

California Conservation Corps and Certified Community Conservation Corps

Proposition 68 – Parks, Environment and Water Bond Guidelines *Corps Consultation Process*

This process has been developed to ensure compliance with Division 45 of the Public Resources Code, Chapter 1, Section 80016 that specifies the involvement of the California Conservation Corps (CCC) and the Certified Community Conservation Corps (as represented by the California Association of Local Conservation Corps (CALCC)).

Public Resources Code Section 80016 states “To the extent feasible, a project whose application includes the use of services of the California Conservation Corps or Certified Community Conservation Corps, as defined in Section 14507.5, shall be given preference for receipt of a grant under this division.”

Applicants seeking funds for Proposition 68 projects should consult with representatives of CCC AND CALCC (hereafter collectively referred to as Corps) to determine the feasibility of the Corps’ participation. **Both CCC and CALCC must be consulted prior to application submission.**

The Corps have developed the following consultation process:

Step 1: Applicants are encouraged to reach out to both Corps early in the process while developing project proposal(s) to determine how the Corps can be included. ***Applicant prepares the following information for submission to both CCC and CALCC:***

- Project Title
- Project Description (identifying key project activities, deliverables and a clear description of field work)
- Project Map (showing project location)
- Project Implementation – estimated start and end dates of project and estimated start and end dates of field work

Step 2: Applicant submits the forgoing information via email concurrently to CCC AND CALCC representatives:

California Conservation Corps representative:

Name: Andrea Gabriel
Email: Prop68@ccc.ca.gov
Phone: (916) 341-3272

California Association of Local Conservation Corps representative:

Name: Cailin Jessup
Email: Inquiry@Prop68CommunityCorps.org
Phone: (916) 426-9170 x4

Step 3: Within five (5) business days of receiving the project information, CCC and CALCC representatives will review the submitted information, contact the applicant if necessary and respond to the applicant with a Corps Consultation Review Document (template attached) informing them:

- (1) It is NOT feasible for CCC and/or Certified Community Conservation Corps services to be used on the project; or

- (2) It is feasible for CCC and/or Certified Community Conservation Corps services to be used on the project and identifying the aspects of the project that can be accomplished with Corps services.

Note: While the Corps will take up to five (5) business days to review projects, applicants are encouraged to contact CCC/CALCC representatives to discuss the Corps' project costs and feasibility **early in the project development process**.

The Corps cannot guarantee a compliant review process for applicants who submit project information fewer than five (5) business days before an application deadline.

- Step 4: Applicant submits application and Corps Consultation Review Document to Funder. If the Corps determine their participation is feasible, the applicant must describe the project components involving Corps in the application and provide an estimated budget for that component.
- Step 5: Funder reviews applications. Applications with documentation demonstrating the use of services of the California Conservation Corps or Certified Community Conservation Corps will be given preference for receipt of a grant.

NOTES:

1. The Corps have determined that it is not feasible to use their services on projects that do not include field work. Only projects without field work are exempt from the consultation process and do not need to submit the Corps Consultation Form to Funding Entities.
2. Applicants that have been awarded funds for projects where the Corps has determined Corps services can be used must thereafter work with either CCC or CALCC to develop a scope of work and enter into a contract with the appropriate Corps. Unless otherwise excused, failure to utilize a Corps on such a project will result in Funding Entities assessing a scoring penalty on the applicant's future applications for Proposition 68 Funds.

Compliance with Public Resources Code Section 80001(b)(5)

Public Resources Code Section 80001(b)(5) requires to the extent practicable, that projects provide workforce education and training, contractor, and job opportunities for disadvantaged communities. Partnering with Corps will provide workforce education, training and job opportunities for the young adult members of Conservation Corps.
