

CALIFORNIA DUNGENESS CRAB FISHING GEAR WORKING GROUP

The California Dungeness Crab Fishing Gear Working Group (Working Group) is an advisory body to the California Department of Fish and Wildlife (CDFW) Director to address the risk of whale entanglements in commercial Dungeness crab fishing gear.

There are four categories of Working Group participants: Members, Advisors, Alternates, and Agency Staff. Additional information about the role of each participant category can be found in [the Working Group's current charter](#).

For additional information about the Working Group's charge and related activities, visit [the Working Group's webpage](#).
