## MONITOR AND JUNIOR HUNTER SAFETY INFORMATION

The purpose of a junior hunt is to give young hunters the opportunity to hunt game in a more relaxed atmosphere and to provide them with a greater chance to bag game.

Of utmost importance is **SAFETY**. Safety is stressed at ALL times. Safety is more important than bagging game.

JUNIOR HUNTERS - Now is the time to show everything you have learned in your hunter education class!

SAFETY MONITOR - Please ask a few questions of the group:

- What do you mean by “zone of fire”?
  - The space or area into which a hunter may safely shoot.
  
- In what position should you keep the firearm safety while hunting?
  - In the “on” position until you have shouldered your gun and are pointing at your target. Never put your finger on the trigger until you are ready to shoot.
  - Remember, you are the best safety. Do not rely upon the gun’s safety because it could fail to work. Always keep the firearm pointed in a safe direction.
  
- How do you know if the firearm is loaded or unloaded?
  - You must personally check it yourself. Never take any person’s word for it - check it yourself.
  
- If you stumble or fall, when you get up what is the first thing you should do?
  - Check and make sure the gun is emptied and then check the barrel.
  
- When you do fall, what is the most important thing to do?
  - Hang on to your firearm to control the muzzle and make sure it is pointing in a safe direction.

The field you are going to hunt has been pre-planted with several pheasants. TAKE YOUR TIME. Pheasants love to hide. We want you to take at least an hour to make 2 passes through the field.

Be aware of where you are in relation to other in the group. STAY IN LINE!

If you, your dog, or accompanying adult get in front of the line and create a safety hazard, you will be asked to leave the field.

Your dog or dogs must be under control at all times. NO EXCEPTIONS! If your dog is not under control, the dog must be taken from the field by its handler.

**REMEMBER, HAVE FUN, STAY IN LINE AND KEEP IT SAFE! GOOD LUCK!**

## **The Ten Commandments of Firearms Safety:**

1. Watch that muzzle! Keep it pointed in a safe direction at all times.
2. Treat every firearm with the respect due a loaded gun.
3. Be sure of your target and what is in front of it and beyond it.
4. Keep your finger outside the trigger guard until ready to shoot .
5. Check your barrel and ammunition.
6. Unload firearms when not in use.
7. Point your firearm only at something you intend to shoot.
8. Don't run, jump, or climb with a loaded firearm.
9. Store firearms and ammunition separately and safely.
10. Don't drink alcohol, use drugs or take medications that might impair your abilities and good judgment before or while handling firearms or archery equipment.
