Certificates of financial responsibility are not required for non-self propelled nontank vessels that do not carry oil of any kind.

2. Operator(s) or owner(s) of nontank vessels that have a carrying capacity of 6,500 barrels of oil or less, or a carrying capacity of 7,500 barrels of oil or less for nontank vessels owned and operated by California or a federal agency, shall demonstrate their current financial ability to pay the following appropriate amount of financial responsibility:
 - \$2,000,000 for those that have a carrying capacity from less than 1 to not more than 10 barrels;
 - \$5,000,000 for those that have a carrying capacity greater than 10 to not more than 50 barrels;

Those nontank vessels that have a carrying capacity greater than 1000 to not more than 6,500 barrels, or 7,500 barrels for nontank vessels owned and operated by California or a federal agency, shall determine the amount of financial responsibility as follows:

 - Subtract 1,000 barrels from the total carrying capacity of oil of the nontank vessel;
 - Multiply this amount by \$5,670 (which represents 30% of the cargo multiplied by the maximum per barrel clean-up and damage cost of spilled oil of \$18,900); then add \$18,900,000.
