Good Morning,

This is a brief email to express my feelings as a Los Angeles resident. I am in favor of preserving the the Santa Clara River and oppose the Newhall Land and Farming attempts to proceed with its plans to obtain an Army Corp permit.

Please consider my opinion and thank you for your time.

Tatiana Masloff, Registered Nurse

## Response 1

The Corps and CDFG appreciate the comment provided in your letter. Your opinion regarding the Santa Clara River and the proposed Project will be included as part of the record and made available to decision makers prior to a final decision on the proposed Project. However, because the comment does not address the content of the Draft EIS/EIR, no additional response is provided.
