

# Scheduling Decision Flow Chart

Pursuant to 14 CCR § 820.1(i), drills and exercises must be scheduled in advance by submitting the Drills and Exercises Notification form DFW 1954 to [osprdrills@wildlife.ca.gov](mailto:osprdrills@wildlife.ca.gov). Advance notice is as follows: 30 calendar days for drills, 60 calendar days for exercises and CoreVEX, and 120 calendar days for CalTriVEX.

The following will walk you through how to determine if a date is available for scheduling a drill or exercise in conjunction with the online drill calendar, located at <https://wildlife.ca.gov/OSPR/Drills-Exercises>.

## Scheduling Decision Process

Pursuant to 14 CCR § 820.1(i), drills and exercises must be scheduled in advance by submitting the Drills and Exercises Notification form DFW 1954 to [osprdrills@wildlife.ca.gov](mailto:osprdrills@wildlife.ca.gov). Advance notice is as follows: 30 calendar days for drills, 60 calendar days for exercises and CoreVEX, and 120 calendar days for CalTriVEX.

The following will walk you through how to determine if a date is available for scheduling a drill or exercise in conjunction with the online drill calendar, located at <https://wildlife.ca.gov/OSPR/Drills-Exercises>.

1. Does your date have a previously scheduled event in your region? If **yes**, go to number 2. If **no**, go to number 3.
2. Your date is not available, choose a different date.
3. Your date may be available. If scheduling a **drill**, go to number 4. If scheduling an **exercise**, go to number 5.
4. Are there two drills scheduled that week for your region? If **yes**, go to number 2. If **no**, go to number 6.
5. Are there two exercises scheduled that week for your region? If **yes**, go to number 2. If **no**, go to number 6.
6. Your date should be available, fill out and submit a DFW 1954 to schedule your drill or exercise.
