COMMENTS

I know as a young person my opinion may not be very important to you, however as President of the GREEN CLUB at West Ranch High School I am completely against the Newhall land development. I have grown up in Castaic & during my 17 yrs in the Santa Clarita Valley I have seen the change of this valley because of Newhall land and farm, and it breaks my heart to see this continuation of developments all over SCV because I know that if these developments continue to be approved that the Santa Clarita that I know and love will be gone when my generation grows up. As a member I ask that you preserve the Natural wonders of this river for my generation & the younger generation.

ROUTINE USES: Utilized for determining attendance at Public Meetings, determining who desires to speak at Corps Public Meetings and developing mailing lists for various Corps studies.

TURN OVER

because it is selfish to rob my generation of
the wildlife ~~a~~ that you yourself were allowed^(Cant)
to experience! We do not need more housing
in this area; the houses that have already
been built here are not telling us what
makes anyone think these new ones will be
~~want~~ needed? So I would like you to think about
these issues and think about younger generations
when you make your decision & I hope you make
the right one!

Thank you!
