

Required training courses for Tier I cascading response personnel in proposed spill management team certification regulations (14 CCR § 830.1-11)

Incident Command System Position	Training Courses	Equivalent Experience
Incident Commander (IC)	ICS-300; ICS-400; ICS-410 Advanced IC or E/L 950 NIMS ICS All-Hazards Position Specific IC	IC or Deputy IC for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents
Safety Officer (SO)	ICS-300; ICS-404 SO or E/L 954 NIMS ICS All-Hazards Position Specific SO	SO or ASO for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents
Assistant Public Information Officer (APIO)	ICS-300; ICS-403 PIO or E/L 952 NIMS ICS All-Hazards Position Specific PIO	PIO or APIO for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents
Assistant Liaison Officer (ALOFR)	ICS-300; ICS-402 LOFR or E/L 956 NIMS ICS All-Hazards Position Specific LOFR	LOFR or ALOFR for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents
Operations Section Chief (OSC)	ICS-300; ICS-430 OSC or E/L 958 All-Hazards Position Specific OSC	OSC or Deputy OSC for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents
Planning Section Chief (PSC)	ICS-300; ICS-440 PSC or E/L 962 All-Hazards Position Specific PSC	PSC or Deputy PSC for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents
Logistics Section Chief (LSC)	ICS-300; ICS-450 LSC or E/L 967 All-Hazards Position Specific LSC	LSC or Deputy LSC for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents
Finance Section Chief (FSC)	ICS-300; ICS-460 FSC or E/L 973 All-Hazards Position Specific FSC	FSC or Deputy FSC for 120 hours of Type 3 incidents or 150 hours of Type 3 and 4 incidents

Training requirements for cascading response personnel are position-based. This table lists the required training courses and equivalent experience only. The proposed regulations contain requirements for exercise participation or equivalent experience in addition to the courses/experience summarized above, as well as criteria for training courses and additional requirements for cascading response personnel qualifications. See 14 CCR § 830.5(i) and (j) for full details of Tier I cascading response personnel training requirements.

Incident types are described in the Incident Typing Characteristics table of the U.S. Coast Guard *Incident Management Handbook* (2014). For descriptions of on-scene requirements for Tier I cascading response personnel, see 14 CCR § 830.4(a)(1)(B) through (D). For descriptions of tiers, see 14 CCR § 830.3(c).

Required training courses for Tier II cascading response personnel in proposed spill management team certification regulations (14 CCR § 830.1-11)

Incident Command System Position	Training Courses	Equivalent Experience
Incident Commander (IC)	ICS-300; ICS-410 Advanced IC or E/L 950 NIMS ICS All-Hazards Position Specific IC	IC or Deputy IC for 84 hours of Type 4 incidents or 120 hours of Type 4 and 5 incidents
Safety Officer (SO)	ICS-300; ICS-404 SO or E/L 954 NIMS ICS All-Hazards Position Specific SO	SO or ASO for 84 hours of Type 4 incidents
Assistant Public Information Officer (APIO)	ICS-300; ICS-403 PIO or E/L 952 NIMS ICS All-Hazards Position Specific PIO	PIO or APIO for 84 hours of Type 4 incidents
Assistant Liaison Officer (ALOFR)	ICS-300; ICS-402 LOFR or E/L 956 NIMS ICS All-Hazards Position Specific LOFR	LOFR or ALOFR for 84 hours of Type 4 incidents
Operations Section Chief (OSC)	ICS-300; ICS-430 OSC or E/L 958 All-Hazards Position Specific OSC	OSC or Deputy OSC for 84 hours of Type 4 incidents
Planning Section Chief (PSC)	ICS-300; ICS-440 PSC or E/L 962 All-Hazards Position Specific PSC	PSC or Deputy PSC for 84 hours of Type 4 incidents
Logistics Section Chief (LSC)	ICS-300; ICS-450 LSC or E/L 967 All-Hazards Position Specific LSC	LSC or Deputy LSC for 84 hours of Type 4 incidents
Finance Section Chief (FSC)	ICS-300; ICS-460 FSC or E/L 973 All-Hazards Position Specific FSC	FSC or Deputy FSC for 84 hours of Type 4 incidents

Training requirements for cascading response personnel are position-based. This table lists the required training courses and equivalent experience only. The proposed regulations contain requirements for exercise participation or equivalent experience in addition to the courses/experience summarized above, as well as criteria for training courses and additional requirements for cascading response personnel qualifications. See 14 CCR § 830.5(i) and (k) for full details of Tier II cascading response personnel training requirements.

Incident types are described in the Incident Typing Characteristics table of the U.S. Coast Guard *Incident Management Handbook* (2014). For descriptions of on-scene requirements for Tier II cascading response personnel, see 14 CCR § 830.4(a)(2)(B) through (D). For descriptions of tiers, see 14 CCR § 830.3(c).

Required training courses for Tier III cascading response personnel in proposed spill management team certification regulations (14 CCR § 830.1-11)

Incident Command System Position	Training Courses	Equivalent Experience
Incident Commander (IC)	ICS-300	IC or Deputy IC for 60 hours of Type 4 or 5 incidents
Safety Officer (SO)	ICS-300	SO or ASO for 60 hours of Type 4 incidents
Assistant Public Information Officer (APIO)	ICS-300	PIO or APIO for 60 hours of Type 4 incidents
Assistant Liaison Officer (ALOFR)	ICS-300	LOFR or ALOFR for 60 hours of Type 4 incidents
Operations Section Chief (OSC)	ICS-300	OSC or Deputy OSC for 60 hours of Type 4 incidents
Planning Section Chief (PSC)	ICS-300	PSC or Deputy PSC for 60 hours of Type 4 incidents
Logistics Section Chief (LSC)	ICS-300	LSC or Deputy LSC for 60 hours of Type 4 incidents
Finance Section Chief (FSC)	ICS-300	FSC or Deputy FSC for 60 hours of Type 4 incidents

Training requirements for cascading response personnel are position-based. This table lists the required training courses and equivalent experience only. The proposed regulations contain requirements for exercise participation or equivalent experience in addition to the courses/experience summarized above, as well as criteria for training courses and additional requirements for cascading response personnel qualifications. See 14 CCR § 830.5 (i) and (l) for full details of Tier III cascading response personnel training requirements.

Incident types are described in the Incident Typing Characteristics table of the U.S. Coast Guard *Incident Management Handbook* (2014). For descriptions of on-scene requirements for Tier III cascading response personnel, see 14 CCR § 830.4(a)(3)(B) through (D). For descriptions of tiers, see 14 CCR § 830.3(c).
