

# Website Accessibility Certification

## California Wildlife Conservation Board

---

The California Wildlife Conservation Board is committed to providing accessible content on its website. The organization continually works to satisfy levels A and AA criteria of the World Wide Web Consortium (W3C) Web Content Accessibility Guidelines (WCAG) 2.1.

We strive to maintain all information at acceptable accessibility levels, but some of the older and historical documents, which provide value to our website visitors, do not meet the defined standards. If you are unable to view or access one of these documents, please contact us at [webmaster@wildlife.ca.gov](mailto:webmaster@wildlife.ca.gov) and we will assist you.
