

2015-2016 Fisheries Restoration Grant Proposals - FRGP/SHRRC Focus - Contingency List

Project Type	Proposal Number	Project Name	Applicant	Project Description	County	CDFW Region	Funded Amount
MD	020	Coastal Mendocino County Salmonid Life Cycle and Regional Monitoring	Pacific States Marine Fisheries Commission	We request funds to continue FRGP funded Coastal Salmon Monitoring Plan life cycle and regional escapement monitoring in Mendocino County and to continue to evaluate and implement regional habitat monitoring.	Mendocino	1	\$1,782,980
MD	164	Ventura River Basin Population Abundance Surveys and PIT Tag Program	Pacific States Marine Fisheries Commission	Estimate O.mykiss population abundance in the Ventura basin via juvenile abundance snorkel surveys calibrated by electrofishing. Estimate smoltification rates in the Ventura and two main rearing tributaries by establishing PIT tag array network.	Ventura	5	\$440,639
PL	217	Mid-Klamath Floodplain Assessment and Mine Tailing Remediation Plan	Mid Klamath Watershed Council	Assess floodplain restoration opportunities and constraints, develop and prioritize conceptual designs for connecting and enhancing winter and summer refuge habitat, and develop a preliminary mine tailing remediation plan for 70 miles of the Klamath River.	Siskiyou	1	\$155,501
PD	115	Santa Margarita River Fish Passage Design - Sandia Creek	Trout Unlimited - South Coast Chapter	Improve steelhead passage on the Santa Margarita River in San Diego County by providing 65% design plans for remediation of two adjacent high priority fish passage barriers on the River mainstem upstream of Camp Pendleton at Sandia Creek bridge crossing.	San Diego	5	\$163,695
PL	155	Pine Creek Watershed Assessment and Erosion Prevention Planning Project	Hoopa Valley Tribe	Reduce impacts to and restore coho habitat through the development of a site specific and prioritized plan for erosion prevention and habitat restoration within the Pine Creek watershed.	Humboldt	1	\$198,362
OR	117	Fish Habitat Assistant	California Conservation Corps	To expand Central California Coast Coho salmon restoration projects, public outreach and education in Central California Coastal watersheds and communities in Mendocino county by funding a Fish Habitat Assistant position for three years.	Mendocino	1	\$201,441
MO	083	Monitoring and Evaluation of Salmonid Habitat Restoration 2015	Pacific States Marine Fisheries Commission	Conduct independent, third-party effectiveness and validation monitoring of a randomized selection of FRGP habitat restoration projects in the North Coast Hydrologic Region. Determine restoration effectiveness through qualitative and quantitative methods.	Del Norte, Humboldt, Marin, Mendocino, Napa, Siskiyou, Sonoma, Trinity	1,3	\$762,096
<b>TOTAL</b>							<b>\$3,704,714</b>

**SHRRC Proposals**

PD	251	Atascadero Reserve Off-Channel Habitat Design Project	Gold Ridge RCD	To develop a design that restores high-flow refugia and removes hydraulic barriers at a 40-acre abandoned pond site and reestablishes hydrologic connectivity of a 2.5 mi. potential Class I tributary stream to Atascadero Creek.	Sonoma	3	\$118,443
PD	262	Hotelling Gulch Fish Passage and Channel Restoration Design	Salmon River Restoration Council	The objective is to complete 100% design for a bridge to improve fish passage and reconnect a historic channel alignment at Hotelling Gulch on the South Fork Salmon River. This project will increase access to 1.4 miles of steelhead habitat.	Siskiyou	1	\$115,959
<b>TOTAL</b>							<b>\$234,402</b>
