and was added to protect Sheephaven Spring/Creek. Sheephaven Creek has been officially named by the USGS and now has its own regulation which will provide the protection intended.
(C) Edson Creek and all tributaries.	Closed to all fishing all year.		Closed to all fishing all year		Closed to all fishing all year			
(D) Swamp Creek and all tributaries.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0	Saturday preceding Memorial Day through the last day in February	0 trout, artificial lures with barbless hooks	Saturday preceding Memorial Day through the last day in February	0 trout, artificial lures with barbless hooks	A spring fishing closure to protect spawning fish populations. Maximum restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	
NEW - Sheephaven Creek					Closed to all fishing all year			Added newly named stream to protect McCloud Redband Trout. Officially named Sheephaven Creek by USGS.
NEW - Bull Creek and tributaries					Closed to all fishing all year			Protection for McCloud Redband Trout, consistency.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
NEW - Dry Creek south of upper McCloud River					Closed to all fishing all year			Protection for McCloud Redband Trout, consistency. Two Dry Creeks in the upper McCloud River Watershed.
(E) McCloud River from McCloud Dam downstream to confluence of Ladybug Creek.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	2	Saturday preceding Memorial Day through the last day in February	2 trout, artificial lures	Saturday preceding Memorial Day through September 30	2 trout, artificial lures	A summer only angling season to protect spring and fall spawning fish populations. Limited daily harvest without additional possession for less productive self-sustaining fisheries where there is moderate concern regarding harvest with no threat to total population or target catch rate.	Public input, year-round fishery opportunity, split season/harvest for additional spawning protection, consistency with other year-round fisheries for simplification.
					October 1 through the Friday preceding Memorial Day	0 trout, artificial lures with barbless hooks	A fall through spring angling season in conjunction with a separate summer season to segregate harvest and maximize opportunity. Significant restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations during these seasons, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Public input, year-round fishery opportunity, split season/harvest for additional spawning protection, consistency with other year-round fisheries for simplification.
(F) McCloud River from confluence of Ladybug Creek downstream to lower boundary of the U.S. Forest Service loop (southern boundary of section 36, T38N, R3W) Shasta Lake.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0	Saturday preceding Memorial Day through the last day in February	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Public input, year-round fishery opportunity, split season/harvest for additional spawning protection, consistency with other year-round fisheries for simplification. Removed partial section for consistency with lower McCloud regs. Should fair better with any fish above Shasta/NMFS.
(G) McCloud River from the lower boundary of the U.S. Forest Service loop (southern boundary of section 36, T38N, R3W) downstream to the upper boundary of the McCloud River	Closed to all fishing all year.							Remove section for consistency with lower McCloud regulations.

Club (southern boundary of section 14, T37N, R3W).								
(115.3) McGee Creek (Mono Co.).								
(A) McGee Creek downstream from Highway 395.	Last Saturday in April through Friday preceding Memorial Day and Oct. 1 through Nov. 15. Minimum size limit: 18 inches total length. Only artificial lures with barbless hooks may be used.	2	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	Close to fishing in fall, winter and spring to protect spawning fish (Rainbow Trout, Lahontan Cutthroat Trout and Brown Trout).
	Saturday preceding Memorial Day through Sept. 30.	5 per day, 10 in possession.	October 1 through the Friday preceding Memorial Day	0 trout, artificial lures with barbless hooks				
(B) McGee Creek upstream from Highway 395.	Last Saturday in April through Nov. 15.	5 per day, 10 in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	Stocked water. Through campground, pack station, and trailhead.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(115.4) McKay Creek and all tributaries (Siskiyou Co.)	See McCloud River 7.50(b)(115).							Since Sheephaven Creek has been officially named (USGS) we can modify this to be just Sheephaven Creek and drop McKay Creek from 7.50(b).
(115.6) McLeod Lake (Mono Co.).	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0	All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Inaccessible Dec. through May in normal year. Proposed regulation creates additional angling opportunity in years when snow is late or during low snow years.
(115.8) Meiss Lake (Alpine Co.).	Closed to all fishing all year		Saturday preceding Memorial Day through September 30	0 trout, artificial lures with barbless hooks	Saturday preceding Memorial Day through September 30	0 trout, artificial lures with barbless hooks	A summer only angling season to protect spring and fall spawning fish populations. Maximum restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Meiss Lake is on a tributary to the Upper Truckee River. Consistency with the Upper Truckee River regulation.
(116) Mendocino Lake tributaries (Mendocino Co.).	Last Saturday in Apr. through Nov. 15	5	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(117) Merced River (Mariposa Co.).								
(A) From the Happy Isles footbridge downstream to the western boundary of Yosemite National Park at El Portal.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0 rainbow trout 5 brown per day 10 brown trout in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(B) From the western boundary of Yosemite National Park at El Portal boundary downstream to the Foresta bridge.	All year. Only artificial lures with barbless hooks may be used.	0 rainbow trout 5 brown trout per day 10 brown trout in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(C) From Foresta bridge downstream to Lake McClure.	Last Saturday in April through November 15. November 16 through the Friday preceding the last Saturday in April.	5 per day, 10 in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	Proposed regulation creates additional angling opportunity.
(118.5) Mill Creek (Mono Co. tributary to West Walker River) and tributaries upstream from confluence with Lost Cannon Creek.	Closed to all fishing all year		All year	0 trout, artificial flies and barbless hooks	All year	0 trout, artificial flies and barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Proposed regulation creates additional angling opportunity. Inaccessible Dec. through May in normal year. Lahontan Cutthroat Trout water. Enough fish to handle catch and release fishing. Inaccessible Dec. through May in normal year.
(120) Milton Lake and Middle Fork Yuba River between Milton Lake and Jackson Meadows Dam (Nevada and Sierra cos.).	Last Saturday in Apr. through Nov. 15. Maximum size limit: 12 inches total length. Only artificial lures with barbless hooks may be used	2	All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Proposed regulation creates additional angling opportunity. A zero bag limit will protect larger trout (greater than 12 inches).

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(125) Mono Creek (Fresno Co.) and tributaries from Edison Lake upstream to the confluence with the North Fork Mono Creek.	June 1 through October 15.	5 per day, 10 in possession	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	A spring angling closure to protect spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	Proposed regulation creates additional angling opportunity.
(125.5) Moosehead Creek and all tributaries (Shasta and Siskiyou cos.)	See McCloud River 7.50(b)(115)							Proposed regulation creates additional angling opportunity.
(128) Nacimiento River (Monterey and San Luis Obispo cos.) from Nacimiento Reservoir.								
* (A) From the headwaters in the Los Padres National Forest, downstream to the southern border of Fort Hunter-Liggett Military Reservation.	Last Saturday in Apr. through Nov. 15.	5	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	Increase angler opportunity and closely aligns with the season for Nacimiento River upstream of Nacimiento Lake to the southern boundary of Fort Hunter-Liggett.
(B) Nacimiento Lake, and the main stem Nacimiento River upstream to the southern boundary of Fort Hunter-Liggett.	All year.	5	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	Proposed Regulation mirrors current regulation and maintains angler opportunity.
(130.5) Nelson Corral Reservoir and tributary (Lassen Co.).								

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(A) Nelson Corral Reservoir.	All year.	2 trout	All year	2 trout, 4 fish possession limit, no gear restrictions	All year	2 trout, 4 fish possession limit, no gear restrictions	A year-round angling season to maximize opportunity with limited daily harvest, with additional possession, for waters with hatchery supplemented or moderately productive self-sustaining fisheries where there is moderate concern regarding harvest but no threat to total population or target catch rate.	Nicasio Lake tributaries fishery is dependent upon wild trout populations. Until trout population can be fully assessed for these tributaries, the bag limit was reduced from 5 fish to 2 fish to help maintain a sustainable fishery.
(130.6) New Bullards Bar Reservoir	All year.	5 trout. 10 landlocked salmon per day. 20 landlocked salmon in possession.			Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(132) Nicasio Lake tributaries (Marin Co.).	Last Saturday in Apr. through Nov. 15	5	Saturday preceding Memorial Day through September 30	2 trout, 4 fish in possession, no gear restrictions	Saturday preceding Memorial Day through September 30	2 trout, 4 fish in possession, no gear restrictions	A summer only season to protect spring and fall spawning fish populations. Limited daily harvest but with additional possession for waters with hatchery supplemented or moderately productive self-sustaining fisheries where there is moderate concern regarding harvest but no threat to total population or target catch rate.	Nicasio Lake tributaries fishery is dependent upon wild trout populations. Until trout population can be fully assessed for these tributaries, the bag limit was reduced from 5 fish to 2 fish to help maintain a sustainable fishery.
(134) Owens River (Inyo and Mono Cos.), including Pleasant Valley and Tinemaha lakes, except (A), (B), (C), <u>and</u> (D) and (E) below.	First Saturday in Mar. through Oct. 31.	5 per day, 10 in possession	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	All stocked waters. Currently open year-round. Never freezes.
	Nov. 1 through the Friday preceding the first Saturday in Mar.	5						

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(A) Upper Owens River from Benton Bridge road crossing upstream to Big Springs. Above Big Springs, see Deadman Creek 7.50(b)(54.5).	Last Saturday in April through Nov. 15. Maximum size limit: 16 inches total length. Only artificial lures with barbless hooks may be used.	2	All year	0 trout, artificial flies and barbless hooks	All year	0 trout, artificial flies and barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	The Owens River upstream of Crowley Lake (Upper Owens) supports a resident, fluvial, and adfluvial (lake-run) fishery that also supports the lake fishery. The Upper Owens can, at any point of the year, have a lake-run form of trout utilizing the habitat for either spawning or thermal refugia. The proposed regulations were set to segregate the river and help to ameliorate angling effects over these different runs and areas. CDFW believes it prudent to use conservative gear restrictions (barbless flies only) and bag limits (0) for the river upstream of the Benton Bridge to protect the runs and life history stages of the various trout species that use the upper river. The CDFW also supports the continued harvest and management of the Upper Owens River below Benton Bridge to allow and be in-sync with Crowley Lake regulations. The majority of anglers utilizing the river above Benton Bridge are fly anglers, while the river below the bridge tend towards traditional bait and lure anglers with some fly anglers. These proposed regulations also address public input requesting more "fly only" waters and expansion of fishing opportunities.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
	Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	0						
(B) Upper Owens River from Benton Bridge road crossing downstream to upper Owens River fishing monument.	Saturday preceding Memorial Day through Sep. 30.	5 per day 10 in possession.	-	-				
(C) Upper Owens River from fishing monument (located about 1/4 mile upstream from maximum lake level) to Crowley Lake.	Last Saturday in April through July 31.	5 per day 10 in possession.	-	-				
-	Aug. 1 through Nov. 15. Minimum size limit: 18 inches total length. Only artificial lures with barbless hooks may be used.	2	-	-				
(B) Upper Owens River from Benton Bridge road crossing to Crowley Lake.			Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Last Saturday in April through July 31	5 trout, no gear restrictions	Alignment with the traditional trout opener to support local economic needs, public safety concerns, and local business operations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	Allow take in summer. Lake level varies. Consistent with upper Owens River in fall, winter and spring.

* (135.5) Parker Creek (Mono Co.) from the Lee Vining Conduit to Rush Creek. <u>from Parker Lake to the confluence with Rush Creek.</u>	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used	0	All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Consistent with SWRBC monitoring criteria. Same reg. for all Mono Lake tributaries, except Lee Vining Creek. Parker Lake is designated Wild Trout Water.
(138) Pillsbury Lake tributaries (Lake Co.).	Last Saturday in Apr. through Nov. 15.	5	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(139) Pine Creek and Pine Creek Slough (Lassen Co.) See Eagle Lake 7.50(b)(61).	Closed to all fishing all year.							
(A) Pine Creek Slough and Pine Creek below State Highway 44.	Closed to fishing all year							
(B) Pine Creek above State Highway 44.	Saturday preceding Memorial Day through Nov. 15.	5 per day 10 in possession	-	-				
(139.5) Pine Creek (Goose Lake Tributary) and tributaries (Modoc Co.).	Saturday preceding Memorial Day through November 15. Only artificial lures with barbless hooks may be used.	0			Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	A spring angling closure to protect spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	Mixed trout species. Public opportunity to catch and keep trout in the area. Bag limit and gear restrictions to allow for take of Brown Trout which are more prevalent than native Goose Lake Redband Trout.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
NEW - Pine Valley Creek (San Diego Co.) upstream of Barrett Lake, and all its tributaries.			All year	2 trout, artificial lures	All year	2 trout, artificial lures	A year-round angling season to maximize opportunity with limited daily harvest, without additional possession, for less productive self-sustaining fisheries where there is moderate concern regarding harvest with no threat to total population or target catch rate.	This water was moved from the District General Regulations. There is no change to the current regulation, except for the removal of the requirement for barbless hooks.
(141) Pit River (Shasta and Modoc cos.).								
(A) Pit River (Modoc County) from the Hwy 395 bridge/South Fork Pit River crossing near the town of Likely downstream to the Highway 299 (Canby) bridge/Pit River crossing.	All year	0	All year	0 trout, artificial lures with barbless hooks	Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	This section of river supports a fishery more typical of a warm water fishery, trout are not common. Most anglers seek sunfish and catfish, this section of river should be moved to statewide reg. The purpose of the old regulation was to provide an extended season for species other than trout; with the new statewide year-round season, this reg is not needed. Other sections of the upper Pit River need to be addressed (upper North and South forks)
NEW - Pit River, South Fork (Modoc Co.) and tributaries upstream of the Highway 395 bridge in Likely.					Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	A spring angling closure to protect spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	(Addition from public) waters not listed would fall under statewide reg, year-round season; could have adverse impacts on wild trout populations in tributaries due to over-fishing/harvest during spawning season. Provide opportunity for stocked trout (in SF Pit) and wild Brown Trout (upper tributaries) angling.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
NEW - Pit River, North Fork (Modoc Co.) and tributaries from the confluence with the South Fork in Alturas upstream to (including) Franklin Creek.					Saturday preceding Memorial Day through the last day in February	2 trout, artificial lures	A spring angling closure to protect spawning fish populations. Limited daily harvest without additional possession for less productive self-sustaining fisheries where there is moderate concern regarding harvest with no threat to total population or target catch rate.	Waters not listed would fall under statewide reg, year-round season, 5/10 bag/possession, no gear restrictions; could have adverse impacts on wild native trout populations due to over-fishing/harvest. Provide angling opportunity while giving some protection to wild/native Redband Trout, avoiding spawning season with a small bag limit.
(B) From Pit No. 3 (Britton Dam) downstream to the outlet of the Pit No. 3 Powerhouse.	Last Saturday in Apr. through Nov. 15. Minimum size limit: 18 inches total length. Only artificial lures with barbless hooks may be used.	2			All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Reduced bag limit to provide reprieve to a popular fishery while allowing a year-round angling opportunity and simplifying the regulations.
	Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	0						
(C) Pit River, from Pit No. 3 Powerhouse downstream to Pit No. 7 dam-Shasta Lake.	Last Saturday in Apr. through Nov. 15.	5			All year	2 trout, 4 fish possession limit, no gear restrictions	A year-round angling season to maximize opportunity with limited daily harvest, with additional possession, for waters with hatchery supplemented or moderately productive self-sustaining fisheries where there is moderate concern regarding harvest but no threat to total population or target catch rate.	Reduced bag limit was a compromise to allow year-round harvest.

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
-	Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	0

* (189) Stony Creek, and tributaries (including the North, South, and Middle forks) (Colusa, Glenn and Lake cos.).	-	-	-	-	-	-		
(A) From the headwaters downstream to the diversion dam west of Stonyford in the center of Section 35, T18N, R7W, except the portion of Stony Creek Middle Fork from Red Bridge upstream	Last Saturday in April through Nov. 15.	5 per day 10 in possession	-	-	-	-		
-	Nov. 16 through the Friday preceding the last Saturday in April. Only artificial lures with barbless hooks may be used.	0	-	-	-	-		
(B) (189) Stony Creek Middle Fork from Red Bridge upstream (Colusa, Glenn and Lake cos). (A) From the headwaters downstream to the diversion dam west of Stonyford in the center of Section 35, T18N, R7W.	Last Saturday in April through Nov. 15. Only artificial lures with barbless hooks may be used.	2	All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Stoney Creek is a designated Heritage and Wild Trout Water. It is a unique fishery in that it is one of the few east draining streams from the coastal mountain range with a fully intact native fish assemblage. A zero bag limit will protect the wild native rainbow trout which could be susceptible to

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
								overharvest during critical spawning periods and elevated thermal episodes.
	Nov. 16 through the Friday preceding the last Saturday in April. Only artificial lures with barbless hooks may be used.	0						
(189.5) Susan River (Lassen County) from the confluence of Willard Creek and the Susan River, downstream to the Bizz Johnson trail bridge located approx. 1/4 mi. downstream from the 3 mi. marker on the Bizz Johnson trail. Also, see Section 8.10 for special open season for youths participating in Youth Fishing Derby.	Last Saturday in April through November 15. Only artificial lures with barbless hooks may be used.	0	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions	A spring angling closure to protect spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	One regulation for the entire river will eliminate the catch and release section, which is a section of river with poor summer water conditions and routinely needs to be stocked with hatchery trout to restart the population. The catch and release section does not make sense from a management perspective and is catering to a very small segment of the local angling community. End points of the current sections are confusing to anglers. Keep Section 8.10, change date so the Susan River Kids Fishing Derby will be the third Saturday in May.
(189.8) Swamp Creek and all tributaries (Siskiyou Co.)	See McCloud River 7.50(b)(115).							

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
NEW - Sweetwater River (San Diego Co.) upstream of Sweetwater Reservoir, and all its tributaries.			All year	2 trout, artificial lures	All year	2 trout, artificial lures	A year-round angling season to maximize opportunity with limited daily harvest, without additional possession, for less productive self-sustaining fisheries where there is moderate concern regarding harvest with no threat to total population or target catch rate.	This water was moved from the District General Regulations. There is no change to the current regulation, except for the removal of the requirement for barbless hooks.
(191) Sworinger Lake tributaries (Modoc and Lassen Cos.) upstream to the first lake	Closed to all fishing all year		Saturday preceding Memorial Day through the last day in February	5 trout, no gear restrictions				Remove (191); essentially same reg as in (177.5)
(192) Tahoe Lake and tributaries (Placer and El Dorado Cos.).								
(A) Tahoe Lake tributaries upstream to the first lake.	July 1 through Sept. 30	5 per day 10 in possession	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Saturday preceding Memorial Day through September 30	0 trout, artificial lures with barbless hooks	A summer only angling season to protect spring and fall spawning fish populations. Maximum restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Lake Tahoe is a wild trout fishery dependent on tributary spawning. The spring spawning run in Tahoe extends beyond Memorial Day, often well into June, and occasionally into July.
(B) Tahoe Lake except (192)(C) below.	All year.	5, but no more than 2 mackinaw trout	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
(C) Tahoe Lake within 300 feet of the mouth of its tributaries.	July 1 through Sept. 30.	5, but no more than 2 mackinaw trout	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Saturday preceding Memorial Day through September 30	0 trout, artificial lures with barbless hooks	A summer only angling season to protect spring and fall spawning fish populations. Maximum restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Lake Tahoe is a wild trout fishery dependent on tributary spawning. The spring spawning run in Tahoe extends beyond Memorial Day, often well into June, and occasionally into July.
(194) Topaz Lake (Mono Co.).	Jan. 1 through Sept. 30	5	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(194.6) Trinity Reservoir	All year.	5 trout per day. 10 trout in possession. 10 landlocked salmon per day. 20 landlocked salmon in possession.	Move to 7.0 statewide reg		Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	
(195.1) Trinity River above Trinity Dam Lake-(Trinity County) from the confluence with Tangle Blue Creek (Hwy 3) downstream (south) to the mouth of Trinity Lake, approximately 13.8 miles	Last Saturday in April through November 15	5 per day, 10 in possession	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	Saturday preceding Memorial Day through September 30	5 trout, no gear restrictions	A summer only angling season to protect spring and fall spawning fish populations. Minimum restrictions on harvest and gear for robust, self-sustaining fisheries with low to moderate angling, or stocked fisheries where the maximum catch can be harvested sustainably.	

Body of Water	Current Open Season and Special Regulations	Current Daily Bag and Possession Limit	2019 Proposed Open Season	2019 Proposed Daily Bag, Possession Limit, & Gear Restrictions	2020 Proposed Open Season	2020 Proposed Daily Bag, Possession Limit, & Gear Restrictions	Justification/Rationale Based on Fisheries Management Goals and Objectives	Additional Considerations (e.g., Biological, Public Input, Traditional Values, Socioeconomics)
	November 16 through the Friday preceding the last Saturday in April. Only artificial lures with barbless hooks may be used.	0 trout	October 1 through the Friday preceding Memorial Day	0 trout, artificial lures with barbless hooks	October 1 through the Friday preceding Memorial Day	0 trout, artificial lures with barbless hooks	A fall through spring angling season in conjunction with a separate summer season to segregate harvest and maximize opportunity. Significant restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations during these seasons, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	
(195.5) Trout Lake (Siskiyou County)	Only Wednesdays and weekends from the last Saturday in April through Sept. 30	2	Saturday preceding Memorial Day through September 30	2 trout, artificial lures	Move to 7.0 statewide reg		Waters with self-sustaining and stocked fisheries where the maximum catch can be harvested sustainably, with an emphasis on fisheries with high natural production and or some level of stocking.	R1 does not want to manage land use on wildlife areas through fishing regulations, therefore recommends moving to Statewide Regs.
(196) Truckee River (Nevada, Placer and Sierra Cos.).								
(B) Truckee River from the confluence of Trout Creek downstream to the Glenshire Bridge to the mouth of Prosser Creek.	Last Saturday in Apr. through Nov. 15. Minimum size limit: 14 inches total length. Only artificial lures with barbless hooks may be used	2	All year	0 trout, artificial lures with barbless hooks	All year	0 trout, artificial lures with barbless hooks	A year-round angling season to maximize opportunity while at the same time utilizing restrictions on harvest and gear to reduce angling impacts to listed or sensitive populations, mitigate high use areas, seasonally eliminate harvest of spawning fish, or to achieve fast action or trophy fisheries.	Maintain all year season without increasing harvest. Can harvest trout downstream of Prosser Creek.
	Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	0

	Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	0						

Proposed Regulatory Language, Sportfish Simplification

Updated for March 5, 2020 WRC Meeting

Section 3.00, Title 14, CCR, is amended to read:

§ 3.00. Fishing Hours.

(a) Day Defined: One hour before sunrise to one hour after sunset. Remaining hours are night.

(b) All fish may be taken day or night, except as follows:

(1) WATERS WITH RESTRICTED FISHING HOURS FOR ALL SPECIES:

(A) American River between Business 80 and Nimbus Dam (Sacramento Co.): Night fishing prohibited.

(B) Heenan Lake, (Alpine Co.): See section 7.50(b)(76)(A)(XX)(X).

(C) Mono County: Night fishing is prohibited in all Mono County waters except Topaz Lake, where fishing is prohibited from two hours after sunset to one hour before sunrise.

(D) Tahoe Lake (Placer and El Dorado Cos.): Fishing is prohibited from two hours after sunset to one hour before sunrise.

(2) WATERS WHERE NIGHT AND DAY FISHING IS ALLOWED, BUT NO TROUT OR SALMON MAY BE TAKEN AT NIGHT:

(A) North Coast District

(B) North Central District, all waters except no fishing hour restrictions at Berryessa Lake (Napa Co.) and Mendocino Lake (Mendocino Co.)

(C) South Central District, all waters except no fishing hour restrictions at Coyote Lake (Santa Clara Co.)

(D) Valley District, north of Interstate 80, all waters except no fishing hour restrictions at Camp Far West Lake (Nevada, Placer, and Yuba cos.), Collins Lake (Yuba Co.), Oroville Lake (Butte Co.) and Wildwood Lake (Nevada Co.)

(E) Shasta, Siskiyou, Lassen, and Tehama counties.

Also, see Section 27.56.

Note: Authority cited: Sections 200, 205, 265, 270 and 275, Fish and Game Code. Reference: Sections 110, 200 and 205, Fish and Game Code.

Section 4.00, Title 14, CCR, is amended to read:

§ 4.00. Bait - General.

Legally acquired and possessed invertebrates, mollusks, crustaceans, amphibians (except salamanders), fish eggs and treated and processed foods may be used for bait, except:

(a) No species specified as endangered, threatened, candidate, fully-protected, or otherwise protected under state and federal law may be used as bait.

(b) No salamander may be used as bait. See section 5.05 for other amphibians that may be used as bait.

(c) See Section 5.35 for restrictions on crayfish;

(d) See Section 7.50(b)(74XX) for restriction on bait collecting on Hat Creek;

(e) No trout may be maintained or possessed in a live condition in any container on or attached to any boat;

(f) Except for restrictions listed under special regulations, dead ocean fish may be used as bait statewide. This section supersedes the provisions of sections 4.10, 4.15, 4.20, 4.25 and 4.30.

Note: Authority cited: Sections 200, 205 and 265, Fish and Game Code. Reference: Sections 200, 201, 205, 265 and 5505, Fish and Game Code.

Section 5.00, Title 14, CCR, is amended to read:

§ 5.00. Black Bass.

It is unlawful to take or possess black bass except as provided below:

(Note: Some waters are closed to all fishing under Section 7.50.)

(a) General Statewide Restrictions:

(1) Lakes/Reservoirs and the Sacramento-San Joaquin Delta: The following waters, except for those listed in subsection (b) Special Regulations (below), are open to fishing all year, with a 12-inch minimum size limit and a five-fish daily bag limit: All lakes and reservoirs in the State, and the Sacramento-San Joaquin River Delta, (see Section 1.71 for definition of the Delta).

(2) Rivers/Streams and Private Ponds: Rivers, streams, canals, and lakes or ponds entirely on private lands, which are not listed in subsection (b) Special Regulations (below), are open all year with no size limit and a five-fish daily bag limit.

(b) Special Regulations: Counties and individual waters listed below are those having regulations different from the General Statewide Restrictions in subsection (a).

Area or Body of Water	Open Season	Size (total length)	Bag Limit
DISTRICTS AND COUNTIES WITH SPECIAL REGULATIONS			
(1) Colorado River District: All waters (Bag and size limits conform with Arizona regulations.).	All year.	13-inch minimum.	6
(2) Inyo County: all streams east of Highway 395 from the southern Inyo County line north to the junction of Highway 6 and east of Highway 6 to the Mono County line., <u>except those streams listed by name in the Special Regulations.</u>	All year.	12-inch minimum.	5
The remaining streams of Inyo County, except those waters listed in sections 7.50(b)(82) and 7.50(b)(134).	Last Saturday in Apr through Nov. 15.	12-inch minimum.	5

All Lakes, Big Pine Canal, Fish Spring Canal, and Millpond.	All year.	12-inch minimum.	5
(3) Lassen County: all waters.	All year.	No size limit.	5
(4) Modoc County: all waters except Dorris and Big Sage Reservoirs (see subsection (a)(1)).	All year.	No size limit.	10
(53) Mono County: all waters except for Fish Slough (see subsection (b)(4610)) and those waters listed as closed to all fishing in Section 7.50 by name in the Special Regulations.	Last Saturday in April through Nov. 15. All year.	No size limit. 12-inch minimum.	5
(64) Plumas County: all waters.	All year.	No size limit.	5
(7) Shasta County: all lakes except Britton, Shasta and Whiskeytown lakes (see subsection (a)(1) and Big Lake (see subsection (b)(9)).	All year.	No size limit.	5
INDIVIDUAL BODIES OF WATER WITH			
SPECIAL REGULATIONS			
(85) Barrett Lake (San Diego County). (Also see Section 2.08)	All year.	No black bass shall be possessed.	0
(9) Big Lake (Shasta County) (Also see Section 7.00(b)(4))	Last Saturday in Apr through Nov. 15.	12-inch minimum	5
	Nov. 16 through last Friday in April.	No black bass shall be possessed.	0

(406) Casitas Lake (Ventura County).	All year.	12-inch minimum. No more than one over 22 inches.	5
(447) Castaic Lake (Los Angeles County).	All year.	15-inch minimum.	5
(428) Cuyamaca Lake (San Diego County).	All year.	No size limit. No smallmouth bass shall be possessed.	5
(13) Diamond Valley Lake, (Riverside County)	All year.	Largemouth bass 15-inch minimum. No smallmouth bass shall be possessed.	5
(449) Eastman Lake (Madera and Mariposa Cos.) (Note: See Section 7.50(b)(62) for special area closures).	All year.	22-inch minimum.	1
(15) El Capitan Reservoir (San Diego County).	All year.	42-inch minimum.	5
(4610) Fish Slough (Mono County), except the fenced portions of Fish Slough within Owens Valley Native Fishes Sanctuaries and BLM Spring, which are closed to all fishing all year.	All year.	No size limit.	5

Section 5.41, Title 14, CCR, is amended to read:

§ 5.41. Landlocked Salmon.

- (a) Open season: All year.
- (b) Daily bag limit: Five.
- (c) Possession limit: Ten.
- (d) Size limit: None.
- (e) ~~See exceptions in Section 7.50(b) for Bucks Lake, Lake Pardee, New Bullards Bar Reservoir, upper Scotts Flat Reservoir, and Trinity Reservoir~~Exceptions:
(1) Bucks Lake, New Bullards Bar Reservoir, Pardee Lake, Upper Scotts Flat Reservoir, and Trinity Lake
(A) Daily bag limit: Ten
(B) Possession limit: Twenty

Note: Authority cited: Sections 200, 205, 219 and 265, Fish and Game Code. Reference: Sections 200, 205 and 265, Fish and Game Code.

Section 5.XX, Title 14, CCR, is added to read:

§ 5.XX. Brook Trout.

- (a) Open Season: All year.
- (b) Limit: Ten
- (c) Size Limit: None

Section 5.85, Title 14, CCR, is amended to read:

§ 5.85. Trout and Salmon.

~~See Chapter 3, District Trout, Salmon and Special Regulations.~~

Daily bag and possession limits, unless otherwise noted, mean the total number of trout in combination.

(a) General Statewide Regulations:

(1) All inland lakes, reservoirs, rivers, streams, canals, and private ponds entirely on private lands, which are not listed in Section 7.50, are open to fishing all year, with a five-fish daily bag limit, 10 fish possession limit, and no size limit.

(b) Exceptions: All waters listed by name in Section 7.50(b), Alphabetical List of Waters with Special Fishing Regulations.

Note: Authority cited: Sections 200, 205, 219, 265 and 275, Fish and Game Code. Reference: Sections 200, 205, 255, 265, 270 and 275, Fish and Game Code.

Section 5.XX, Title 14, CCR, is added to read:

§ 5.XX. Salmon

~~See Chapter 3, District Trout, Salmon and Special Regulations.~~

Note Authority cited: Sections 200, 205, 219, 265 and 275, Fish and Game Code. Reference: Sections 200, 205, 255, 265, 270 and 275, Fish and Game Code.

Section 7.00, Title 14, CCR, is amended to read:

§ 7.00. District General Regulations

Unless otherwise provided, waters shown as open to ~~trout~~ hatchery trout and hatchery steelhead fishing in subsections (a) through (g) below, are open to fishing for other species. Gear restrictions listed in this section apply to the take of all species of fish unless otherwise noted. Every body of water listed in subsections (a) through (g) of Section 7.00 (below) is closed to all fishing, except during the open season as shown. Unless otherwise provided, waters closed to ~~trout~~ hatchery trout and hatchery steelhead fishing are closed to fishing for all other species, except that these closures do not apply to fishing for amphibians (see Section 5.05), freshwater clams (see Section 5.20), crayfish (see Section 5.35), and lamprey (see Section 5.40), using legal fishing methods other than hook-and-line fishing, and saltwater clams, crabs, ghost shrimp, and blue mud shrimp (see Ocean Regulations Booklet ~~Sections~~ sections 29.20 to 29.87). Crabs may only be taken using hoop nets or by hand, and Dungeness crab may only be taken within the North Coast District and Sonoma and Mendocino counties.

Daily bag and possession limits, unless otherwise provided, mean the total number of ~~trout~~ hatchery trout and hatchery steelhead. Unless otherwise provided, no more than one daily bag limit may be possessed. Coho (silver) salmon may not be taken in any of the waters of the State, except in Lake Oroville and Oroville-Thermalito Complex (Diversion Pool, Forebay, and Afterbay) and the Feather River from the Diversion Pool Dam to the Fish Barrier Dam. Incidentally hooked Coho (silver) salmon, except those in Lake Oroville and Oroville-Thermalito Complex (Diversion Pool, Forebay, and Afterbay) and the Feather River from the Diversion Pool Dam to the Fish Barrier Dam, must be immediately released unharmed to the waters where they are hooked. In waters where the bag limit for trout is zero, fish for which the bag limit is zero must be released unharmed, and should not be removed from the water.

These waters may also be subject to restrictions on fishing methods and gear (sections 2.00 through 2.45), fishing hours (~~section~~Section 3.00), and the use of bait (sections 4.00 through 4.30).

<i>District/Water</i>	<i>Open Season</i>	<i>Daily Bag and Possession Limit</i>
(a) North Coast District		
(1) All lakes and reservoirs except those listed by name in the Special Regulations.	All year.	5 trout per day. 10 trout in possession.
(2) Anadromous waters of the Klamath and Trinity River <u>systems</u>, and those entering the ocean south of Humboldt Bay, which are not listed in the Special Regulations.	Closed to all fishing all year.	
(3) All anadromous waters tributary to Humboldt Bay, and north of Humboldt Bay, except those of the Klamath and Trinity river systems and those listed by name in the Special Regulations.	Fourth Saturday in May through Oct. 31. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead*. 4 hatchery trout or hatchery steelhead* in possession. Closed to the take of salmon.
(4) All streams except anadromous waters and those listed by name in the Special Regulations.	Last Saturday in Apr. through Nov. 15.	5 trout per day. 10 trout in possession.

~~(NOTE: A list of the non-anadromous waters opened to trout fishing (STREAMS AND PORTIONS OF STREAMS NOT LISTED IN THE SPECIAL REGULATIONS THAT ARE OPEN TO TROUT FISHING FROM THE LAST SATURDAY IN APRIL THROUGH NOVEMBER 15 (New 6-12-98), which is incorporated by reference herein) is available from the Department's Region 1 Office, 601 Locust Street, Redding, CA 96001 (Telephone: (530) 225-2300).~~

~~(5) SPECIAL BROOK TROUT BONUS BAG AND POSSESSION LIMIT: UP TO 10 BROOK TROUT PER DAY LESS THAN 8 INCHES TOTAL LENGTH MAY BE TAKEN AND POSSESSED IN ADDITION TO THE OTHER DAILY BAG AND POSSESSION LIMITS SPECIFIED FOR THE NORTH COAST DISTRICT~~

(b) Sierra District		
(1) All rivers and associated tributaries above Lake Shasta.	Closed to the take of salmon.	
(2) Anadromous waters of Tehama and Shasta counties not listed in the Special Regulations. (Section 7.50). (See subsections (b)(156) and (b)(156.5) of Section 7.50, regarding the Sacramento River.)	Last Saturday in Apr. through Nov. 15. Only artificial lures and barbless hooks may be used.	2 hatchery trout or hatchery steelhead*. 4 hatchery trout or hatchery steelhead* in possession. Closed to the take of salmon.
(3) All lakes and reservoirs except those in the Fall River Valley, those in Inyo and Mono	All year.	5 trout per day. 10 trout in possession.

counties and those listed by name in the Special Regulations.		
(4) All streams, lakes and reservoirs in Inyo and Mono counties, except those listed by name in the Special Regulations.	Last Saturday in Apr. through Nov. 15.	5 trout per day. 10 trout in possession.
(5) All streams, lakes and reservoirs in the Fall River Valley above the Pit No. 1 PG&E Diversion Dam on Fall River in Shasta County, except those listed by name in the Special Regulations.	Last Saturday in Apr. through Nov. 15.	2 trout
(6) All streams in Lassen and Modoc counties east of Highway 395 and north of Clarks Valley Road. Clarks Valley Road is defined as those portions of county routes 510, 512 and 506 running easterly from the town of Madeline to the Nevada border. (7) All other streams except those listed by name in the Special Regulations.	Saturday preceding Memorial Day through Nov. 15.	5 trout per day. 10 trout in possession.
	Last Saturday in Apr. through Nov. 15.	5 trout per day. 10 trout in possession.
(8) Mono County waters, when closed to trout fishing, are closed to all fishing, except for the unrestricted portions of Fish Slough which are open to fishing all year. Also, see Mono County waters listed in sections 5.00 and 7.50.		

~~(9) SPECIAL BROOK TROUT BONUS BAG AND POSSESSION LIMIT:~~

~~(A) IN SIERRA DISTRICT WATERS OF SISKIYOU, SHASTA AND TEHAMA COUNTIES, UP TO 10 BROOK TROUT PER DAY LESS THAN 8 INCHES TOTAL LENGTH MAY BE TAKEN AND POSSESSED IN ADDITION TO THE OTHER DAILY BAG AND POSSESSION LIMITS SPECIFIED FOR THE SIERRA DISTRICT.~~

~~(B) IN THE SIERRA DISTRICT SOUTH OF INTERSTATE 80, UP TO 10 BROOK TROUT PER DAY LESS THAN 10 INCHES TOTAL LENGTH MAY BE TAKEN AND POSSESSED IN ADDITION TO THE OTHER DAILY BAG AND POSSESSION LIMITS SPECIFIED FOR THE SIERRA DISTRICT. THIS ALLOWANCE DOES NOT INCLUDE RED LAKE IN ALPINE COUNTY OR KIRMAN, LANE OR ROOSEVELT LAKES IN MONO COUNTY.~~

(c) North Central District		
(1) All lakes and reservoirs except those listed by name in the Special Regulations.	All year.	5 trout
(2) All streams except those listed by name in the Special Regulations.	Closed to all fishing all year.	
(31) The tidewaters of all streams except those listed by name in the Special Regulations. Note: Some waters within this district are tide waters regulated by	Closed to all fishing all year.	

regulations for the ocean and San Francisco Bay District (see sections 1.53 and 27.00).		
(d) Valley District		
(1) All lakes and reservoirs except those listed by name in the Special Regulations.	All year.	5 trout
(21) All anadromous waters except those listed by name in the Special Regulations (See definition of anadromous waters, Section 1.04).	All year.	2 hatchery trout or hatchery steelhead*. 4 hatchery trout or hatchery steelhead* in possession. Closed to the take of salmon.
(3) All streams except anadromous waters and those listed by name in the Special Regulations.	All year	5 trout
(e) South Central District		
(1) All lakes and reservoirs except those listed by name in the Special Regulations.	All year	5 trout
(21) That portion of any stream west of any Highway 1 bridge except those listed by name in the s Special r Regulations.	Dec. 1 through Mar. 7, but only on Sat., Sun., Wed., legal holidays and opening and closing days. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead*. 4 hatchery trout or hatchery steelhead* in possession. Closed to the take of salmon.
(32) All streams in Alameda, Contra Costa, and Santa Clara C counties except those listed by name in the Special Regulations.	Last Saturday in Apr. through Nov. 15 <u>Closed to the take of salmon.</u>	5 trout Closed to the take of salmon.
(43) All other streams and portions of streams except those listed in subsection (e)(2) above or by name in the Special Regulations.	Closed to all fishing all year	
(f) Southern District		
(1) All lakes and reservoirs except those listed by name in the Special Regulations.	All year.	5 trout
(2) All streams except anadromous waters in San Diego County, and except those listed by name in the Special Regulations.	All year. Only artificial lures with barbless hooks may be used.	2 trout

(3) All streams except anadromous waters in Los Angeles, Ventura, Santa Barbara, Orange, San Bernardino and Riverside Counties, and except those listed by name in the Special Regulations.	All year.	5 trout
(41) All anadromous waters except those listed by name in the Special Regulations (See definition of anadromous waters, Section 1.04).	Closed to all fishing all year.	
(5) All streams and tributaries (except those listed by name in the Special Regulations) above Twitchell Dam on the Guyama River, above Bradbury Dam and below Gibraltar Dam on the San Ynez River; above Matilija Dam on Matilija Creek and above Wheeler Gorge Campground on NF Matilija Creek; and above Rindge Dam on Malibu Creek.	All year	5 trout
(g) Colorado River District		
(1) The Colorado River and its back waters	All year	10 trout
(2) All other waters	All year	5 trout

*Hatchery trout or steelhead have a healed adipose fin clip (adipose fin is absent). Unless otherwise provided, all other trout and steelhead must be immediately released. Wild trout or steelhead are those not showing a healed adipose fin clip (adipose fin present).

Note: Authority cited: Sections 200, 205, 265 and 275, Fish and Game Code. Reference: Sections 110, 200, and 205, Fish and Game Code.

Section 7.50, Title 14, CCR, is amended to read:

§ 7.50. Alphabetical List of Waters with Special Fishing Regulations.

(a) General Provisions:

(1) Every body of water listed below is closed to the take of trout and trout fishing, unless otherwise noted.

(2) Unless otherwise provided, waters shown as open to trout fishing below, are open to fishing for other species. Every body of water listed below is closed to all fishing except during the open season as shown. Gear restrictions listed in this section apply to the take of all species of fish unless otherwise noted.

(3) Unless otherwise provided, waters closed to trout fishing are closed to fishing for all other species, except that these closures do not apply to fishing for amphibians (see Section 5.05), freshwater clams (see Section 5.20), crayfish (see Section 5.35), and lamprey (see Section 5.40), using legal fishing methods other than hook-and-line fishing, and saltwater clams, crabs, ghost shrimp, and blue mud shrimp (see Ocean Regulations Booklet ~~Sections~~sections 29.20 to 29.87). Crabs may only be taken using hoop nets or by hand, and Dungeness crab may only be taken within the North Coast District and Sonoma and Mendocino counties.

- (4) Daily bag and possession limits, unless otherwise noted, mean the total number of trout.
- (5) Unless otherwise provided, it is unlawful to possess more than one daily bag limit.
- (6) These waters may also be subject to restrictions on fishing methods and gear (sections 2.00 through 2.40), fishing hours (~~section~~Section 3.00), and the use of bait (sections 4.00 through 4.30).
- (7) For waters listed below that open to fishing on the Saturday preceding Memorial Day, the date will be specified here and updated annually. In 2020, the Saturday preceding Memorial Day is May 23.
- (8) For waters listed below that close to fishing on the Friday preceding Memorial Day, the date will be specified here and updated annually. In 2021, the Friday preceding Memorial Day is May 28.

(b)

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
<u>(1) Alambique Creek (San Mateo Co.).</u>	Last Saturday in Apr. through Nov. 15 <u>Saturday preceding Memorial Day through September 30. Only artificial lures with barbless hooks may be used.</u>	5 trout <u>0 trout</u>
(1.5) Alameda Creek and tributaries (Alameda and Santa Clara Cos.).		
(A) Alameda Creek <u>mainstem</u> and <u>all</u> tributaries downstream of San Antonio, Calaveras, and Del Valle Reservoirs reservoirs except for Arroyo Del Valle between Bernal Ave. and the Thiessen St. intersection with Vineyard Ave.	Closed to all fishing all year.	
1. Arroyo Del Valle between Bernal Ave. and the Thiessen St. intersection with Vineyard Ave.	All year. Only artificial lures with barbless hooks may be used.	0 trout
