

Lower American River Conservancy Program Advisory Committee Parkway Tour Agenda May 11, 2022

Please join the Wildlife Conservation Board (WCB) and members of the Lower American River Conservancy Program Advisory Committee (AC) on the third tour of the Lower American River Parkway (Parkway). This tour will feature four sites along the middle reach of the Parkway in Rancho Cordova and Carmichael. The goals of the trip are to educate the committee members, WCB staff, and the public on the current conditions of the Parkway and introduce potential and current community investment sites.

All participants are responsible for their own transportation. Entrance fees and parking fees will be waived at all the sites. All times are approximate. If you would like to attend this tour, please sign up [here](#).

COVID Protocol: Please follow all state and county guidelines and the advice of health care professionals when attending the tour.

The tour will begin at Soil Born Farms, located at 2140 Chase Drive, Rancho Cordova, CA 95670, and will end at the Effie Yeaw Nature Center, located at 2850 San Lorenzo Way, Carmichael, CA 95608.
