1. Subject to in-season change. Call the Recreational Groundfish Fishing Regulations Hotline at **(831) 649-2801**, visit the Marine Region Web site at [www.wildlife.ca.gov/Conservation/Marine](http://www.wildlife.ca.gov/Conservation/Marine), send an e-mail to [AskMarine@wildlife.ca.gov](mailto:AskMarine@wildlife.ca.gov), or call your nearest CDFW office for the latest information.

Some marine protected areas (MPAs) restrict or prohibit sport fishing within MPAs. Check the current ocean sport fishing regulations booklet or the CDFW website at

[www.wildlife.ca.gov/Conservation/Marine/MPAs/Network/Central-California](http://www.wildlife.ca.gov/Conservation/Marine/MPAs/Network/Central-California), send an e-mail to [AskMPA@wildlife.ca.gov](mailto:AskMPA@wildlife.ca.gov), or call your nearest CDFW office for more information.

2. Divers and shore-based anglers are exempt from season and depth restrictions affecting the RCG complex and other federally managed groundfish. However, when spear fishing during a boat-based closure, only spear fishing gear is allowed aboard any vessel or watercraft. Also, when angling from shore during a boat-based closure, no vessel or watercraft may be used to assist in taking or possessing species included in this table. The following definitions describe boat-based and shore-based anglers, and divers:

- Boat-based anglers are fishermen that fish from boats or vessels of any size or any other type of floating object, including kayaks and float tubes.
- Shore-based anglers are fishermen that fish from beaches, banks, piers, jetties, breakwaters, docks and other manmade structures connected to the shore.
- Divers are spear fishermen entering the water either from the shore or from a boat or other floating object.

3. During the closed season, Pacific sanddab, butter sole, curlfin sole, flathead sole, rex sole, rock sole, and sand sole (defined as "Other Flatfish" in subsection 1.91(a)(10)) may be taken.

4. See regulations for information on gear restrictions (Sections 28.65, 28.70, 28.90, 28.91, and 28.95) and fillet lengths (Section 27.65).

5. Total length is the longest straight-line measurement from the tip of the head with the mouth closed to the end of the longest lobe of the tail. A measurement method illustration is available in the current Ocean Sport Fishing Regulations booklet.

6. The sport fishery for leopard shark inside Elkhorn Slough is exempt from season and depth restrictions that affect other federally managed groundfish (Section 28.56).

**EXCEPTION: During the open season, groundfish may be possessed in closed areas and in water depths closed to fishing only aboard vessels in transit with no fishing gear in the water (Section 27.20(b)).**
