EDMUND G. BROWN JR., Governor
CHARLTON H. BONHAM, Director

**PUBLIC NOTICE: COMPLETION OF
THE INITIAL STUDY/NEGATIVE DECLARATION
for
PROPOSED AMENDMENTS TO
CENTRAL VALLEY SALMON SPORT FISHING REGULATIONS
TITLE 14, CALIFORNIA CODE OF REGULATIONS**

As required by the California Environmental Quality Act, the California Department of Fish and Wildlife (Department) is providing Public Notice of the completion of an Initial Study/Negative Declaration (IS/ND) for a proposed project to amend the Central Valley salmon sport fishing regulations in furtherance of the Department's public trust responsibility to protect and conserve California's natural resources.

Project Location: Sacramento, Feather, American, and Mokelumne rivers.

Project Description: The Department of Fish and Game Commission proposes to amend the Central Valley salmon sport fishing regulations, if necessary, as set forth in Title 14 of the California Code of Regulations. The current 2018 sport fishing regulations, California Code of Regulations, Title 14, Section 7.50, allow for salmon fishing in the American, Feather, Sacramento, and Mokelumne rivers. Each year the Department recommends new Chinook Salmon bag and possession limits for consideration by the Fish and Game Commission. The regulation change is necessary to align the 2019 fishing limits with up to date management goals.

On-line copies: The IS/ND is available for review online at:

<https://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=166203>

Hardcopies: The IS/ND is available for review at:

The Department of Fish and Wildlife
