

PROPOSED FORM. NOT FOR OFFICIAL USE
 State of California – Department of Fish and Wildlife
INITIAL OFFERING APPLICATION FOR “TYPE A” GAME FISH CONTESTS
 DFW 774 (NEW 2/1/22)

Pursuant to Section 230(f), Title 14, California Code of Regulations (CCR)

Section 1. Applicant Information

Applicant: _____ Sponsor: _____
Please print first and last name clearly. Example: club, association, chamber of commerce, not applicable

GOID: _____

Mailing Address: _____ Email: _____

City: _____ State: _____ Zip: _____ Phone: _____

Check box if the contest is for the following participants: Children under 16 years Physically or mentally challenged individuals

Section 2. Initial offering request

Type A Event Permit

Type A permits are those contests targeting black bass with more than 60 anglers. Unless otherwise specified in Title 14, California Code of Regulations, section 230(e), no more than one Type A permit shall be issued for any water on the same day. Contests held under a Type A permit may not exceed three days in duration. Only one form per applicant will be accepted. If the applicant is not a natural person, the applicant shall select one individual to submit one form on behalf of the applicant. No more than one request per water per month. No requests for simultaneous Delta contests will be considered (e.g., no requesting Delta-CC and Delta-Sac or Delta-SJ on the same day).

INSTRUCTIONS FOR INITIAL OFFERING APPLICATION FOR “TYPE A” GAME FISH CONTESTS

The following conditions are set forth pursuant to Section 230(f) of Title 14 California Code of Regulations.

1. Enter first and last name of applicant. This name should also be the same name that will appear on Fishing Contest Application (DFW 775).
2. Enter sponsor name if applicable.
3. Enter GO ID. Use the instructions below to retrieve your GO ID or create a customer record and obtain a GO ID.
 - a. Visit <https://www.ca.wildlifelicenses.com/InternetSales/>.
 - b. Click on the “Customer Login/Register” tab.
 - c. Enter your Date of Birth and Last Name and click “Next.”
 - d. Under “Select Official Document ID Type,” select appropriate ID (i.e., State ID, Passport, Green Card, Military ID, or Foreign Government ID), enter the requested information, and click “Next.”
 - i. If no existing record is located, click “Create New Customer Record” to create a customer record.
 - ii. Fill in the required fields and click “Save.”
 - e. Your GOID is visible at the top of the page and in the Customer Profile Info section of your account page.
4. Enter mailing address of applicant.
5. Enter email address where applicant may be contacted.
6. Enter telephone number where applicant may be contacted.
7. For each contest request, enter:
 - a. Water name
 - b. County where water is located
 - c. Start date of contest
 - d. End date of contest. Cannot be more than two days after start date
 - e. Enter up to 60 requests per applicant.
8. Sign after form is completed. Applicants may print and sign by hand, then scan, or sign electronically.
9. Insert date when form was completed.
10. **If required by the department under section 230(d)(4), DFW 774 Initial Offering Application Forms must be completed electronically through the Automated License Data System (ALDS) by following the instructions on the department’s Fishing Contest website.**

Section 3: Certification

Pursuant to subsection 230(f) of Title 14, CCR, I, the undersigned, hereby certify that:

1. I will not request conflicting dates or waters in coordination with any other applicant.
2. I am applying on my individual behalf or on behalf of the organization identified above, independently from any other applicants; and
3. If a request is awarded, I intend, or my organization intends, in good faith to hold a contest on that date and water.

DFW 775 (REV. 3/1/22) Page 2 of 6

Type B (Annual): Contests targeting black bass with 60 or fewer anglers. Contests may not exceed three days in duration. -OR-

Type C (Catch & Release -C&R): contests targeting black bass in which anglers do not retain fish for a centralized weigh-in. These contests require the angler to immediately release all live fish caught after recording weight or measurement. Contests conducted under a Type-C permit may exceed three days in duration and may be conducted on multiple water bodies concurrently. Type-C permits do not limit the number of anglers. -OR-

Type D (Other): Contests *not* targeting black bass. Contest may exceed three days in duration and be conducted on multiple waters concurrently.

*All non-target species not listed above must be immediately released.

Section 3. Special Conditions for Contests

The following conditions are set forth pursuant to Section 230(m) Title 14 California Code of Regulations. All contests shall abide by regulations.

Conditions for all contests:

1. All contest sponsors and/or organizations are responsible for advising their participants of all Special Conditions and to monitor their compliance.
2. Failure to comply with the Special Conditions may result in the termination of the contest and/or cancellation of remaining permits for that organization.
3. Department employees may terminate a contest if, in their opinion, any permit condition has been violated or a substantial impact to the resource by the contest is observed or expected.
4. Additional Special Conditions may be added by Regional Department staff as deemed necessary.
5. To prevent the movement of invasive species all vessels, trailers, and equipment must be clean, drained, and dry prior to participating in the contest, and cleaned of debris and drained of water at the conclusion of the contest.
6. Unless inspected by the contest organizer or water manager (or their agent), each contest participant must perform a self-inspection of their vessel, trailer, and/or equipment prior to participating in the contest to confirm that it is clean, drained, and dry, and complete form DFW 777, Aquatic Invasive Species Self-Inspection Certification for Game Fish Contests. Contest organizers shall confirm and document each participant's completion of their Form DFW 777. Completed forms shall be kept on the participant's vessel for the duration of the contest.

Additional conditions for contests that target **Chinook Salmon** (does not include Landlocked Salmon, CCR Title 14, Section 5.41):

1. Anglers must keep the first legal fish captured up to the legal daily bag limit.
2. Permittee must provide current freshwater sport fishing regulations for salmon to each participant.

Additional conditions for contests that target **Sturgeon**:

1. Only White Sturgeon may be targeted.
2. Permittee will randomly pick a size in the legal White Sturgeon size range immediately before the start of the tournament or some other approved random selection process. Winners will be anglers with fish closest to that randomly selected target size.
3. Each angler fishing for White Sturgeon must possess all documents and equipment required by fishing regulations, which may include a Sturgeon Fishing Report Card, tags, suitable measuring device, net, etc.
4. Permittee must provide freshwater sport fishing regulations for sturgeon to each participant.

Additional conditions for contests that target **black bass** and require anglers to retain fish for a centralized weigh-in or measurement:

1. All contestants shall have facilities for keeping bass alive and in good condition.
2. At the completion of the weigh-in, insofar as possible, all fish shall be returned to the water alive and in good condition.
3. Dead bass that are legal to retain shall be disposed of consistent with California Sport Fishing Regulations (Sec 1.87, Title 14, CCR: Wastage of fish is not permitted). For contests granted an exemption, dead bass within the slot limit or below the minimum size may be held in possession of an angler with proper documentation (see 7 below) until disposed of in a legal manner.
4. Bass shall be transported to and from the vessel to the weigh-in site in water-filled containers with sufficient water to cover the fish, except during the actual measuring/weighing process. Individual bass over approximately five (5) lbs. shall be held in separate containers both before and after weighing. Fish shall be held in water-filled containers no longer than three (3) minutes prior to or after the weigh-in unless the water in that container is replenished. Contest organizers shall ensure that all fish are handled expeditiously in a manner that maximizes the survival of all fish. All bass shall be released immediately after weigh-in near the weigh-in site unless otherwise specified by the Department or a local entity. Bass shall not be towed to the release site in devices made of mesh or netting to prevent fish from being impinged upon the mesh.
5. Because of high water temperatures and low dissolved oxygen levels, in contests held during the period June 15 through September 15, the maximum allowable period before and between weigh-ins is six (6) hours. All participants are required to weigh-in and release any and all black bass at each required weigh-in time. Livewells shall be inspected so that no fish are retained by the competitors prior to the final weigh-in on each day of the contest. Multiple weigh-ins do not allow teams or individual competitors to weigh in more than a single daily possession limit of black bass per day.
6. The sponsor shall provide personnel and necessary equipment to decompress bass that cannot swim down to deep water. Decompression can be by hypodermic needle or cage release at 35 feet or deeper.
7. For contests with an exemption to size and/or bag limits, organizations shall provide all participants with written identification containing the following information: (1) Name of contest sponsor; (2) name of participant(s); (3) contest permit number; (4) date of contest; (5) contest weigh-in location. This information shall be in possession of all participant(s) for the duration of the contest and afterwards if possessing dead bass under the exemption rule.
8. Only artificial lures may be used.

Special Release Site Instructions for Black Bass Contests:

Water	County	Instructions
Clear Lake	Lake	All bass shall be released at least (2) miles from the weigh-in site, and 400 yards offshore.
Pine Flat Reservoir	Fresno	All bass shall be released outside 5 MPH or “no Wake” buoys
Diamond Valley	Riverside	All bass shall be released outside of the wave attenuator

Section 4. Certification and Approval

**FOR CDFW USE ONLY
GAME FISH CONTEST PERMIT**

Permit Number _____ - _____ - _____ Date Issued _____

Observer Fee [] Will not be required

[] Will be required for [] days at \$275 per day

Additional conditions as follows:

The applicant is hereby authorized to offer prizes or inducements for the taking of game fish as described above, and in accordance with Section 230, Title 14, CCR, and the special conditions in this permit related to the welfare of fish populations or individual fish.

By: _____
Regional Manager, Branch Chief, or Designated Representative

Date: _____

APPLICANT SIGNATURE: _____ Date: _____

I, the permittee, agree to be bound by the Special Conditions as listed on this permit and any Additional Conditions as stated above.

Section 5. Department Regional Office Locations

All other Type-A permit applications (not utilizing the initial offering) may be submitted to the department regional office for the region where the contest(s) is proposed. Except as specified in section 230(f)(1) for Type-A permits, all other permit applications will be considered for approval in the chronological order in which they are received. An application is deemed received when a completed application (DFW 775) accompanied by payment of all applicable fees is date-stamped by the receiving regional office, or an electronic system. Applications for Type-A permits outside the initial offering, and Type-B, C, and D permits may be submitted to any departmental regional office, unless ALDS is required pursuant to subdivision (d)(4).

For questions, please contact tournaments@wildlife.ca.gov

Section 1: Background

Invasive species are organisms (plants, animals, or microbes) that are not native to an environment, and once introduced, establish, quickly reproduce and spread, and cause harm to the environment, economy, or human health. Aquatic invasive species pose a threat to lakes and other waterbodies throughout California and can disrupt food chain, impact fish populations, foul docks and ramps, encrust vessels and clog engines, litter shorelines, clog water distribution systems, and could lead to access closures.

Anglers can prevent spreading invasive species by following procedures to Clean, Drain, and Dry their vessels and equipment before launching. Clean, Drain, and Dry procedures are available at

www.wildlife.ca.gov/invasives/CDD.

Section 2: Instructions

Use this self-inspection certification when launching on waterbodies that do not have an inspection program, or if the station is closed. **Complete this form prior to launching in the contest water and keep it on the vessel throughout the duration of the contest.**

Section 3: Self-Certification Questions

1. Is the fishing contest being held on the same body of water as the last water body where your vessel, trailer, and equipment were last used? (If yes, skip questions 2-5)
Yes ___ **No** ___
2. Is your vessel, trailer, and/or equipment **clean** of all mud, dirt, plants, fish, and animals inside and outside, including flushing of all live-wells, bilge areas, ballast tanks, and cooling systems?
Yes ___ **No** ___
3. Is your vessel, trailer, and/or equipment **drained** of all water, including all bilge areas, cooling systems, lower outboard units, ballast tanks, live-wells, buckets, etc.?
Yes ___ **No** ___
4. Is your vessel, trailer, and/or equipment **completely dry, or has it been completely dry since its last use**?
Yes ___ **No** ___
5. Has your vessel, trailer, and/or equipment been decontaminated (flushed throughout with 140° F water with a contact time of at least 10 seconds) since its last use?
Yes ___ **No** ___

If you answered “Yes” to question 1, OR “Yes” to questions 2, 3, and 4, OR “Yes” to questions 2, 3, and 5, you may affirm you are Clean, Drained, and Dry by completing the form below.

If you answered “No” to one or more of questions 1, 2, 3, or 4 you are not Clean, Drained and, Dry, and you must completely dry or decontaminate your vessel, trailer, and/or equipment before completing this form and participating in the contest.

Section 4: Certification

I affirm that my vessel, trailer, and/or equipment is/are clean, drained, and dry prior to participating in the

(Contest Name) _____

at (Waterbody) _____ on (Start Date) _____ (End Date) _____
