Response 1

This comment requests a hard copy of the news release for the extension of the Draft EIS/EIR public comment period. The comment period on the Draft EIS/EIR was extended; please see **Topical Response 1: EIS/EIR Public Review Opportunities**. Both the applicant and the U.S. Army Corps of Engineers (Corps) have coordinated, and continue to coordinate, with the U.S. Environmental Protection Agency (USEPA) with respect to both the proposed Project and the EIS/EIR. The comment does not address the adequacy of the environmental review provided by the Draft EIS/EIR; therefore, no further response is provided.
