**Subject:** Santa Clara River

On the Newhall Ranch project EIR and/or related documents, we need a 120 day extension to the review and comment period because the document is so large, totaling thousands of pages, some of the data seems to be inconsistent and must be researched, and experts need time to check the accuracy of the data. Please extend the comment period on these documents so a fair analysis can be conducted.

**031. E-mail from Internet Outdoors (Lloyd Wiens), dated June 11, 2009**

---

**Response 1**

In response to this and other requests, the Corps and CDFG extended the comment period for the Draft EIS/EIR. Please refer to **Topical Response 1: EIS/EIR Public Review Opportunities**.
