A message about invasive species issues in California...

---

The California State Parks' Division of Boating and Waterways, California Coastal Commission's Boating Clean & Green Program, California Department of Fish and Wildlife, and the U.S. Fish and Wildlife Service are hosting FREE Aquatic Invasive Species Workshops.

Workshops will be held in Oakley on March 16, 2016; Modesto on April 12, 2016; and Santa Cruz on May 19, 2016. Pre-registration is required. Please see the [Aquatic Invasive Species Workshops Flier](#) for additional information.

Excerpts from the Flier:

*AIS pose serious threats to water delivery systems, hydroelectric facilities, agriculture, boating, fishing, and the environment. Everyone accessing waters should take simple actions to avoid spreading AIS each time they leave a waterbody.*

*Participants in these workshops will:*

- *Gain an understanding of the impacts AIS have on the economy and environment*
  - *Learn to recognize AIS in their region*
  - *Learn how to take action and prevent spreading AIS by inspecting and cleaning equipment and watercraft*
- 

This listserv is for distribution of information regarding invasive species issues in California.
