TO ALL INTERESTED AND AFFECTED PARTIES:

This is to provide you with the California Department of Fish and Wildlife’s (Department) final recommendations regarding the proposed changes to the Klamath River Basin sport fishing regulations in subsection 7.40(b)(50), Title 14, California Code of Regulations (CCR) (Notice No. Z2021-0125-01), scheduled for adoption by the California Fish and Game Commission (Commission) on May 11, 2021.

The Department’s recommendation was not available at the April 14, 2021 Commission meeting because the Pacific Fishery Management Council (PFMC) recommendations were not yet available. - 2021 quota of 1,221 KRFC over 23 inches total length.
- Maintain the 2020 bag limit of 2 Chinook salmon of which no more than 1 fish may be over 23 inches total length until the subquota is met, then 0 fish over 23 inches total length.
- Maintain the 2020 possession limit of 6 Chinook salmon of which no more than 3 fish may be over 23 inches total length when the take of adult fish is allowed.
- Maintain the same season dates as 2020 (Klamath River: August 15 – December 31, Trinity River: September 1 – December 31).
