

STATE OF CALIFORNIA
FISH AND GAME COMMISSION

ADDENDUM TO FINAL STATEMENT OF REASONS FOR REGULATORY ACTION

Amend Section 300
Title 14, California Code of Regulations
Re: Upland Game Birds

V. Update:

At its June 21, 2017, meeting in Smith River, the Fish and Game Commission adopted zero permits in all sage grouse zones in subsection 300(a)(1)(D)4 for the 2017-18 hunting season.

For clarity, non-substantive language was added to identify which sage grouse permits identified in subsection 300(a)(1)(D)4 pertain to 2-bird daily bag and possession limits and which pertain to 1-bird daily bag and possession limits, as they are identified under subsection 300(a)(1)(D)2.

Notice was given that nonsubstantive changes to the authority and reference sections, are the result of changes to the Fish and Game Code by SB 1473 which took effect on January 1, 2017; however, the noticed text did not show the affected Fish and Game Code sections in the required strikeout/underline language. These and additional changes to the authority and reference sections for consistency with SB1473 are shown in the final regulatory text in the proper format.
