

CDFW Staff COVID-19 Flash Report #2

Friday, March 20, 2020 2:24 PM

This email is being sent to CDFW All

This short format will be used between the COVID-19 Updates to provide employees timely updates on new guidance and critical information.

Executive Order

On March 19, 2020, Governor Newsom issued a new Executive Order for all Californians to stay at home: <https://covid19.ca.gov/img/Executive-Order-N-33-20.pdf>

Please note that this order does not change the Department's current direction and actions to implement teleworking to the maximum extent possible, while recognizing the need for a very few staff to be in office or field locations to do work that can't be done remotely. It is critical that we keep these staff safe while they do so, using social distancing practices, including staggered shifts and days.

Other Recent Information

A new public website has been set up to bring together important information on the status of the COVID-19 in California, as well as actions the State is taking in response. Please see: <https://covid19.ca.gov/>

CalHR sent guidance to departments on March 17, 2020, regarding longer term planning for managing the state's workforce and critical functions during the COVID-19 emergency. The Department is implementing this guidance, which can be found [here](#). Please check with your supervisor if you have questions, or you can email COVID-19@wildlife.ca.gov.

Leadership Message

In these unprecedented times, department leadership deeply appreciates each one of you for your hard work and diligence in taking swift and coordinated actions to fight the spread of COVID-19, while ensuring our critical work continues.
