The Department is seeking public comment and identification of issues for preparation of Draft Environmental Impact Reports/Environmental Impact Statements (EIR/EIS) regarding hunting regulation changes for 2017. These documents are prepared to comply with the California Environmental Quality Act.

At this time, the draft waterfowl document is scheduled for release in early November. Comments on these documents will be accepted for 45 days following their release date.

Members of the public can provide comments in person at the following location and time:

Thursday, October 27
