

Certified Non-Lead Projectiles/Ammunition

Pursuant to Section 250.1, Title 14, California Code of Regulations, the listed projectiles and/or ammunition are certified as containing 1% or less of lead and may be used for the take of various wildlife species in California. It is the responsibility of the hunter to verify the individual projectile or ammunition is compliant with the method of take regulations for the individual species or species group.

Projectiles							
Projectile Trade Name or Marketing Line (if established)	Product or Catalog Number (SKUs or UPCs are acceptable)	Caliber (diameter in inches)	Weight in Grains of the Projectile(s)	Composition of the Projectile	% Content of Lead by Weight of Projectile	Detailed Unique Identifying Characteristics	Photo
HALO HANDGUN PROJECTILES	859665005376	38 (.357)	90	Copper	0%	CNC machined, solid copper, non-expanding, flat base projectiles with pressure relief rings in shank of bullet	
	859665005352	38 (.357)	125	Copper	0%
