- Controlled Hunting Zone
- ▨ Potential Marsh

*When hunting an Assigned Pond, hunters must stay within the pond.*

**North Grasslands Wildlife Area**  
**Salt Slough Unit**  
**Zone 28**

**Regulations and Information**

- 1) Only persons with Zone 28 hunt permits may enter Zone 28 (For exception, see #7).
- 2) Zone 28 permit holders are required hunt within their assigned pond. To change hunting assignment, they may do so at the check station if space is available.
- 3) Capacity of the assigned pond includes adult and junior licensed hunters and non-shooters.
- 4) **All persons in a party going to an assigned pond are required to leave from the check station at the same time.**
- 5) Zone 28 ponds are assigned on a first come, first served basis at the check station. A reservation does not reserve a specific pond.
- 6) The name of all hunters entering Zone 28 shall be entered on their permits. No permits or changing ponds will be made after 3:00 PM.
- 7) Pheasant hunting is allowed in Zone 28 between the hours of 10 AM and 3 PM on waterfowl/pheasant shoot days. Pheasant hunting is allowed all day on pheasant hunt days not open to waterfowl hunting.
