GoToWebinar

For the 2021 NSO Stakeholder Forum, GoToWebinar.com will be used to conduct the meeting over the Internet. The public may observe remotely, ask questions during the appropriate times, and provide public comment during the public comment period. If the GoToWebinar teleconference is interrupted or terminated for any reason and cannot be restored quickly and without the loss of attendees and participating members, the meeting will be terminated and rescheduled. As stated on the Meeting Agenda, the meeting facilitator will address teleconference participants prior to the commencement of presentations to provide guidance on meeting format and stakeholder participation via teleconference. **It is highly recommended that all GoToWebinar participants utilize either a landline or mobile phone for audio connection to assure the best connection and experience during GoToWebinar broadcasts.**

Submitting Questions: During the meeting, all participants will be muted by the meeting organizer. There will be opportunities to direct questions on each Forum topic at the end of each presentation or panel session. Participants will have an option to submit a question, either by writing your question or by directly addressing the presenters verbally. To submit a written question, type the text of the question in the "Questions" pane of the GoToWebinar interface. To submit a question by verbally addressing the presenters, select the "Raise Hand" icon on the left-hand side of the GoToWebinar interface. The meeting organizer will call you by name and unmute you so you can address the presenters. If you are commenting verbally, please be sure to unmute your phone or device. The meeting organizer will manage the queue of comments.
