Re: Newhall Ranch EIR/EIS Comments

Dear Mr. Bedford,

Please grant a 120 day extension. Community members and biologists need more time to review the 16,000 page plan. The impacts of this project will affect wildlife and our communities for decades to come.

Response 1

In response to this and other requests, the Corps and CDFG extended the comment period for the Draft EIS/EIR. Please refer to **Topical Response 1: EIS/EIR Public Review Opportunities**. Please also note that Draft EIS/EIR, **Section 4.5**, Biological Resources, provides extensive analysis of the Project's impacts to wildlife. In addition, for further responsive information, please see revised **Section 4.5** of the Final EIS/EIR.
