

## Trout Hats

These are easy to make and fun to wear!

1. Print the trout diagram on 11"x17" paper (one per student)
2. Have students decorate their fish
3. Cut each of the fish off the sheet
4. Place the two fish on top of each other with the decorated sides out
5. Staple the fish together behind the fish's eye
6. Wrap the fish around a students head (one fish to the right and one to the left)
7. Staple the tail
8. Have a party!
