

## LIVESTOCK LOSS DETERMINATION

**Investigation ID:** 082422-PLU

**Date Investigated:** 8/24/22

**Cause of Death:**

- ☐ Confirmed Wolf
- ☐ Probable Wolf
- ☐ Possible Wolf
- ☐ Non-Wolf Depredation
- ☒ Non-Depredation
- ☐ Unknown

**General Area:** Eastern Plumas County, private property

**General situation and animal information:** On August 24, CDFW was alerted to a potential livestock depredation. CDFW and USDA Wildlife Services investigated the carcass that day. The calf was estimated to have died 1-2 days earlier and the carcass was in sufficient condition to allow a thorough investigation.

**Physical evidence of wolf predation:** No evidence of wolf presence (e.g., tracks, scat, etc.) was observed.

**Evidence of wolf presence near the time of the animal(s) death/injury:** No confirmed wolf presence

**Summary:** The carcass was in sufficient condition to permit a thorough investigation and there was no evidence of depredation.
