

RECEIVED AT FISH & GAME  
COMMISSION OCTOBER 4, 2021

Tracking Number: ( 2021-020 )

To request a change to regulations under the authority of the California Fish and Game Commission (Commission), you are required to submit this completed form to: California Fish and Game Commission, (physical address) 1416 Ninth Street, Suite 1320, Sacramento, CA 95814, (mailing address) P.O. Box 944209, Sacramento, CA 94244-2090 or via email to FGC@fgc.ca.gov. Note: This form is not intended for listing petitions for threatened or endangered species (see Section 670.1 of Title 14).

Incomplete forms will not be accepted. A petition is incomplete if it is not submitted on this form or fails to contain necessary information in each of the required categories listed on this form (Section I). A petition will be rejected if it does not pertain to issues under the Commission’s authority. A petition may be denied if any petition requesting a functionally equivalent regulation change was considered within the previous 12 months and no information or data is being submitted beyond what was previously submitted. If you need help with this form, please contact Commission staff at (916) 653-4899 or FGC@fgc.ca.gov.

**SECTION I: Required Information.**

*Please be succinct. Responses for Section I should not exceed five pages*

**1. Person or organization requesting the change (Required)**

Name of primary contact person:

Robert Latta, Chairperson, Sierra County Fish and Wildlife Commission

Address: [REDACTED]

Telephone number: [REDACTED]

Email address: [REDACTED]

**2. Rulemaking Authority (Required) - Reference to the statutory or constitutional authority of the Commission to take the action requested:**

Fish and Game Code

Division 1. Fish and Game Commission (101-500)

Chapter 2. Regulation of Take and Possession Generally (200-275)

Article 1. Authority (200-219)

200. (a) There is hereby delegated to the commission the power to regulate the taking or possession of birds, mammals, fish, amphibians, and reptiles.

205. Any regulation of the commission pursuant to this article which relates to fish, amphibia and reptiles, may apply to all or any areas, districts or portion thereof, at the discretion of the commission, and may do any or all of the following as to any or all species or subspecies:

- (a) Establish, extend, shorten, or abolish bag open seasons and closed seasons.
- (b) Establish, change, or abolish bag limits, possession limits, and size limits.
- (c) Establish and change areas or territorial limits for their taking.
- (d) Describe the manner and means for their taking.

219. Any regulation adopted pursuant to this article may supersede any section of this code designated by number in the regulation, but shall do so only to the extent specifically provided in the regulation. A regulation which is adopted pursuant to this section shall be valid only to the extent that it makes additions, deletions, or changes to this code under the following circumstances:

- (a) The regulation is necessary for the protection of fish, wildlife, and other natural resources under the jurisdiction of the commission.

**3. Overview (Required) - Summarize the proposed changes to regulations**

The purpose of this petition is to correct what appears to be an unintended consequence of the process of simplifying the CDFW freshwater Sport Fishing Regulations that were adopted for the 2021-2022 season as described on page 76 of this year's publication. The proposed changes are in reference to the Special Regulation Section of the North Yuba which is from the western boundary of Sierra City to the confluence with Ladies Canyon. This is an approximately 5-mile reach which lies entirely in Sierra County. The proposal is to restore the text of future regulations related to this reach to as how they were written prior to the 2021-2022 changes. In other words, we propose that for the Special Regulation Section of the North Yuba, which is from the western boundary of Sierra City to the confluence of Ladies Canyon, the following regulations should be adopted:

**Special Regulations for this section apply from the last Saturday in April through November 15. The bag limit is 2 fish. Only artificial lures with barbless hooks may be used.**

**From November 16 through the Friday preceding the last Saturday in April, a zero bag limit applies. Only artificial lures with barbless hooks may be used.**

The following table is provided to add clarity:

Table 1. Regulations for Yuba River, North Fork from the western boundary of Sierra City to the confluence with Ladies Canyon - Old, Current, and Proposed Regulations.

Regulation Status	Body of Water	Open Season and Special Restrictions	Daily Bag and Possession Limit
OLD	(211) Yuba River, North Fork (Sierra and Yuba cos.) (A) From the western boundary of Sierra City to the confluence with Ladies Canyon Creek.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	2 trout
		Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	0 trout
CURRENT	(169) Yuba River, North Fork (Sierra and Yuba cos.) from the western boundary of Sierra City to the confluence with Ladies Canyon Creek.	All year. Only artificial lures maybe used. *	2 trout *
PROPOSED	(169) Yuba River, North Fork (Sierra and Yuba cos.) from the western boundary of Sierra City to the confluence with Ladies Canyon Creek.	Last Saturday in April through November 15. Only artificial lures with single barbless hooks may be used.	2 trout
		From Nov. 16 through the Fri. preceding the last Sat. in Apr., a zero trout bag limit applies, and only artificial lures with barbless hooks may be used. **	0 trout **

\*Not consistent with statewide stream regulations during any time period.

\*\*Consistent with statewide stream regulations from Nov. 16 through the Fri. preceding the last Sat. in April

**4. Rationale (Required) - Describe the problem and the reason for the proposed changes**

There are three main reasons for this proposal:

--Simplicity. Restoring the regulations as to how they were written prior to 2021-2022 would help to achieve the objective of simplicity as the regulations would only be "special" or different from the statewide stream regulations during the "summer" (last Saturday in April through November 15) season. They would be identical to the statewide stream regulations during the remainder of the year or "winter" (November 16 through the Friday before the last Saturday in April) season—which is substantially simpler with respect to take and equipment than how the regulations for that season are written currently.

The critical inconsistencies and therefore the major complications in the regulations as they stand today are related to the "winter" season when the regulations in the "restricted" section of the North Yuba are less restrictive by allowing lures with any number of barbed hooks per lure and a bag limit of 2 fish. Also, those regulations are different from the North Yuba and other streams covered by the general statewide regulation for that "winter" period. Our proposal would improve on that by making the "winter" regulations the same for the entire fork of the river and its tributaries and consistent with the general statewide regulations for the "winter" period.

--Protection of the fishery. The special regulations were the result of research that was initiated approximately 30 years ago under the direction and leadership of Region II biologist John Hiscox. John's regular reports to the Sierra County Fish and Wildlife Commission included data that supported the idea that the special regulations assigned to this section resulted in fish counts that reflected increased fish numbers and sizes.

--Economics. The health of western Sierra County's economy is largely determined by the varied interests of its visitors. Anecdotal evidence provided by those in the region's hospitality industry suggest that fishing attracts visitors, and that opportunities which might include waters restricted to artificial lure and catch and release fishing are attractive to many who might not be interested otherwise.
