

# Spill Management Team Scoping Meetings

California Department of Fish & Wildlife  
Office of Spill Prevention and Response  
September 2019

Yvonne Najah Addassi  
Preparedness Branch Chief

Rachel Fabian  
SMT Coordinator

# PURPOSE OF THE SCOPING MEETINGS

- Provide an overview of the draft regulations and changes made from the last draft
- Gather input from industry on details of implementation before the initiating the formal rulemaking process
- Share proposed timelines for program implementation
- Questions and Answers

# DISCUSSION TOPIC

# TIME

- Introductions and safety briefing 9:30-9:45
- Review of AB 1197 and changes made to second draft 9:45-10:15
- Training and Experience Requirements discussion 10:15-12:00
- Lunch 12:00-1:00
- Procedures for application, certification, exercises discussion 1:00-2:15
- Proposed timelines and next steps 2:15-3:00
- Adjourn 3:00

# AB 1197 REVIEW

- Plan holders must identify a certified SMT capable of managing the RWCS volume listed in the plan
- OSPR must adopt regulations for certification process and requirements, including:
  - Geographic regions
  - On-scene time frames
  - Training
  - Objectives

# RECAP OF LAST DRAFT

- Three tiers based on RWCS volumes
- SMT requirements for personnel on-scene times, training, and objectives split into Initial and Cascading phases
  - Initial Response Personnel on-scene within 8 hours, complete objectives checklist within 12 hours
  - Cascading Response Personnel on-scene within 24 hours, complete objectives checklist within 24 hours
  - Tiered training requirements are team-based for Initial and position-based for Cascading personnel

# FEEDBACK ON LAST DRAFT

- Training requirements are still too robust; requirements for training should not be included in the regulations
  - HAZWOPER requirements are unnecessary
  - Training requirements do not allow for cross-training
  - Courses hard to get; more guidance needed on content of equivalent courses
  - Adding experience track was helpful, but requirements too great
- Contracted SMTs do not have PIOs on staff
- Timeframes for certification and renewal need adjustment to align with annual exercise scheduling

# CHANGES IN RESPONSE TO FEEDBACK

- Several training courses were removed from requirements:
  - Tiers 1/2: ICS -320 Intermediate IMT, ICS-339 Div/Group Supervisor
  - Tier 3: Position-specific requirements; all have ICS-300
- HAZWOPER requirements for Cascading Personnel removed
- References to Type 2 exercises changed to Type 3
- Volume tested at certification exercises capped for Tier 1
- Defined the terms “Initial” and “Cascading” for purposes of the regulations; also modified relevant sections of the regulations to make intent more clear

# CHANGES IN RESPONSE TO FEEDBACK

- Separate checklists for Initial and Cascading teams were combined into a single list with 6, 12, and 24 hour requirements
- Clarified minimum number of personnel required for Cascading teams: 12, 10, and 8
- Assistant PIOs not required of contracted SMTs
- Added section describing revisions, updates, renewals, and added content to clarify processes for application review and certification
- Removed much of the application content section to the draft applications; added confidentiality provisions
- Some sections were re-ordered for ease of reviewing

# TRAINING AND EXPERIENCE REQUIREMENTS

## Team-Based Training Requirements for Initial Response Personnel

	Number of Personnel	Functions	ICS 100	ICS 200	ICS 300	ICS 700	ICS 800	HAZWOPER IC
Tier I	4	IC, OSC, SOFR +1	ALL	ALL	≥2	ALL	ALL	≥1
Tier II	4	IC, OSC, SOFR +1	ALL	ALL	≥1	ALL	ALL	≥1
Tier III	3	IC, OSC, SOFR	ALL	≥1	≥1	ALL	≥1	≥1

# TRAINING AND EXPERIENCE REQUIREMENTS

		IC	SOFR	APIO	ALOFR
Tier I	ICS Training	ICS-300; ICS-400; ICS-410 or E/L 950; or equivalents; RWCS TTX participation as IC	ICS-300; ICS-404 or E/L 954; or equivalents; RWCS TTX participation as SOFR	ICS-300; ICS-403 or E/L 952; or equivalents; RWCS TTX participation as PIO/APIO	ICS-300; ICS-402 or E/L 956; or equivalents; RWCS TTX participation as LOFR/ALOFR
	Experience	IC/DIC for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents	SOFR/ASOFR for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents	PIO/APIO for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents	LOFR/ALOFR for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents
Tier II	ICS Training	ICS-300; ICS-410; or equivalents; RWCS TTX participation as IC	ICS-300; ICS-404 or E/L 954; or equivalents; RWCS TTX participation as SOFR	ICS-300; ICS-403 or E/L 952; or equivalents; RWCS TTX participation as PIO/APIO	ICS-300; ICS-402 or E/L 956; or equivalents; RWCS TTX participation as LOFR/ALOFR
	Experience	IC/DIC for 84 hours of Type 4 incidents or 120 hours of Type 4 and 5 incidents	SOFR/ASOFR for 84 hours of Type 4 incidents	PIO/APIO for 84 hours of Type 4 incidents	LOFR/ALOFR for 84 hours of Type 4 incidents
Tier III	ICS Training	ICS-300 or equivalent; RWCS TTX participation as IC	ICS-300 or equivalent; RWCS TTX participation as SOFR	ICS-300 or equivalent; RWCS TTX participation as PIO/APIO	ICS-300 or equivalent; RWCS TTX participation as LOFR/ALOFR
	Experience	IC/DIC for 60 hours of Type 4 or 5 incidents	SOFR/ASOFR for 60 hours of Type 4 incidents	PIO/APIO for 60 hours of Type 4 incidents	LOFR/ALOFR for 60 hours of Type 4 incidents

# TRAINING AND EXPERIENCE REQUIREMENTS

		OSC	PSC	LSC	FSC
Tier I	ICS Training	ICS-300; ICS-430 or E/L 958; or equivalents; RWCS TTX participation as OSC	ICS-300; ICS-440 or E/L 962; or equivalents; RWCS TTX participation as PSC	ICS-300; ICS-450 or E/L 967; or equivalents; RWCS TTX participation as LSC	ICS-300; ICS-460 or E/L 973; or equivalents; RWCS TTX participation as FSC
	Experience	OSC/DOSC for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents	PSC/DPSC for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents	LSC/DLSC for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents	FSC/DFSC for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents
Tier II	ICS Training	ICS-300; ICS-430 or E/L 958; or equivalents; RWCS TTX participation as OSC	ICS-300; ICS-440 or E/L 962; or equivalents; RWCS TTX participation as PSC	ICS-300; ICS-450 or E/L 967; or equivalents; RWCS TTX participation as LSC	ICS-300; ICS-460 or E/L 973; or equivalents; RWCS TTX participation as FSC
	Experience	OSC/DOSC for 84 hours of Type 4 incidents	PSC/DPSC for 84 hours of Type 4 incidents	LSC/DLSC for 84 hours of Type 4 incidents	FSC/DFSC for 84 hours of Type 4 incidents
Tier III	ICS Training	ICS-300 or equivalent; RWCS TTX participation as OSC	ICS-300 or equivalent; RWCS TTX participation as PSC	ICS-300 or equivalent; RWCS TTX participation as LSC	ICS-300 or equivalent; RWCS TTX participation as FSC
	Experience	OSC/DOSC for 60 hours of Type 4 incidents	PSC/DPSC for 60 hours of Type 4 incidents	LSC/DLSC for 60 hours of Type 4 incidents	FSC/DFSC for 60 hours of Type 4 incidents

# PROCESSES FOR APPLICATION, CERTIFICATION, EXERCISES

- Separate In-house and Contracted applications
- In-house away teams list C-plan numbers, Contracted SMTs list ACP, RPA coverage
- Application materials verified via appointments, unannounced exercises
- Certification exercises through OSPR's D&E program unless SMT requests otherwise
- SMTs apply for revisions, renewals through the application process
- Plan holders exclusively relying on external SMTs simply file an update to their contingency plans

# NEXT STEPS

- Revise draft and complete rulemaking documentation  
~Nov 2019
- Submit package to OAL for early review and feedback  
~Dec 2019
- Revise and submit regulatory package ~Feb/Mar 2020
- Regulations go into effect within 90 days after Office of Administrative Law Approval ~Oct 1, 2020
