Closely related scientific discipline (including, but not limited to):

• Agricultural Science (e.g., Biology, Business, Chemistry, Education, Economics, Engineering,

Food Technology, Pomology, Soil & Irrigation, Systems, Technology, Viticulture)

• Animal/Wildlife Science (e.g., Aquaculture, Avian, Behavior, Dairy, Fisheries, Herpetology,

Ichthyology, Invertebrate Physiology & Zoology, Management, Nutrition, Physiology, Veterinary Medicine, Zoology)

- Anthropology [B.S. only]
- Aquatic Science (e.g., Biology, Ecology, Toxicology)
- Atmospheric Science (e.g., Meteorology)
- Biostatistics (e.g., Biometrics, Modeling)
- Crop Science (e.g., Crop Protection)
- Earth Science (e.g., Earth Systems)
- Ecology
- Engineering (e.g., Aerospace, Chemical, Modeling)
- Environmental Studies (e.g., Policy Planning)
- Environmental Technology
- Environmental Toxicology
- Epidemiology
- Food Science
- Forensic Science
- Forestry (e.g., Natural Resources, Management, Silviculture)
- Geography (e.g., Biogeography, Modeling) [B.S. only]
- Geology
- Geomorphology

• Health Science (e.g., Health & Safety, Industrial Hygiene, Occupational [B.S. only], Pharmacology)

- Irrigation
- Marine Science (e.g., Biology, Evolution)

• Plant Science (e.g., Biology, Botany, Breeding, Horticulture, Landscape Management, Nematology, Pathology, Pest Management, Physiology, Tree Ecophysiology, Viticulture)

- Range Science (e.g., Rangeland Management)
- Taxonomy

Listed Degrees from the Minimum Qualifications:

Agronomy

• Biological Science (e.g., Bacteriology, Conservation, Cell, Entomology, Evolution, Genetics,

Microbiology)

- Chemistry (e.g., Agriculture, Analytic, Biochemistry, Organic, Pesticide)
- Environmental (e.g., Toxicology, Toxics/Hazardous Materials)
- Natural Resources Science (e.g., Natural History, Watershed Management)

- Physical Geography
- Physical Science (e.g., Physics)
- Public Health
- Soil Science (e.g., Irrigation)

• Water Science (e.g., Hydrogeology, Hydrologic, Hydrology, Limnology, Watershed Management, Oceanology, Oceanography, Ocean Science)
