

Frequently Asked Questions
Wetlands Restoration for Greenhouse Gas
Reduction Program
2018 Proposal Solicitation Notice
July 13, 2018

GENERAL QUESTIONS

Q. Of the funds available for the Wetlands Restoration for Greenhouse Gas Reduction Program, how will the funds be split between the priorities?

A. There is no fixed split of funds among the priorities. Awards are based upon the quality/feasibility of the proposal as well as need, timing, applicability of the proposal to the solicitation priorities.

Q. Are there minimum/maximum amounts awarded for each project?

A. No, there are no minimum or maximum amounts required for awarded projects.

Q. Is funding split geographically?

A. No.

Q. How do I know if an Authorizing Resolution will be required to be submitted if we are awarded funding?

A. Authorizing Resolutions are required if applicant is governed by a Board. The Authorizing Resolution documents that the applicant is authorized by the Board to apply for and to accept grant funds from this solicitation.

Q. Are you able to provide any more information about what exactly defines a mountain meadow?

A. Generally, the Mountain Meadow priority includes restoration projects for wet mountain meadows, ideally at higher elevation, which are shown to sequester carbon.

ELIGIBILITY

Q. Are Operations and Maintenance (O&M) costs eligible to be reimbursed?

A. No. Operations and Maintenance costs are ineligible for funding under this grant program.

Q. Are riparian restoration projects in the Sacramento-San Joaquin Delta eligible for this solicitation?

A. No. Projects under this solicitation are restricted to wetland restoration.

Q. Are freshwater wetlands eligible for funding under this solicitation?

A. No. Current research indicates that wetlands with salinity less than 18ppt have a negative GHG benefit due to methane emissions.

CEQA AND ENVIRONMENTAL PERMITTING

Q. We think CDFW is the most appropriate agency to assume the lead agency roll for CEQA, would you accept this responsibility?

A. Please contact the CDFW Regional office for the region your proposed project is located in to discuss this possibility.

APPLICATION AND WEBGRANTS

Q. Can more than one person have access to input information for an application?

A. Yes. Multiple users may access and edit the same application if they are identified as “Additional Contacts” in the General Information form. To include users as Additional Contacts:

1. Verify that all other collaborators have registered in WebGrants under the same Applicant Organization
2. While in the Application, select the “General Information” form

3. Select “Edit” at the top right of the screen
4. Select “Additional Grantee Contacts” from the options provided. To select multiple contacts, hold “Ctrl” and select each name. All highlighted names will be added as Additional Contacts

General Information

Primary Contact:* ErinRae Aquino

Additional Grantee Contacts:

- ErinRae Aquino
- Edward Drennan2
- Joe1 Hughes
- Monicalee Lashway

Select any additional contacts within your organization that will also manage this grant

Project Title:
(limited to 250 characters)* WebGrants Walk-Thru and Applicant Training

Authorized Official:* Testing Tester

Organization:* BaseLine Organization

5. Select "Save" at the top right of the screen

Q. Is there an application feature to display a running character count within form fields?

A. No. Our online application submission system does not support this feature. Please note that the character limit within WebGrants includes both spaces and punctuation.
