(c) Entry Permits, Fees, and Passes.

(1) Where the department has determined that entry permits are required per subsection 550(c)(2) of these regulations and/or that fees are necessary to offset the department's costs of providing public recreational opportunities, an appropriate pass

must first be purchased for a fee through the department's Automated License Data System at a license agent, department license office or on the department's website at www.wildlife.ca.gov. An entry permit will be issued only when an appropriate hunting pass is presented at the checking station or point of entry.

Such authorization will typically be in the form of a Special Use Permit (per subsections 550(d) and 550(n)(2) of these regulations). The department shall not issue Special Use Permits for activities or uses that conflict with the current uses, management or purposes of a department land, would have a significant environmental effect, or would constitute an unlawful use of state resources under Government Code Section 8314.

(1) Types of Special Use.

(A) Type 1 Special Use. A Type 1 special use is an activity that meets all of the following criteria:

1. involves 30 or fewer visitors on site;

3. does not require the use of animals, bicycles, vehicles, or large equipment outside of designated parking areas, roads, trails, or other areas authorized for visitor use; and
4. does not require use of the site for more than one calendar day during normal operating hours of the department land.

(B) Type 2 Special Use. A Type 2 special use is a hunting dog trial or testing event or activity.

(C) Type 3 Special Use. A Type 3 special use is an activity that meets any one of the following criteria:

2. involves more than ten animals or bicycles in total;
3. requires the use of animals, bicycles, vehicles, or large equipment outside of designated parking areas, roads, trails, or other areas authorized for visitor use; or
4. requires use of the site for more than one calendar day or outside of normal operating hours of the department land.

(2) Application Process for Special Use Permits.

(A) Application for a Special Use Permit shall be made on the "Permit Application for Special Use of Department Lands", as specified in Section 702 of these regulations. Failure to disclose fund-raising or commercial activities or other information per the instructions on the application may result in a citation and fine.

(B) Applications and Special Use Permit fees shall be submitted at least 45 calendar days prior to the date of the requested activity or event to the appropriate regional office. The permit fees for Type 1, Type 2, and Type 3 Special Uses are specified in Section 702 of these regulations.

Applications will not be processed unless they are complete, and the entire permit fee is paid.

1. If a special use event or activity is entirely canceled, Type 1 and Type 2 permit fees are refundable. After a Special Use Permit is approved, the permit fees are refundable only if none of the permitted activities have taken place and all of the activities and dates covered by the permit are cancelled in writing, in an email or hardcopy, submitted to the area manager or their designee.

2. Type 3 permit fees are only refundable until 10 calendar days prior to the scheduled start of any of the permitted activities, the special use, after which the permit fee will be forfeited if the permittee cancels the special use. Cancellations prior to 10 calendar days before the start of a Type 3 special use must be provided to the area manager or designee in writing as an email or hardcopy.

2-3. All Special Use Permit fees are refundable if the department does not approve a special use permit application or does not have adequate staff available to review an application.

[No changes to subsection 550.5(d)(3)]

(4) Possible Costs In Addition to the Special Use Permit Fee.

(A) For department lands that normally require a fee for a Lands Pass or entry permit, the Lands Pass or entry fee will be required in addition to the Special Use Permit fee. Whether the ~~daily-use~~ Lands Pass or entry fee for each special use participant will be paid directly to the department by the participants or by the permittee will be determined as part of the development of the Special Use Permit

(B) Additional Anticipated Costs. If the regional manager or his designee determines in advance that department staff will need to conduct work outside of normal duties or hours to prepare for the special use, monitor or assist with the special use, or return department land to its previous condition following the special use, payment of the additional anticipated cost to the department will be added to the Special Use Permit fee specified in Section 702 of these regulations and required to be paid as a condition of the department issuing a Special Use Permit. The additional cost shall be based on the estimated number of hours, the job classification of state personnel required to conduct the work, and the department's costs for employee benefits, overhead, mileage, and use of department equipment and supplies.

(C) Cleaning or Damage Deposit. Depending on the anticipated need for cleaning or repair to department property, including land, infrastructure and/or equipment, the department may charge the applicant a cleaning or damage deposit in an amount determined by the regional manager or his designee. Costs to return department property to its previous condition following the special use shall be deducted from this deposit. The regional manager or his designee shall determine whether all, a portion or none of the deposit is refunded based on department costs to clean up or repair damage.

(D) For-Profit or Fund Raising Activities. Any person, entity, or organization is prohibited from holding, sponsoring, leading, or otherwise conducting a recreational, educational, or other activity occurring wholly or partially within or on any department land for the purpose of generating revenue or fund raising without adequate compensation for the use of State resources. Applications for such events or activities are incomplete and will not be processed unless Attachment C of Form 730 (incorporated by reference in subsection 702) is complete and included with the application. Unless an event is sponsored or co-sponsored by the department, payment to the department of a guaranteed minimum fee or percentage of the gross revenue of the event shall be a condition of any Special Use Permit that authorizes activities on department land that are intended to generate revenue or raise funds. The rate or amount of compensation shall be specified in the draft Special Use Permit. The criteria used to determine the rate or amount of compensation shall include, without limitation:

1. the extent of the department land to be used;
2. the duration, size and scope of the event;
3. the anticipated impact on department resources and facilities;
4. prevailing fees for comparable facilities in the locality;
5. amount and type of permittee's equipment and materials to be used on the department land;
6. the number of people, vehicles, bicycles, and/or domestic animals on the department land because of the special use;

7. the amount of gross revenue the permittee expects to generate from the event;
8. the cost of services or time required of or by the department;
9. whether the applicant is a non-profit organization with tax-exempt status under section 501(c), Subtitle A of the U.S. Internal Revenue Code; and
10. any other considerations as appropriate.

(5) Terms and Conditions of Special Use Permits.

(A) To protect human health and safety, natural or cultural resources, or department facilities, the regional manager or his designee may impose special conditions in addition to the standard terms and conditions included in the Permit Application for Special Use of Department Lands as specified in Section 702. The department must provide notice of any special conditions as part of the notification of approval referenced in subsection 550.5(d)(3)(B) of these regulations.

The Special Use Permit will include an attachment titled: Attachment B: Applicant Acceptance of Terms, Conditions and Costs as specified in Section 702. The Special Use Permit is not valid unless the permittee accepts the terms and conditions of the Special Use Permit by signing and submitting the signed original of Attachment B and the full payment of ~~the permit fee and all other costs~~ any additional costs or deposits indicated on the permit to the appropriate regional office at least five calendar days before the beginning of the event or activity. The permittee should make and keep a copy of the signed Attachment B with the Special Use Permit. Conducting a special use event or activity without a valid permit is a violation of subsections 550(c)(2)(A) and 550.5(d)(8) of these regulations.

(B) Type 3 Special Use Permit. The notification of approval for a Type 3 Special Use Permit will include a draft permit (not valid). The draft Special Use Permit will include an attachment titled: Attachment B: Applicant Acceptance of Terms, Conditions and Costs as specified in Section 702. In order to receive a final, valid Special Use Permit, the applicant must accept the terms and conditions of the Special Use Permit by signing Attachment B, and sending the signed original draft permit and the full payment of ~~the permit fee and all other costs~~ any additional costs or deposits indicated on the permit to the appropriate regional office at least ten calendar days before the beginning of the event or activity. After the Special Use Permit is signed by the wildlife area or ecological reserve manager and the regional manager or his designee, it will be mailed back to the permittee as the valid permit. (7) Valid Special Use Permit. A valid Special Use Permit includes the completed application, including the permit section of the form signed by the wildlife area or ecological reserve manager and the regional manager or his designee, and any and all attachments referenced in the Special Use Permit. In order for a Special Use Permit to be valid, all costs that are required to be paid in advance, as indicated on the permit, must be paid-in-full by the permittee.
