

April 2019 Newsletter:
Eligibility Verification Time Frames

1. **Internal Candidates** – up to 72 hours
2. **External Candidates with State experience at another State Department** – up to 2 weeks

Verifying eligibility for external candidates is a longer process. The CDFW will reach out to the other state department to verify the candidate's experience and work history. Response times from other departments vary; some departments are more responsive than others. Thus, the time frame for external candidates are dependent on the response times of other departments.

3. **External Candidate with no State Experience** – up to 72 hours
