

## SECOND 15-DAY PUBLIC COMMENT PERIOD FOR NOTICE OF MODIFICATIONS TO TEXT OF PROPOSED REGULATIONS

June 8, 2018

NOTICE IS HEREBY GIVEN, pursuant to the requirements of Government Code section 11346.8(c), and section 44 of Title 1 of the California Code of Regulations, the Office of Spill Prevention and Response (OSPR), is proposing modifications to Title 14, California Code of Regulations, sections 819 through 819.07 pertaining to the Oil Spill Response Organization (OSRO) Ratings, which was the subject of two regulatory hearings on February 13, 2018 and February 22, 2018, as well as an additional 15-day comment period from May 23, 2018 through June 6, 2018. These changes are in response to comments received regarding the proposed regulation.

**This second 15-day comment period allows for public comments exclusively on the amended changes as illustrated on the attached text by bold, double underline, italics, and framed for added text, and ~~double strikethrough, italics, and framed~~ for deleted text.** The single underline and strikethrough formatting from the original proposed text, and the double underline and strikethrough formatting from the first 15-day comment period has been retained, but are not subject to comment.

The changes made for this second 15-day comment period are as follows:

### **Subsection 819.02(c)(2)(H)**

It was pointed out to OSPR that the addition of “baker tanks” during the first 15-day comment period, while a long-held, commonly used term in the oil industry, is in fact, a name brand. It is not OSPR’s intent to apply such prescriptive requirements and as such, OSPR is revising this term to “portable liquid storage tanks.”

### SUBMISSION OF WRITTEN COMMENTS

Any interested person may submit written comments relevant to the proposed regulatory changes. **The written comment period closes at 5:00 p.m. on Monday, June 25, 2018.** All written comments must be received by OSPR by then in order to be considered. Written comments may be submitted by mail, fax, or e-mail, as follows:

Department of Fish and Wildlife  
Office of Spill Prevention and Response  
1700 K Street, Suite 250  
Sacramento, California 95811  
Fax: (916) 324-5662  
E-mail: [OSPRRegulations@wildlife.ca.gov](mailto:OSPRRegulations@wildlife.ca.gov)

All written comments received by the above stated deadline, which relate directly to this second 15-day comment period as illustrated above, will be reviewed and responded to by OSPR as part of the compilation of the regulatory rulemaking file. **Please limit your comments to the modifications to the text.**
