141. Public Hearing Comment Card from Rudy Ortega

Response 1

Thank you for your cooperation in protecting tribal resources. This comment provides information about the 2007 "Memorandum of Agreement" between the Fernandeano Tataviam Band of Mission Indians (Tataviam) and the applicant, which outlines specific cultural enhancement programs that are to be implemented, and indicates that Tataviam archaeological monitors would be retained during grading and development of Newhall projects, including the development facilitated by the Resource Management and Development Plan (RMDP) and Spineflower Conservation Plan (SCP) components of the proposed Project. This agreement is discussed in Draft EIS/EIR **Section 4.10**, Cultural Resources. In addition, for further responsive information, please see revised **Section 4.10** of the Final EIS/EIR. Because this comment does not raise any specific issues regarding the analysis provided in the Draft EIS/EIR, no further response is provided. The comment will be included in the record and made available to decision makers prior to a final decision on the proposed Project.
