Statewide Apprentice Pheasant Hunt

Grant Amount: \$27,168 amount disbursed for this grant = \$26,633.35

California Waterfowl worked closely with five game bird clubs located in four regions in California. Through the program, CWA has expanded the participant list using upland game bird coupons for pheasant, chukar, and quail, promoted these opportunities through our website, newspapers, and social media pages, received and managed registrations, voucher drawing, and coordinated hunt plans with the hunters.

Task 1) Contact game bird clubs to ensure interest: Worked with five upland game bird clubs: Birds Landing, Hastings Island, Qual Point, Raahauge's, and Clear Creek Sporting Club.

Task 2) Develop registration page: Developed and collected registrations through calwaterfowl.org

Task 3-4) Create/collect materials for new hunter packets: Collected information that is helpful to the novice hunter including additional public land hunting opportunities and other apprentice hunts through DFW. Promoted the program through social media and paid advertising through Western Outdoor News.
