Subj: 2008 SECTOR SAN FRANCISCO AREA CONTINGENCY PLAN; LETTER OF
PROMULGATION

1. **PURPOSE:** As mandated by the Oil Pollution Act of 1990 (OPA 90), the 2008 revision of the Sector San Francisco Area Contingency Plan (ACP) has been completed and is effective January 1, 2009. This marks the seventh revision of this plan and replaces the 2005 Sector San Francisco ACP. This edition remains in effect until superseded.
2. **DISCUSSION:** Sections of this plan have been updated as necessary through the efforts of this office, the Eleventh Coast Guard District, California Department of Fish and Game's Office of Oil Spill Prevention and Response (OSPR) and Area Committee members. While the ACP is updated triennially, certain sections of the ACP are continually updated with new information. As such, the following sections are considered "living documents" and will be updated periodically: Section 5210.1 Local Response Resources; Section 5210.2 Local Response POC's; Section 5220.1 Pre-Identified Incident Command Post (ICP) Locations; Section 7410.2 County and Local CUPA Resources and POC's; Section 8230 ACP 1 North Coast Area Committee PPOR; Section 8240 ACP 2 San Francisco Bay & Delta Area Committee PPOR; Section 8250 ACP 3 Central Coast Area Committee PPOR; Section 9890 ACP Key Contact Information; and Section 9890.1 Chaffee Amendment.
3. **DISSEMINATION:** The 2008 Sector San Francisco ACP will be made available to the public via the Internet on the OSPR website at <http://www.dfg.ca.gov/Ospr/>. Publication on the Internet allows the Area Committees to update their plans as pertinent information develops and changes. These updates will be noted on the web page as they are posted.
3. **COMMENT:** Comments and recommendations regarding this plan are welcomed and should be submitted through the appropriate Area Committee.
