

## Memorandum

Date: May 27, 2020

To: Melissa Miller-Henson  
Executive Director  
Fish and Game Commission

From: Charlton H. Bonham  
Director

Subject: **Emergency Fishing Delay Expiring May 27, 2020 in Inyo County**

On April 15, 2020 the California Fish and Game Commission (Commission) adopted emergency regulations, California Code of Regulations, Title 14, Section 8.02, providing the Department of Fish and Wildlife (Department) the ability to delay, suspend, or restrict sport or recreational fishing for particular species or areas to ensure that anglers, local communities, and government employees are protected from increased risk of transmission of COVID-19. This ability is conditioned on coordination with local government and Tribes, and consultation with the President of the Commission.

After direct conversations with county leadership, the Department acted to delay the trout fishing opener scheduled to start on April 25, 2020, in Inyo County. Also after county coordination, in an effort to protect wild trout fisheries and stocked fisheries that remained open in Inyo County, the Department reduced bag and possession limits in a few, limited streams. These changes went into effect April 22, 2020, and are set to expire May 31, 2020.

On May 26, 2020, the Department received a letter from the Inyo County Board of Supervisors requesting that the opening day of fishing season be moved from June 1, 2020 to May 27, 2020 as the county received approval from the California Department of Public Health to move into the Governor's Phase Two, Stage Two Resilience Roadmap. In response to this request, I am revising the May 31, 2020, end date for the current fishing restrictions in Inyo County. The consultation and processing of this request required one additional day for processing. Both the delay and the previously adopted bag and possession limit changes will now expire on May 27, 2020 to allow for a May 28, 2020 open to fishing.

Attached to this memorandum is a comprehensive summary of the changes to sportfishing regulations that remain in effect through May 31, 2020, (Attachment 1) and the formal regulation changes (Attachment 2).

If you have any questions or concerns regarding this matter, please contact Roger Bloom, Inland Fisheries Manager, Fisheries Branch at [Roger.Bloom@wildlife.ca.gov](mailto:Roger.Bloom@wildlife.ca.gov).
