Subject: Newhall Ranch development

I strongly oppose the Newhall Ranch development plan due to environmental concerns and request that at the very least the developer give a 120 day extension to give the public time to respond at further meetings.

Response 1

In response to this and other requests, the Corps and CDFG extended the comment period for the Draft EIS/EIR. Please refer to **Topical Response 1: EIS/EIR Public Review Opportunities**. Your opinion regarding the proposed Project will be included as part of the record and made available to decision makers prior to a final decision on the proposed Project. However, because the comment does not address the content of the Draft EIS/EIR, no additional response is provided.
