By e-mail to: osprsm@wildlife.ca.gov

Note: For security purposes, ZIP files transmitted via e-mail will not be accepted.

2. If the applicant is requesting different tiers in separate geographic areas, include additional pages providing information for each geographic area.

3. Miscellaneous instructions:

- If a question does not apply, answer "not applicable".
- If additional space is required, supplemental pages may be attached.
- Incomplete applications will not be processed until OSPR receives all required information.
- Confidentiality. To assert a claim of confidentiality of any information required by this application, see Title 14, California Code of Regulations, section 830.7(j).

Section C

The applicant should indicate whether they will offer services by contract, whether they are employed by a parent company or entity affiliated with a plan holder, whether they will use personnel employed by a subcontractor, or whether the applicant offers services to a non-plan holder spill management team through a subcontract in C.1. The applicant may select all options that apply. In C.2., the applicant should indicate whether they are intending to provide all of the Initial and Cascading Response incident command system positions required for a spill management team or whether they will provide only part of the positions. In C.3., the applicant should indicate the tier and geographic regions for which they are requesting certification.

Section D

The applicant shall indicate the number of personnel employed by the applicant and the number and provider of subcontracted personnel, if applicable, in section D. Personnel listed in section D.1 shall have the training described in subsections 830.5(d) through (h) for Initial Response Personnel, as applicable to the tier classification for which the applicant is requesting certification. Personnel listed in section D.2 shall have the training or other qualifications described in subsections 830.5(d) and (i) through (j), as applicable to the tier classification for which the applicant is requesting certification. If personnel still need training at the time of submission of a New Application form, as indicated in section A, the applicant shall indicate the current number of personnel trained in compliance with section 830.5(d) through (j). When the Administrator requests documentation of training, exercise participation, and experience, as described in section 830.7(b)(2), the applicant shall submit a training plan indicating which courses will be completed by December 31 of the third full calendar year following the date of issuance of an interim certification.
