

Human Resources Branch Memorandum

SUBJECT: Register Now for Cal Employee Connect	NUMBER: HRB 20-017
	DATE ISSUED: May 11, 2020
DISTRIBUTION: All CDFW Employees	EXPIRES: Until Superseded

Action Required **Informational Only** **Control Agency Directive**

Purpose

The purpose of this memorandum is to announce that State Controller's Office (SCO) has expanded access to Cal Employee Connect and California Department of Fish and Wildlife (CDFW) employees can now register to use this secure self-service portal.

The State Controller recognizes that many colleagues are working in alternate locations during the COVID-19 outbreak and the SCO team is doing their part to accommodate these challenges. Cal Employee Connect allows state employees to view, print, and electronically save their own W-2, leave balances, direct-deposit earnings statements, and more. This secure portal is being expanded in waves so that all state employees will have access by July 2020. CDFW is part of Wave B and access will be available to CDFW employees in May 2020.

Registration

To register for the secure portal, just get one of your recent paystubs and visit <https://connect.sco.ca.gov/> to complete the simple process within few minutes.
