

Summary of Regulatory and Operational Changes affecting Scientific Collecting Permits

Sections 650 and 703, Title 14, California Code of Regulations

Goals of the sections 650, 703 rulemaking (as stated in the Initial Statement of Reasons):

Goal 1: Incorporate revisions to Fish & Game Code § 1002 and 1002.5 last amended by Chapter 559, Statutes of 2012 (Huffman, Assembly Bill 2402; effective January 1, 2013) in the regulatory proposal, and update for proposed SCP implementation.

Goal 2: Implement in regulations a permitting structure that reflects existing Department organization and permit processing, for operation in an online application and data management system.

Goal 3: Implement in regulations a fee schedule that reflects the revised permit structure.

Goal 4: update two existing permit forms, and incorporate by reference twelve (12) new forms reflecting the new permit structure.

Goal 5: Incorporate suggestions and comments gathered during pre-notice outreach into the regulatory proposal.

Operation or Procedure	Legacy SCP ("old" SCP and regulations)	General and/or Specific Use SCP ("new" SCP and regulations)
Operation of Procedure		,
	<u>Permit Administratio</u>	<u>on</u>
Permit Duration - Individual, Entity	• 3 years (changed from 2 years w/ AB 2402)	• 3 years
Permit Duration - Student	• 1 year	• 1 year
Regulatory Definitions	• Few to none	 subsection 650(b), Title 14, CCR: 26 new definitions, including for the 3 purposes for which a SCP is issued: Science, Education, and Propagation
Application & Submission Procedure	PDF application Hard copy mail-in	Online application Online submission
Application Status and Tracking	User unable to track status of their application	 User tracks status of application(s) through "My Permits" dashboard in SCP Portal
Required Qualifications -Individual & Entity Permitholder Types	None specified by regulation Depending on species, letter of recommendation	Subsection 650(h), Title 14, CCR • CV or resume • Statement of Qualifications • Contact information for 2 references Letter of recommendation no longer required
Required Qualifications - Student Permitholder Type	• Letter of Sponsorship	Subsection 650(h), Title 14, CCR • CV or resume • Statement of Qualifications • Letter of Sponsorship from faculty advisor Letter of recommendation no longer required
Permit Structure	"Person-based" - applicant applied for any number of studies or types of work; uncertain maintenance of adequate supervision	Subsection 650(i), Title 14, CCR • Two new permit types: General & Specific Use • "Person AND study-based" - applicant applies for a single study, or unified scope of work; single PI ensures adequate supervision
Permit Structure Improvements	Multiple studies/ complicated requests delayed permit issuance	Comparable permitted units streamline permit issuance
Number of SCPs Needed	single permit per person; permit evolves as applicant seeks authorization for multiple types of work.	One General Use per review program (Fisheries, Marine, Wildlife) Single Specific Use SCP per study or planned undertaking One or more permit(s) may be needed, depending on study/ planned undertaking
Scope of Renewal	Can renew to add new studies or planned undertakings	New Specific Use SCP for each new study or planned undertaking
Renewal	Applicant re-enters app information each renewal	Application information maintained in SCP Portal to streamline renewals
Administrative Updates	Required phone call to License & Revenue Branch to update changes to affiliation, phone number, or email. A paid Amendment was required to remove Authorized Individuals.	Subsection 650(I), Title 14, CCR • Applicants can manage affiliation, phone number, email address updates from their "Profiles" dashboard within the SCP Portal. • Request to remove Authorized Individuals an be emailed, and does not require payment of a fee.
Forms	1 application form - hard copy mailed 1 amendment form - hard copy mailed Report of Specimens Captured & Salvaged (RSCS) form - email or hard copy mailed Notification of Intent to Collect - faxed	Subsection 703(c), Title 14, CCR • 3 app forms (General) and respective amendment forms- submit online • 1 app form (Specific) and respective amendment form - submit online • Mandatory Wildlife Report form (DFW 1379a) - email; submit online (replaces RSCS) • Notification of Field Work or Activity (DFW 1379b) - email; online submission phased in later (replacesIntent to Collect) • Chain of Custody (DFW 1379c) - PDF fillable • Standard Conditions for all SCPs - PDF informational

Legacy SCP ("old" SCP and regulations) Fees & Payment Process Subsection 703(c), Title 14, CCR • \$100 - Individual, Entity • \$25 - Student (before adjustments pursuant to FGC § 713 & 1055) (before adjustments pursuant to FGC § 713 & 1055) • \$27.82 - Student (General or Specific) (2019 license year fees) • \$300 - Individual, Entity • \$390 - Individual, Entity • \$299.15 - Individual, Entity (Specific)			
Subsection 703(c), Title 14, CCR • \$100 - Individual, Entity • \$25 - Student (before adjustments pursuant to FGC § 713 & 1055) • \$27.82 - Student (General) • \$206.54 - Individual, Entity (General)			
Subsection 703(c), Title 14, CCR • \$100 - Individual, Entity • \$49.94 - Individual, Entity (General) • \$79.92 - Individual, Entity (Specific) (before adjustments pursuant to FGC § 713 & 1055) • \$27.82 - Student (General or Specific) (2019 license year fees) • \$206.54 - Individual, Entity (General)			
Nonrefundable application fee • \$25 - Student (before adjustments pursuant to FGC § 713 & 1055) • \$27.82 - Student (General or Specific) (2019 license year fees) • \$26.54 - Individual, Entity (General)			
(before adjustments pursuant to FGC § 713 & 1055) • \$27.82 - Student (General or Specific) (2019 license year fees) • \$206.54 - Individual, Entity (General)			
(2019 license year fees) • \$206.54 - Individual, Entity (General)			
• \$206.54 - Individual, Entity (General)			
Permit (issuance) fee • \$50 - Student • \$55.65- Student (General or Specific)			
(before adjustments pursuant to FGC § 713 & 1055) (2019 license year fees)			
• \$68.04 - Individual, Entity (General)			
• \$100 - Individual, Entity • \$99.92 - Individual, Entity (Specific)			
Amendment fee • \$25 - Student • \$27.82 - Student (General or Specific)			
(before adjustments pursuant to FGC § 713 & 1055) (2019 license year fees)			
Hard copy mail: credit card authorization form, or Hard copy mail: credit card authorization form, or check			
Fee Payment Process check • phone in with credit card			
• phone in with credit card • online payment via Online License & Sales Service			
<u>Adequate Supervision</u>			
Ownership of Entity Permit • PI owns the permit • Entity itself owns the permit			
Principal Investigator • one (1) or more PI allowed per SCP • single (1) PI allowed per SCP			
List of Authorized Individuals (LAI) • Only Entity permitholders can have a LAI (Student Permitholders cannot) • Individual and Entity Permitholders can both have a LAI (Student Permitholders cannot)	itudent		
• General - hard cap (max) of 8 Als per Authorization. Can r	equest		
LAI size change or add up to 8 per Authorization via General Use Ar	nendment.		
• Specific - soft cap of 8 Ais per Specific Use. With justificat	on, can		
request more than 8 Als via Specific Use Amendment.			
Names needed on application even if directly Names not needed in application (don't need to be name) Names not needed in application (don't need to be name)	d on the		
supervised in the field permit, if directly supervised in the field)
