

State Water Resources Control Board

Cannabis Cultivation Permitting Event

Residents who received letters from the State Water Board in the Redwood Creek and Salmon Creek watersheds, and other interested parties, are invited to attend this event. Cannabis cultivators can complete a State Water Board Small Irrigation Use Registration and apply for coverage under the Cannabis Cultivation General Order. Computers will be available onsite and State Water Board staff will be available to help you complete your applications.

Water Boards staff will be available to:

- ◆ Provide one-on-one assistance to help you complete your applications
- ◆ Address any discrepancies, questions, or concerns with the Notice of Violation you received
- ◆ Help with water source and water use calculations
- ◆ Answer your project specific questions

Computers will be available onsite, so please bring all necessary information with you to expedite your application process. A checklist of items to bring can be found at: <https://public2.waterboards.ca.gov/CGO/Home/Checklist>

The Mateel Community Center

October 30, 2018

10:00 am—3:00 pm

59 Rusk Lane

Redway, CA 95560

Partner Agencies may be in attendance.

State Water Resources Control Board Cannabis Cultivation Permitting Event

Who Should Attend?
