

California Fish and Game 102(4):214 - 216; 2016

**SUBJECT MATTER INDEX FOR CALIFORNIA FISH AND GAME 102 (2016)**

<i>Abies magnifica</i> .....	17
abundance .....	175
Agassiz's desert tortoise .....	131
age-at-maturity .....	79
<i>Agelaius tricolor</i> .....	163
American badger .....	131
annual fecundity .....	188
apparent competition .....	157
arboreal foraging .....	163
<i>Atractoscion nobili</i> .....	175
batch spawner .....	79
behavior .....	8
benthic communities .....	55
California .....	41
California Central Coast .....	163
California halibut .....	79
California State Water Project .....	45
central California .....	37
<i>Centrostephanus coronatus</i> .....	37
<i>Cervus elaphus roosevelti</i> .....	8
Chinook salmon .....	41
climate change .....	17, 188
clutch .....	188
commercial catch .....	175
condition factor .....	183
conifers .....	17
cultch .....	100
Delta smelt .....	188
diet .....	41
disease .....	100
drought .....	55
Economic Impact .....	120
eggs .....	188
El Niño .....	37
elevation shift .....	17
<i>Eucyclogobius newberryi</i> .....	48
<i>Falco peregrinus</i> .....	157
flatfish .....	79
foraging ecology .....	8
<i>Gopherus agassizii</i> .....	131

green sunfish.....	41
growth .....	188
Gulf of California .....	50, 183
<i>Haliotis rufescens</i> .....	120
herbivores .....	8
high tide.....	157
histology .....	79
<i>Hypomesus transpacificus</i> .....	188
invasive species.....	45
itinerant breeding .....	163
large herbivores .....	8
latitude .....	17
length.....	188
length-at-maturity.....	79
length-length relationship.....	183
length-weight relationship.....	183
leopard grouper .....	50
leopard shark .....	145
<i>Lepomis cyanellus</i> .....	41
long-line .....	145
Marine Resources Protection Act of 1994 .....	175
metals .....	55
minimum legal size limit.....	79
Monterey Bay.....	37
Non-Market Value .....	120
<i>Oncorhynchus tshawytscha</i> .....	41
<i>Ostrea lurida</i> .....	100
otoliths.....	175
<i>Paralichthys californicus</i> .....	79
pelican barracuda .....	183
peregrine falcon.....	157
physical habitat.....	55
<i>Pinus contorta</i> .....	17
<i>Pinus monticola</i> .....	17
predation.....	157
predator .....	131
prey.....	131
pyrethroids.....	55
radio-telemetry .....	163
<i>Rallus obsoletus obsoletus</i> .....	157
range extension.....	37
recruitment .....	175
Redwood National and State Parks .....	17

reproduction .....100

reproductive cycle .....79

residential stream .....55

restoration.....100

Ridgway’s rail .....157

San Francisco Bay.....157

San Joaquin Restoration Program .....41

San Joaquin River .....41

serial spawning.....188

*Serranidae* .....50

sexual segregation .....8

Shimofuri goby.....45

Socioeconomics.....120

spawning state .....79

*Sphyræna idiaestes* .....183

spiny dogfish .....145

Sport fisheries.....120

*Squalus suckleyi* .....146

survivorship.....175

tidal marsh.....157

*Taxidea taxus* .....131

tidewater goby.....45

Travel Cost Method.....120

trawl.....145

trees .....17

*Triakis semifasciata*.....145

tricolored blackbird .....163

*Tridentiger bifasciatus* .....45

*Tsuga mertensiana*.....17

ungulates .....8

VTM.....17

weight-length.....50

white seabass .....175

year-class strength.....175

zero inflated binomial models .....8
