

**Table 2: Wildlife Conservation Board Stream Flow Enhancement Program FY 2016/17,
Projects Recommended for Funding**

Category	Applicant	Project Title	Recommended Allocation	Total Project Cost	CEQA
Planning, Scientific Studies, Monitoring, and Assessment	The Nature Conservancy	Developing Efficiencies for Instream Dedications	\$131,744	\$295,094	NOE
Planning, Scientific Studies, Monitoring, and Assessment	Trinity County Resource Conservation District	Weaver Creek Watershed Flow Enhancement Project	\$171,355	\$265,680	NOE
Planning, Scientific Studies, Monitoring, and Assessment	Trout Unlimited	Outlet Creek Streamflow Enhancement Project	\$354,729	\$410,229	NOE
Planning, Scientific Studies, Monitoring, and Assessment	Truckee River Watershed Council	Truckee River Flow Enhancement	\$173,585	\$428,835	EIR & Findings
Planning, Scientific Studies, Monitoring, and Assessment	Sonoma Resource Conservation District	Flow Availability Analysis for Mark West Creek	\$363,418	\$474,075	NOE
Planning, Scientific Studies, Monitoring, and Assessment	Sonoma Resource Conservation District	Mill Creek Watershed Flow Enhancement Study	\$364,603	\$474,075	NOE
Planning, Scientific Studies, Monitoring, and Assessment	The Regents of the University of California	Studies to Support Coho in the Russian Basin	\$958,512	\$474,075	NOE
Planning, Scientific Studies, Monitoring, and Assessment	Plumas Corporation	Sierra Meadow Hydrology Monitoring Project	\$763,771	\$1,130,841	NOE

**Table 2: Wildlife Conservation Board Stream Flow Enhancement Program FY 2016/17,
Projects Recommended for Funding**

Planning, Scientific Studies, Monitoring, and Assessment	San Francisco Zen Center	Green Gulch Farm Water Conservation	\$214,000	\$222,000	NOE
Planning, Scientific Studies, Monitoring, and Assessment	Salmon Protection and Watershed Network (SPAWN)	Lagunitas Creek Floodplain Activation Flow Assessment	\$157,742	\$229,152	NOE
Planning, Scientific Studies, Monitoring, and Assessment	County of Santa Cruz	San Lorenzo Watershed Conjunctive Use Plan	\$330,451	\$615,151	NOE
Planning, Scientific Studies, Monitoring, and Assessment	Resource Conservation District of Santa Cruz County	Scotts Creek Lagoon and Marsh Restoration Project	\$435,000	\$596,000	NOE
Planning, Scientific Studies, Monitoring, and Assessment	Central Coast Salmon Enhancement	Integrated Water Strategies to Enhance flows in Santa Barbara and Ventura Counties	\$581,141	\$832,363	NOE
Implementation	California Trout	Hart Ranch Instream Flow Enhancement	\$2,181,282	\$3,179,524	MND & Findings
Implementation	Fall River RCD	Hat Creek Enhancement Project	\$196,564	\$206,564	MND & Findings
Implementation	Sanctuary Forest, Inc.	McKee Creek Bedrock and Inset Floodplain Streamflow Enhancement	\$135,720	\$512,590	MND & Findings
Implementation	Sanctuary Forest, Inc.	McKee Creek Enhancement Project	\$139,377	\$183,499	NOE
Implementation	Sierra Streams Institute	Deer Creek Streamflow Enhancement and Restoration	\$137,940	\$440,245	NOE

**Table 2: Wildlife Conservation Board Stream Flow Enhancement Program FY 2016/17,
Projects Recommended for Funding**

Implementation	Dry Creek Rancheria	Rancheria Creek Stream Flow Enhancement and Restoration	\$3,467,000	\$5,712,000	MND & Findings
Implementation	Marin Resource Conservation District	Pine Gulch Water Rights and Instream Flow Enhancement	\$406,917	\$433,552	MND & Findings
Implementation	City of Santa Cruz	Addressing Limiting Factors in the San Lorenzo River Lagoon	\$458,750	\$1,107,430	MND & Findings
Implementation	Immaculate Heart Community/La Casa de Maria	San Ysidro Flow Enhancement and Water Conservation	\$940,601	\$1,287,722	NOE
Implementation	Mission Resource Conservation District	Southern California Coastal Watersheds Arundo Eradication	\$2,307,585	\$3,862,545	MND & Findings
Acquisition	Monterey Peninsula Regional Parks District	Rancho Cañada Carmel River Flow Enhancement	\$4,520,000	\$10,250,000	NOE
