

LIVESTOCK LOSS DETERMINATION

Investigation ID: 061823-LAS

Date Investigated: 6/18/23

Cause of Death:

- Confirmed Wolf
- Probable Wolf
- Possible Wolf
- Non-Wolf Depredation
- Non-Depredation
- Unknown

General Area: Lassen County, public land, Lassen pack area

General situation and animal information: A cow carcass was discovered on June 18, and was investigated by USDA Wildlife Services the same day.

Physical evidence of wolf predation: There were teeth marks with associated hemorrhaging of the size and location on the carcass that were consistent with a wolf attack.

Evidence of wolf presence near the time of the animal(s) death/injury: Wolf tracks were found in the area.

Summary: The cow carcass had premortem wounds that indicated the cow was killed by wolves.
