

Proposition 1 Streamflow Enhancement Program, 2015-16

On February 18, 2016 the Wildlife Conservation Board realized an important milestone in its Proposition 1 Streamflow Enhancement Program (Program) when the first round of recommended project proposals requesting funding through the Program were presented by staff and approved by the Board. The WCB received eighty one applications for funding in the 2015-16 Solicitation and, following an exhaustive, multi-tiered review, WCB staff recommended twenty four proposals for Board approval. The Board approved all twenty four proposals for a total of approximately \$21 million. (see link below)
