STAFF SUMMARY FOR OCTOBER 14, 2020

19B. RULEMAKING TIMETABLE UPDATES

Today's Item Information \square Action \boxtimes

Review and potentially approve changes to the perpetual timetable for anticipated regulatory actions.

Summary of Previous/Future Actions

• FGC approved changes to rulemaking timetable

Aug 19-20, 2020; Webinar/Teleconference

 Today consider approving changes to the rulemaking timetable Oct 14, 2020; Webinar/Teleconference

Background

This is a standing agenda item for FGC staff and DFW to request changes to the FGC regulatory timetable, or for FGC to make changes during the course of this meeting.

DFW requests two changes to FGC's regulatory timetable (exhibits 1 and 2):

Amend sections 360 and 363 and add Section 708.19 related to mammal hunting. The
rulemaking is necessary to reinstate elk and pronghorn antelope preference points and
partially refund fees paid to hunters who were unable to use their drawn tags in 2020
due to fire-related forest closures in specified areas. The rulemaking will also modify
regulatory text associated with season date changes such that annual rulemakings will
not be necessary to keep the language current, and will also adjust deer and pronghorn
antelope tag quotas in areas where CDFW long-term datasets indicate population
declines.

DFW requests that the proposed rulemaking be scheduled for a notice hearing at the Dec 2020 FGC meeting. In considering the potential discussion and adoption hearing schedule, FGC staff requests that FGC add a meeting on Jan 12, 2020 (to coincide with the WRC meeting) for the discussion hearing so that the proposed regulations can be considered for adoption at the Feb 10-11, 2020 FGC meeting. The proposed schedule will allow the regulations to be effective prior to next year's big game tag drawing.

 Amend Section 632, Marine Protected Areas, Marine Managed Areas, and Special Closures, to allow for maintenance of pre-existing artificial structures within state marine conservation areas. This rulemaking is necessary to allow for permitted maintenance and/or repair needs of artificial structures that were installed prior to marine protected area designation by the Commission.

DFW requests that the proposed rulemaking be scheduled for a notice hearing at the Feb 2021 FGC meeting, discussion at the Apr 2021 meeting, and adoption at the Jun 2021 meeting. Under Agenda Item 9 for this meeting, staff recommends that the Marine Resources Committee discuss the proposed rulemaking at its Nov 2020 meeting and develop a recommendation for FGC consideration.

Significant Public Comments (N/A)

STAFF SUMMARY FOR OCTOBER 14, 2020

Recommendation

FGC staff: Adopt proposed changes to the timetable for anticipated regulatory actions (Exhibit 2), including any rulemaking changes identified during today's meeting.

Exhibits

- 1. DFW memo, received Oct 6, 2020
- 2. Perpetual Timetable for Anticipated Regulatory Actions, dated Oct 6, 2020

٨	Λ	O	ti	O	n	/	D	i	r	e	C	ti	0	n

Moved by	and seconded by	that the Commission approves the
proposed	changes to the rulemaking timetable as	recommended by staff and as discussed
today.

State of California Department of Fish and Wildlife

Memorandum

Date: October 6, 2020 (Received by FGC on Oct 6, 2020)

To: Melissa Miller-Henson Executive Director

Fish and Game Commission

From: Charlton H. Bonham (Signed original on file)

Director

Subject: Request for Changes to the Fish and Game Commission's Timetable for Anticipated Regulatory Actions

The Department of Fish and Wildlife (Department) requests the following schedule change to the Fish and Game Commission's (Commission's) 2020 regulatory timetable:

- Add a rulemaking to add Section 708.19 Preference Point Reinstatement and Tag Fee Refund and amend sections 360 Deer and 363 Pronghorn Antelope, Title 14, CCR. The rulemaking to add Section 708.19 is necessary to reinstate elk and pronghorn antelope preference points and partially refund fees paid to hunters who were unable to use their drawn tags in 2020 due to fire-related forest closures. The amendments to sections 360, and 363 will adjust deer and pronghorn antelope tag quotas in areas where CDFW long-term datasets indicate population declines.
 - The proposed meeting schedule is notice at the December 2020 meeting.
- Add a rulemaking to amend Section 632, Marine Protected Areas, Marine Managed Areas, and Special Closures, Title 14, CCR, to allow for maintenance of pre-existing artificial structures within State Marine Conservation Areas. This rulemaking is necessary to allow for permitted maintenance and/or repair needs of structures that were installed prior to Marine Protected Area designation by the Commission. This rulemaking is a priority to address in the near-term due to immediate maintenance and repair needs for select structures that need to be permitted prior to an emergency or threat to public health and safety.
 - The proposed meeting schedule is notice at the February 2021 meeting, discussion at the April 2021, and adoption at the June 2021 meeting.

If you have any questions or need additional information, please contact Regulations Unit Manager, Michelle Selmon at (916) 653-4674 or by email at
